Welcome

21st Century Policing Report Overview

Pillar 3 – Technology & Social Media

Pillar 5 – Training and Education

21ST Century Policing

Jacqueline Bailey-Davis, M. Ed.
Police Captain
Philadelphia Police Department (PPD)
PPD Liaison –Department of Justice

Overview of 21st Century Policing

- 2014- President Barack Obama- Presidential Task Force on 21st Century Policy (PTF)
- Police Commissioner Ramsey- Co-Chair
- 2015- Report
- 61 recommendations
- 2015 DOJ Collaborative Reform
- 91 recommendations
- Dual matrix
- 2016 Police Commissioner Ross

Pillar 3.1

- The U.S. DOJ, in consultation with the law enforcement field, should broaden the efforts of the National Institute of Justice to establish national standards for the research and development of new technology. These standards should also address compatibility and interoperability needs both within law enforcement agencies and across agencies and jurisdictions and maintain civil and human rights protections.

- Body Worn Camera (BWC)
- Digital Evidence Management System (DEMS)
- Departmental Directive

Pillar 3.2

- The implementation of appropriate technology by law enforcement agencies should be designed considering local needs and aligned with national standards.

- Collaborative Effort
- Police Community Oversight Board
- Police Advisory Commission
- Police District Advisory Commission (PDAC)
- Town Watch
- Organized Community Groups

Pillar 3.3

- The U.S. DOJ should develop best practices that can be adopted by state legislative bodies to govern the acquisition, use, retention, and dissemination of auditory, visual, and biometric data by law enforcement.
- Body Worn Camera tool kit

- ACLU-Pedestrian Investigations
- BWC-Taser Axon-2014
- 22nd District (238)+ add'l 300
- Footage Tagged- Arrest, Crime Scene, & CAP
- Audit Trail
- Title/ID- 16 characters
- Video Data Form
- Evidence.com
- Commander-Cloud
- Access –Det/DA's Office
- Training for BWC
- Sync App for MDT
- Temple University study

Pillar 3.4

- Federal, State, local, and tribal legislative bodies should be encouraged to update public record laws.

- 2009-PA-Right to Know Law
- PPD-RTK Directive 8.14
- PPD- 5 day response
- Reports redacted
- Special Victim's Unit

Pillar 3.5

- Law enforcement agencies should adopt model policies and best practices for technology-based community engagement that increases community trust and access.

- PPD transparency & accessibility
- PPD website
- PPD Facebook
- PPD Twitter
- PPD Instagram
- DVIC-SMIST
- Public Affairs-PIO

Pillar 3.6

- The Federal Government should support the development of new "less than lethal" technology to help control combative suspects.

- Directives 10.2 & 10.3
- Electronic Control Weapon (ECW)
- ASP/Baton
- OC Spray

Pillar 3.7

- The Federal Government should make the development and building of segregated radio spectrum and increased bandwidth by First Net for exclusive use of local, state, tribal, and federal public safety agencies a top priority.
- Digital Vehicle Repeater System

Pillar 5.1

- The Federal Government should support the development of partnerships with training facilities across the country to promote consistent standards for high quality training and establish training innovation hubs.

- Homeland Security Bureau
- Delaware Valley Intelligence Center (DVIC)
- Temple University (BWC)

Pillar 5.2

- Law enforcement agencies should engage community members in the training process.

- T.E.S.B. (Recruit & In-service)
- Civilian Police Academies (CPA)
- PSA (Police Service Area) meetings
- PSA Public Service Announcements

Pillar 5.3

- Law enforcement agencies should provide leadership training to all personnel throughout their careers.

- FDP- new personnel
- MAGLOCLEN
- POSIT-Penn State
- PERF
- Northwestern
- FBI-National Academy
- POLEX
- Police Leadership-Temple
- Tuition Assistance

Pillar 5.4

- The U.S. DOJ should develop, in partnership with institutions of higher education, a national postgraduate institute of policing for senior executives with a standardized curriculum preparing them to lead agencies in the 21st century.

- POSIT-Penn State
- PERF
- Northwestern
- NA-FBI
- POLEX
- NEI
- SPI

Pillar 5.5

- The U.S. DOJ should instruct the Federal Bureau of Investigation to modify the curriculum of the National Academy at Quantico to include prominent coverage of the topical areas addressed in this report. In addition, the COPS Office and the Office of Justice Programs should work with law enforcement professional organizations to encourage modification of their curricula in a similar fashion.

- PPD-Collaborative Reform-Technical Assistance
- Developed & modified Use of Force, CIT, ECW BWC, RBT, etc.

Pillar 5.6

- POSTs should make Crisis Intervention Training (CIT) a part of both basic recruit and in service officer training.

- PPD currently utilizes the following:
- CIT & re-cert class
- ECW
- Recruit & In-service
- Recruits do not get ECW until they return to training on a first come and first served basis

Pillar 5.7

- POSTs should ensure that basic officer training includes lessons to improve social interaction as well as tactical skills.

- Reality-Based Training
- De-escalation
- Commendation-Medal of Tactical De-escalation

Pillar 5.8

- POSTs should ensure that basic recruit and in-service officer training include curriculum on the disease of addiction.

- T.E.S.B.
- Employee Assistance Program (EAP)
- Naloxone Curriculum

Pillar 5.9

- POSTs should ensure both basic recruit and in-service training incorporates content around recognizing and confronting implicit bias and cultural responsiveness.

- Fair and Impartial Policing
- Training of Trainers (TOT)
- Procedural Justice Curriculum

Pillar 5.10

- POSTs should require both basic recruit and in-service training on policing in a democratic society.
- Fair & Impartial Policing Curriculum
- Procedural Justice Curriculum

Pillar 5.11

- The Federal Government, as well as state and local agencies, should encourage and incentivize higher education for law enforcement officers.
- Tuition assistance
- Promotional points for higher learning

Pillar 5.12

- The Federal Government should support research into the development of technology that enhances scenario based training, social interaction skills, and enables the dissemination of interactive distance learning for law enforcement.

- T.E.S.B.
- RBTU
- RBT Curriculum

Pillar 5.13

- The U.S DOJ should support the development and implementation of improved Field Training Officer (FTP) programs.

- Field Development Program
- PLEAC- Pennsylvania Law Enforcement Accreditation Commission (2015)

Regional Forum Northeast Pennsylvania
PA Chiefs of Police Association
Local Technology Workgroup Programs

- Offender Identification Technologies
  - Central Booking
- Livescan
- CPIN
- Video
- Dedicated Staff
- Central or Regional secure Location
- ACT 81 Plan to fund operation

Regional Forum Northeast Pennsylvania
PA Chiefs of Police Association
Local Technology Programs

Upgrade to All-in-One using existing CPIN cabinet

All-in-One with new cabinet

Video Conferencing with new cabinet

Regional Forum Northeast Pennsylvania
PA Chiefs of Police Association
Local Technology Programs

Key Benefits

- Verify arrested persons past criminal history through fingerprinting
- Add current arrest information
- Capture and record finger and palm print, facial images, scars, marks, tattoos, etc.
- electronically transmits all data to PSP central repositories, Web CPIN, AFIS, CCHRI, Facial Recognition System
- Present all information to the District Justice for preliminary arraignment while the arrestee is being held
- Allows the officer to immediately return to patrolling his community

Regional Forum Northeast Pennsylvania
PA Chiefs of Police Association
Local Technology Programs

- increase public safety and productivity by verifying suspects identity and returning officers to patrol
- running records against state and federal databases for increased homeland security
- saves money on offender transportation
- saves money on booking staff salaries – officer pay vs. civilian employee
- saves time spent waiting for preliminary arraignment

Uses of Video in Justice System

- High Level Justice Process*

- Opportunities**

•See http://criminal.lawyers.com/The-Criminal-Justice-Process.html for more detailed explanation

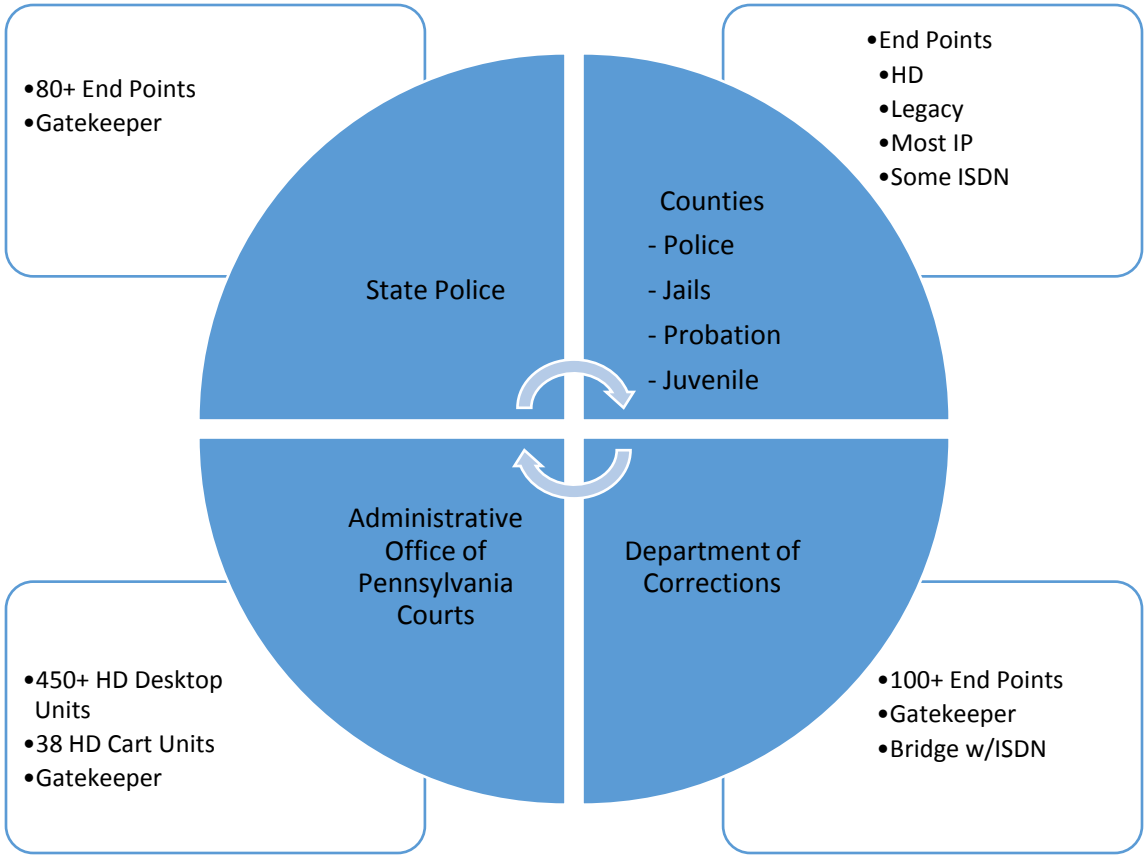
** See http://img.en25.com/Web/PolycomInc/WP-Telejustice-at-Work_Sept09.pdf for more details on how video works in Justice

Current Equipment and Use in PA

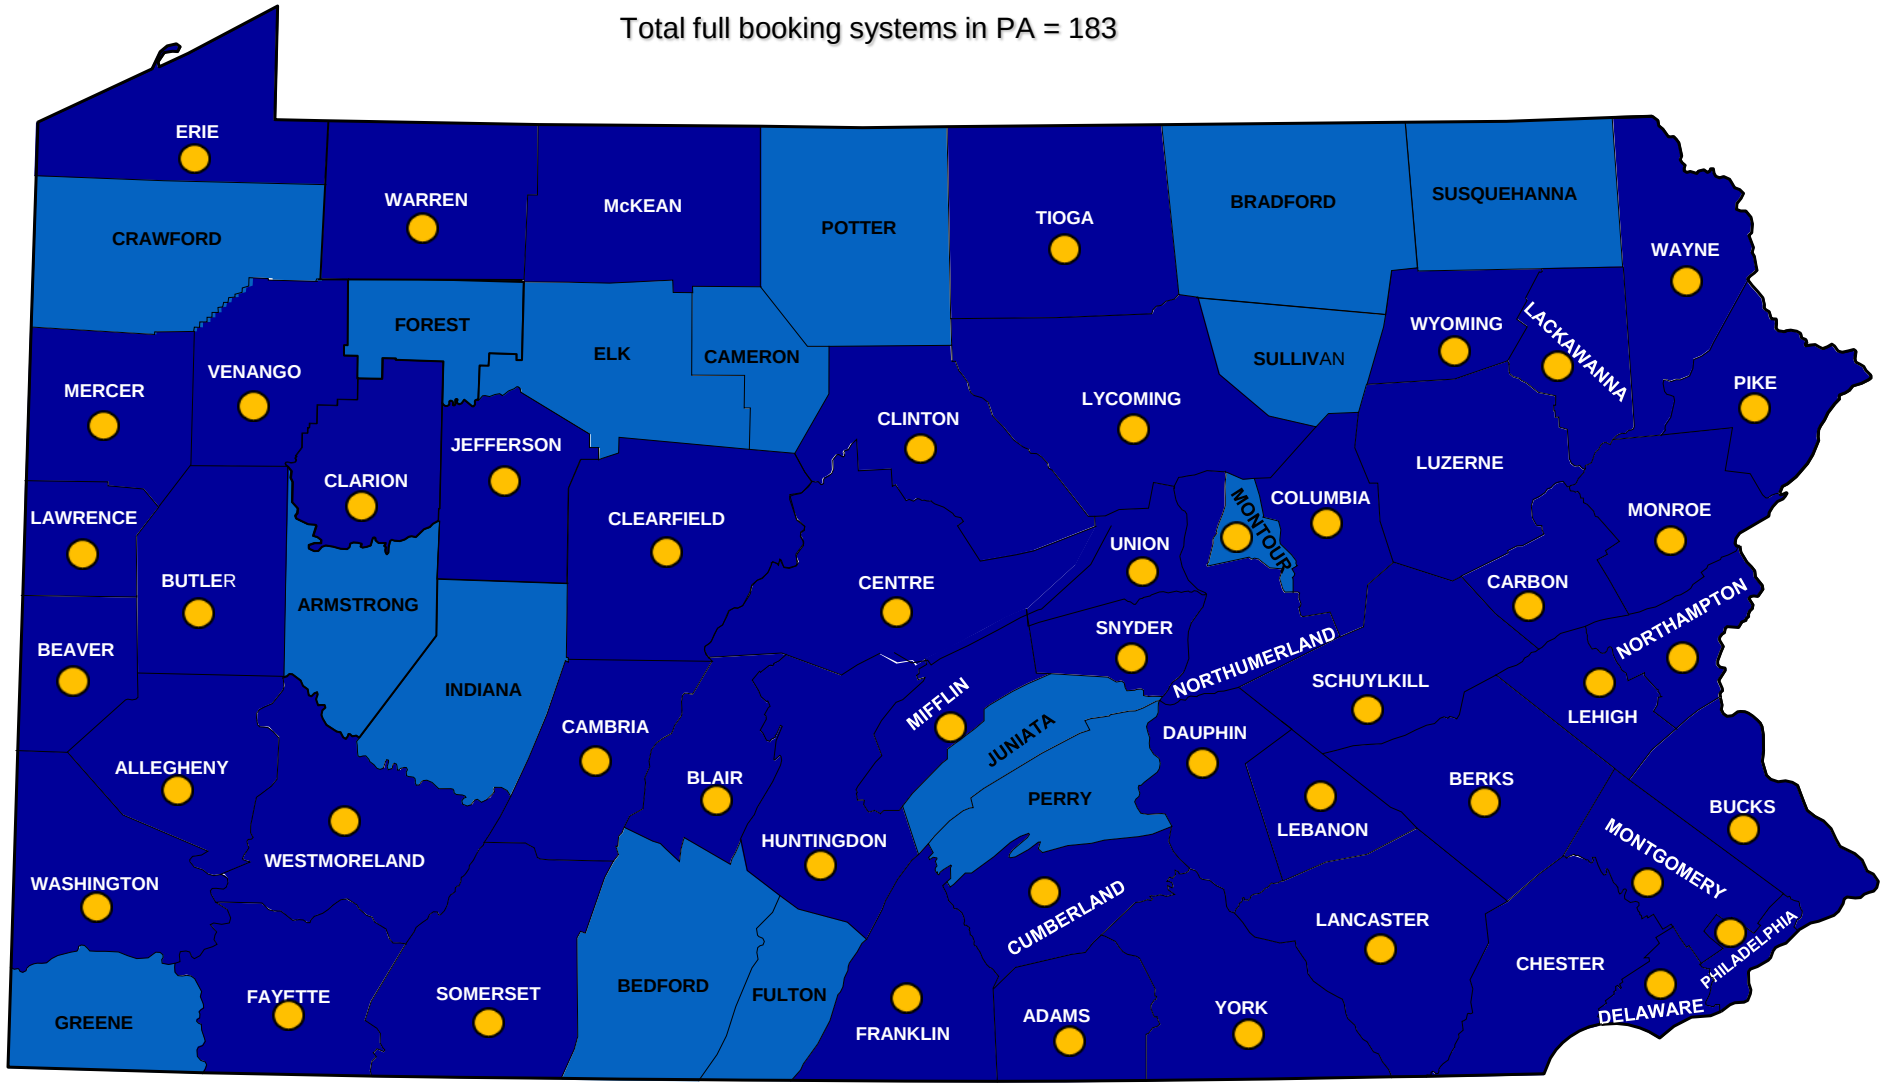
Uses

- Preliminary Arraignment
- Bail
- Search Warrants
- Arrest Warrants
- Miscellaneous Hearings
- Expert Witness
- Civil Proceedings
- Probation
- Juvenile
- Immigration
- Meetings
- Training

Equipment



Total full booking systems in PA = 183



Has at least one full hand Livescan & CPIN booking system (Act 81 compliant)

Does not have full booking system or no equipment at all

Has an Act 81 approved countywide central booking plan (48)

For more information about Central Booking

Email: jmiller@pachiefs.org

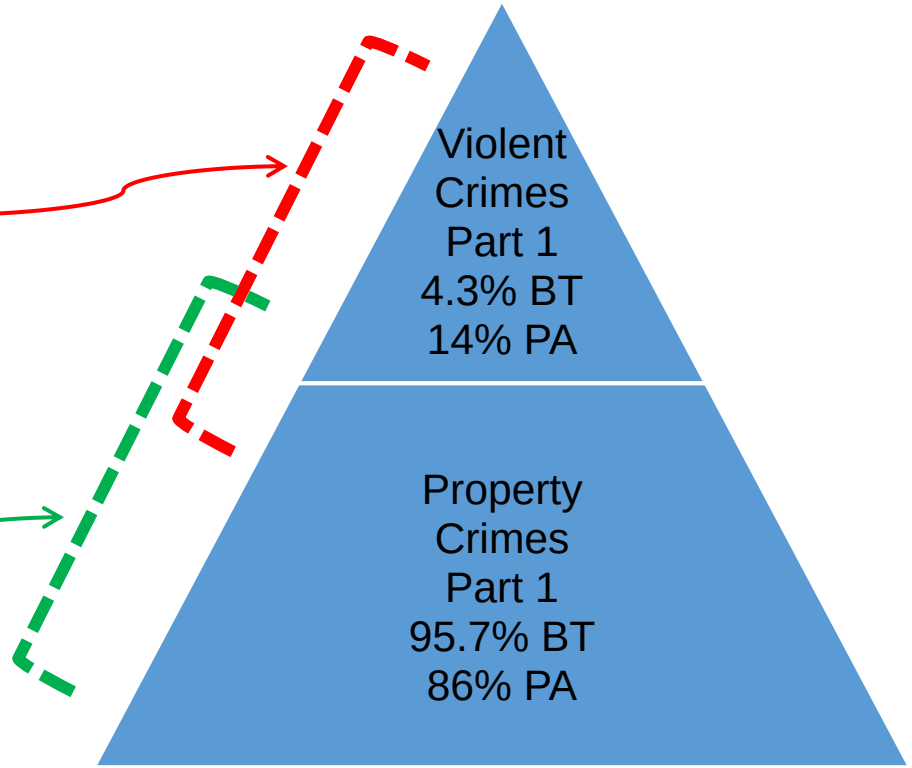
Rapid DNA

Regional Forum Northeast Pennsylvania
PA Chiefs of Police Association
Local Technology Programs

Complement Services from Government Forensic Labs

Government DNA LABS

Local Agencies



Focus of Program

- All sworn personnel trained in processing scenes for DNA with emphasis on narcotics and property crimes
- Adoption of new philosophy using DNA as an investigative tool
- Officers & Investigators play the biggest roles in collections

"BLIND HIT"

- Cases being BLIND HITS where no other investigative leads available
- At the time of the crime being reported zero solvability
- Case remained "active UCR" with no follow-up
- Only factor leading to arrest or closure was DNA

Information Systems and Info Sharing

- Law Enforcement Justice Information Sharing (LEJIS)

Law Enforcement Justice Information System

Overview Presentation

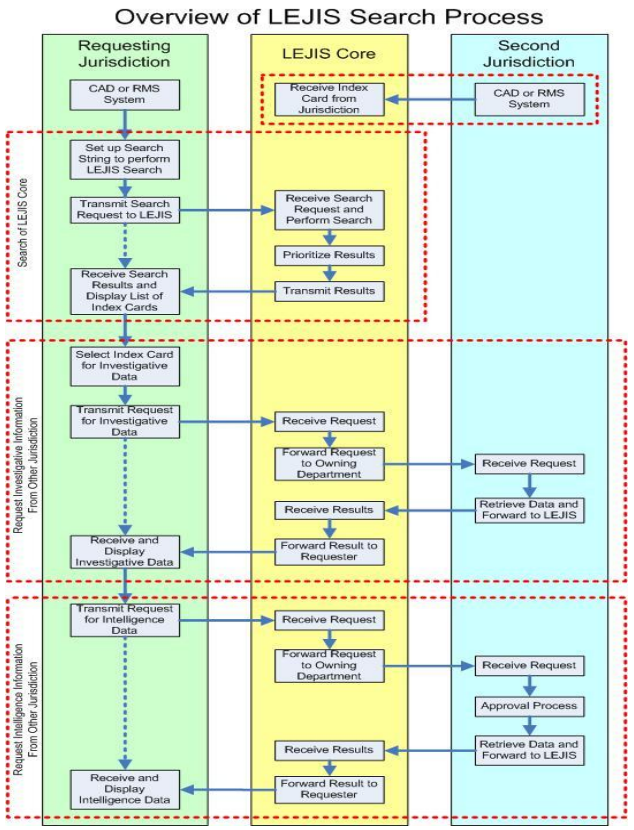
LEJIS – Introduction

- Project Goals
  - Increased Officer and Public Safety
  - Improved Decision Making Abilities at the Local Level
  - Reduction of Redundancy in Justice Information Handling

- LEJIS Mission
  - To provide relevant data, in real time, to law enforcement
  - Agencies maintain their individual records management systems (RMS)
  - Contributing agencies control data to be shared
  - Select data are automatically uploaded to central core server
  - Data is available for search only by authorized users.

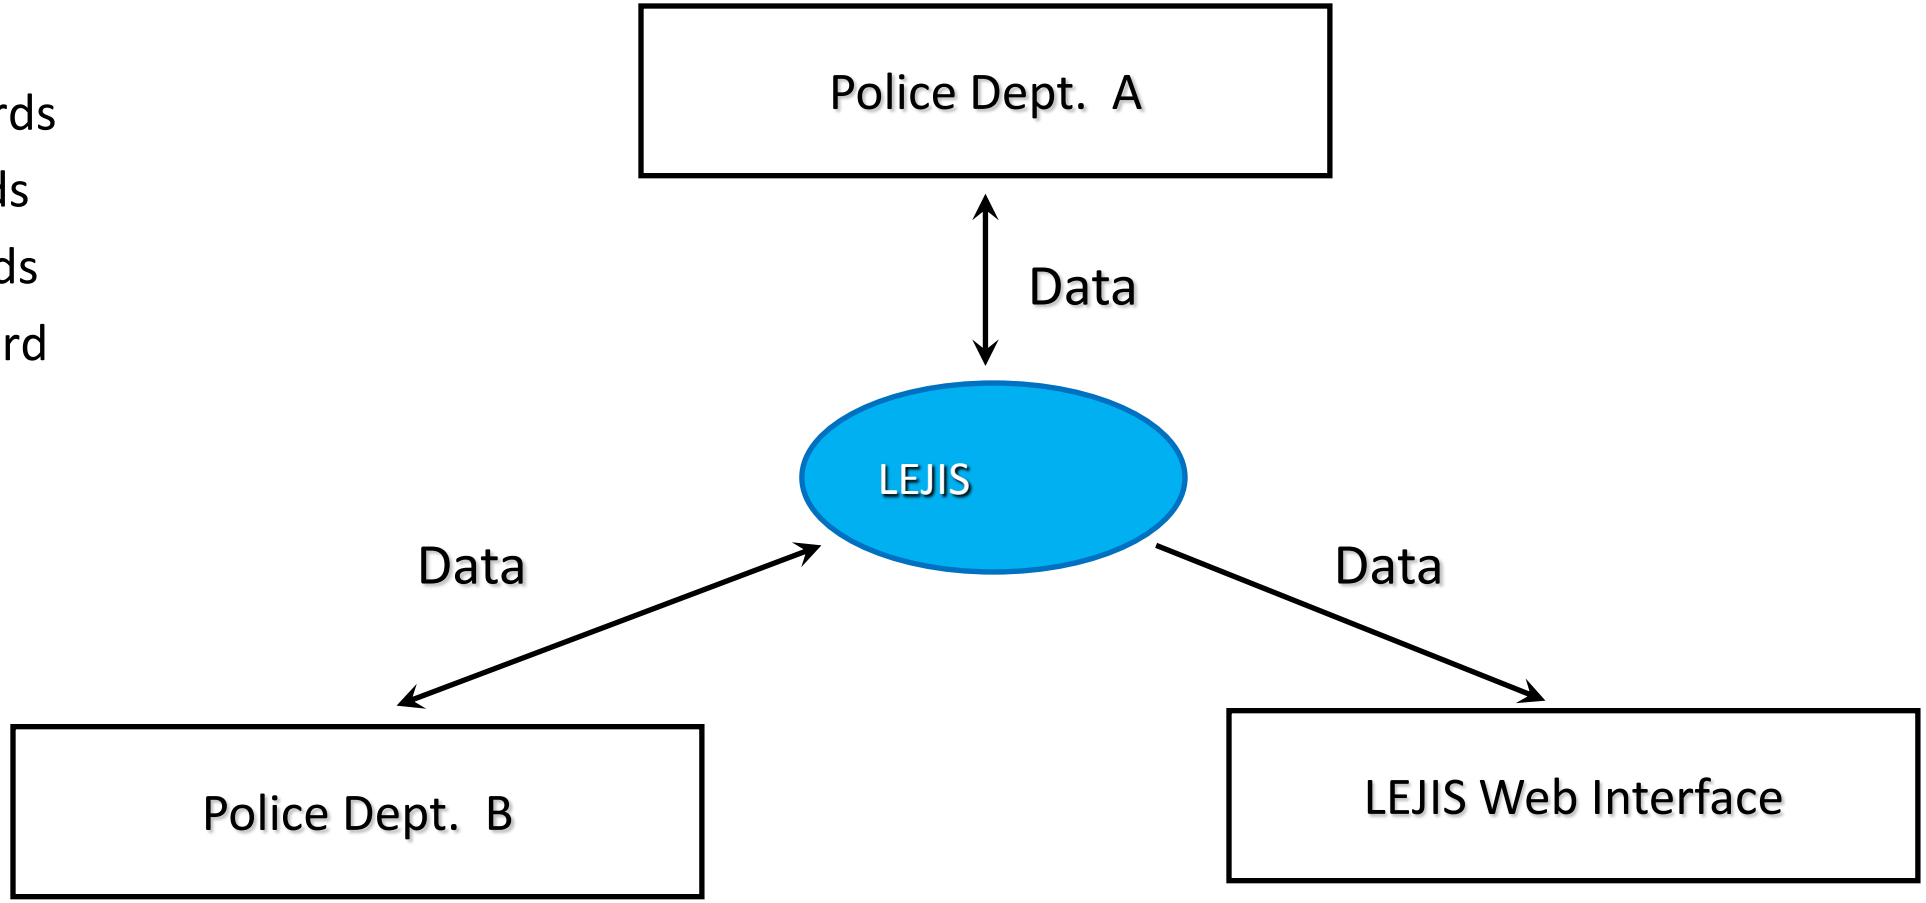
LEJIS – Introduction

- Increase Officer and Public Safety
  - Field officers conduct regional searches in the field
  - County Sheriffs serving warrants can review subject and address history
- Improve Criminal Investigations
  - Provide ability to search regional index
  - Facilitate cross-jurisdictional investigations



LEJIS - Approach

- LEJIS = pointer index system like library card catalog
  - Incident cards
  - Person cards
  - Vehicle cards
  - Property card



LEJIS – Status and Successes

- Reporting and Evaluation Metrics
  - Police System Vendors participating = 5
  - Connected Law Enforcement Agencies = nearly 340
  - Integration Philadelphia Police Dept. = Complete
  - Integration of Pittsburgh Bureau of Police = Complete
  - Incident Records in LEJIS index = 14.5 million
  - 5,000 Incident Records submitted daily
  - 1,200 Index Queries daily
  - LEJIS Web Interface Available through the JNET Portal to all departments across the Commonwealth
  - Search integrated and accessible to HIDTA

LEJIS – Status and Successes

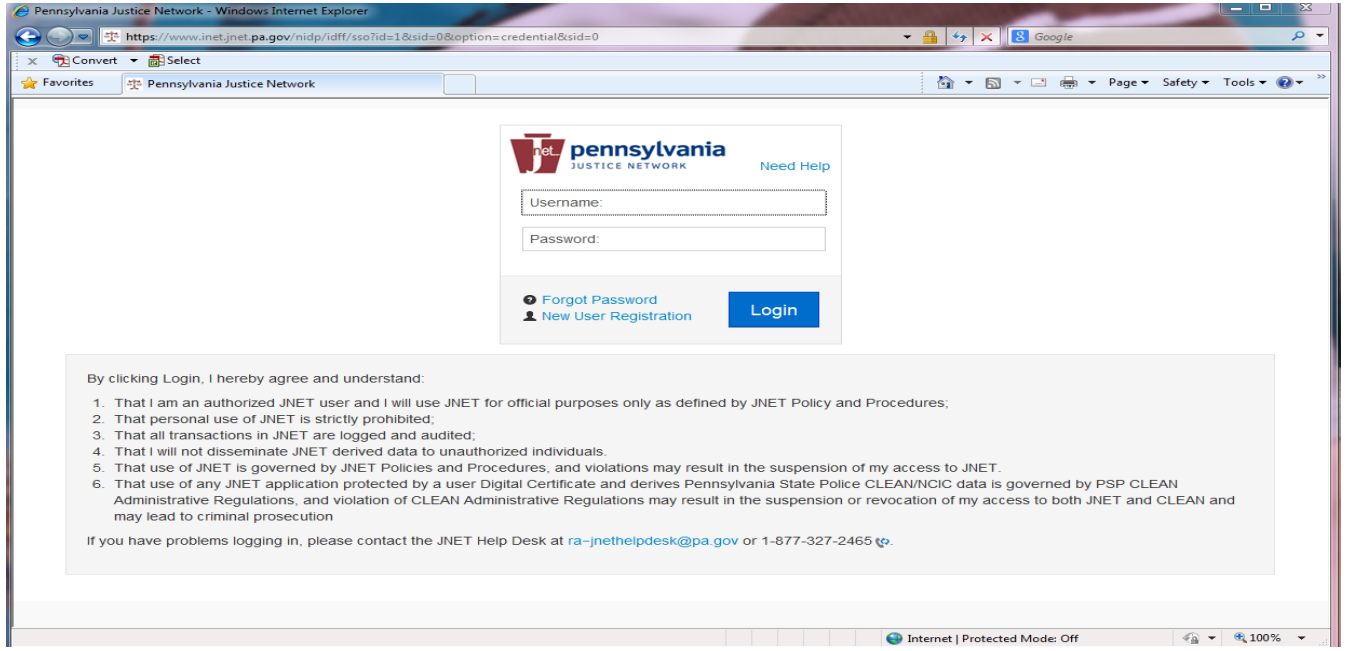
- Reporting and Evaluation Metrics
  - LEJIS has now integrated 31% of the municipal departments in PA covering > 50% of the population.
  - ****LEJIS is now being used in nearly 2/3 of PA's counties****
- LEJIS users surveyed provided 33 ways LEJIS contributed to public safety in their jurisdictions

LEJIS – 2016

- News
  - LEJIS Web Interface has transitioned to new JNET Portal (JNET VPN no longer required)
  - LEJIS Web Services to departments has transitioned to the open internet from JNET VPN
- Objectives
  - Sustain current LEJIS Core
  - Sustain active connects and participation of 340+ law enforcement agencies
  - Submit data to N-DEx

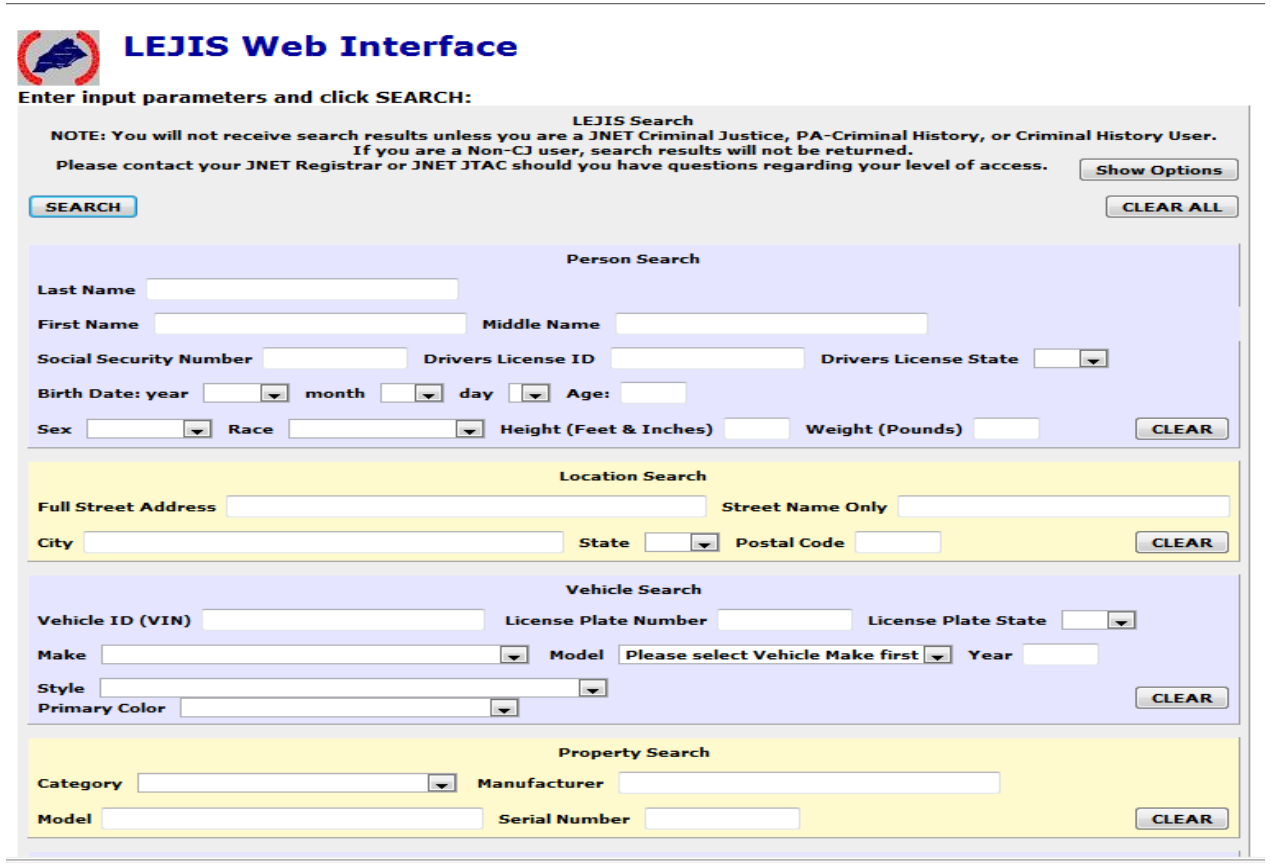
LEJIS Web Interface (LWI)

- JNET Portal Location
  - https://www.jnet.pa.gov/
  - Applications
  - Justice Data
  - LEJIS



LEJIS Web Interface (LWI)

- Search on Person, Location, Vehicle or Property



LEJIS – Outreach and Visibility

- We are more than willing to discuss your departments participation with LEJIS
- We are soliciting additional state/federal grant funds to spread LEJIS across the Commonwealth
- Thanks to our PA State partners – JNET, EDC, PDAA, PCCD, PEMA, AOPC

Contact Information

  - Phone: *610-344-4040*

JNET Facial Recognition System
JFRS

Regional Forum Northeast Pennsylvania
PA Chiefs of Police Association
Local Technology Programs

Facial Recognition

- Web based –accessed through JNET
- Typical users-investigators/detectives
- For access, users must attend a 1-day hands-on training session
- Features three search engines-NEC, Cognitec & MorphoTrust

Regional Forum Northeast Pennsylvania
PA Chiefs of Police Association
Local Technology Programs

- **The Facial Recognition technology is only an investigative tool to get you a candidate list.**

- **JFRS is NOT positive identification.**

- **JFRS Investigative Search is a tool to be used in conjunction with other investigative methods.**

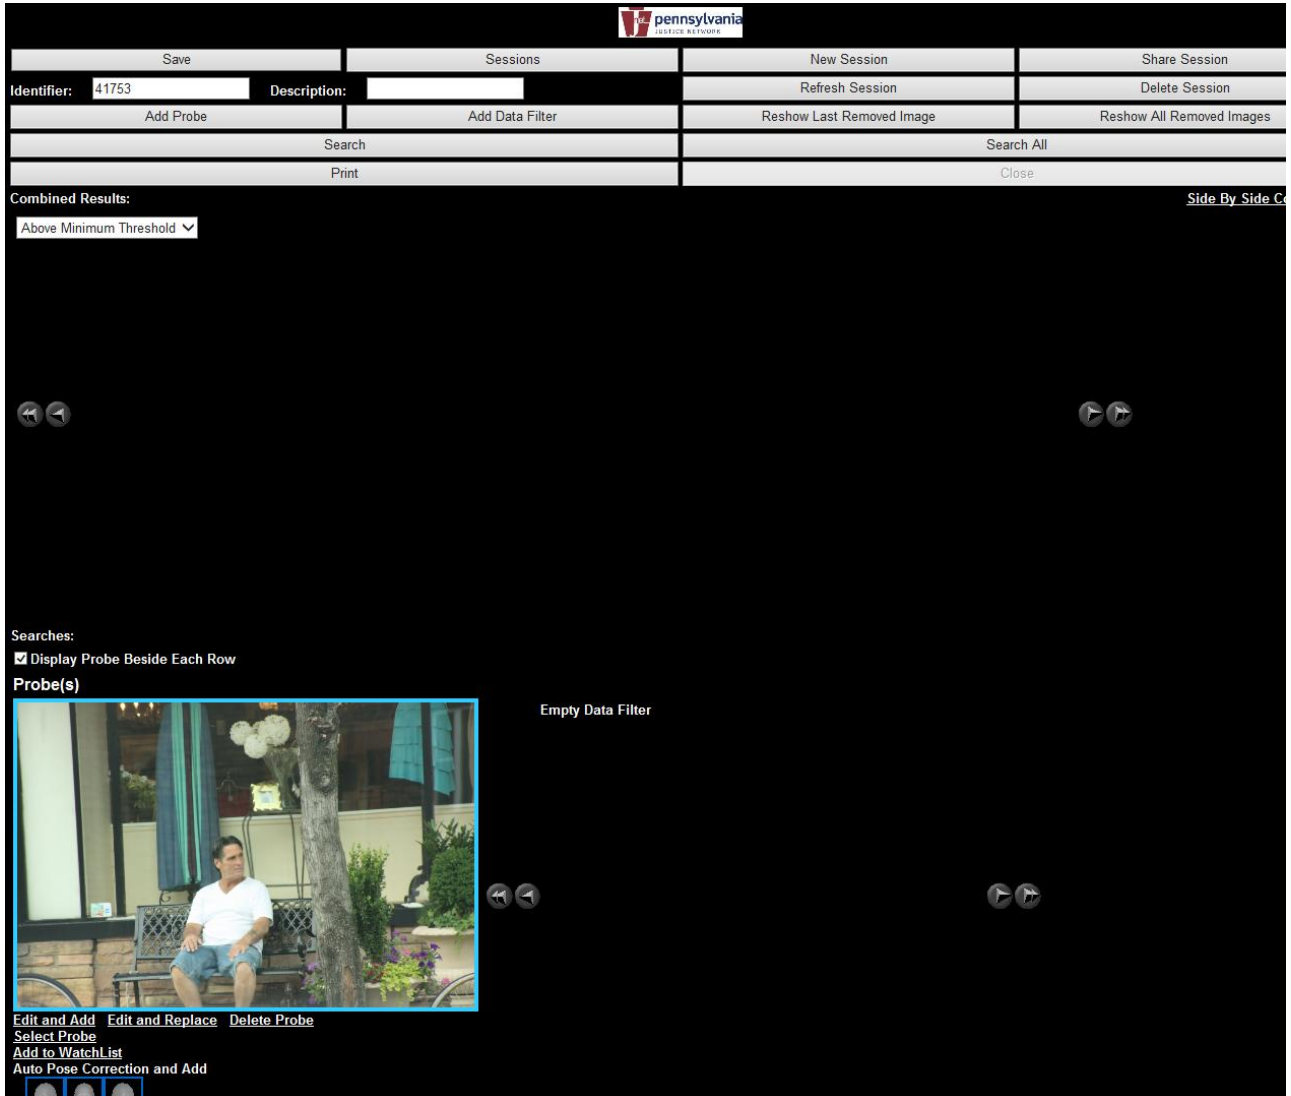
Regional Forum Northeast Pennsylvania
PA Chiefs of Police Association
Local Technology Programs

Arrest Photos	2.9 mm
State & County Probation	405,853
State & County Corrections	943,206
Total images searched by NEC and Cognitec	4.25 mm
PennDOT driver photos searched using their search engine	52 mm
JFRS Searching a universe of over images	56 mm

Regional Forum Northeast Pennsylvania
PA Chiefs of Police Association
Local Technology Programs

Regional Forum Northeast Pennsylvania
PA Chiefs of Police Association
Local Technology Programs

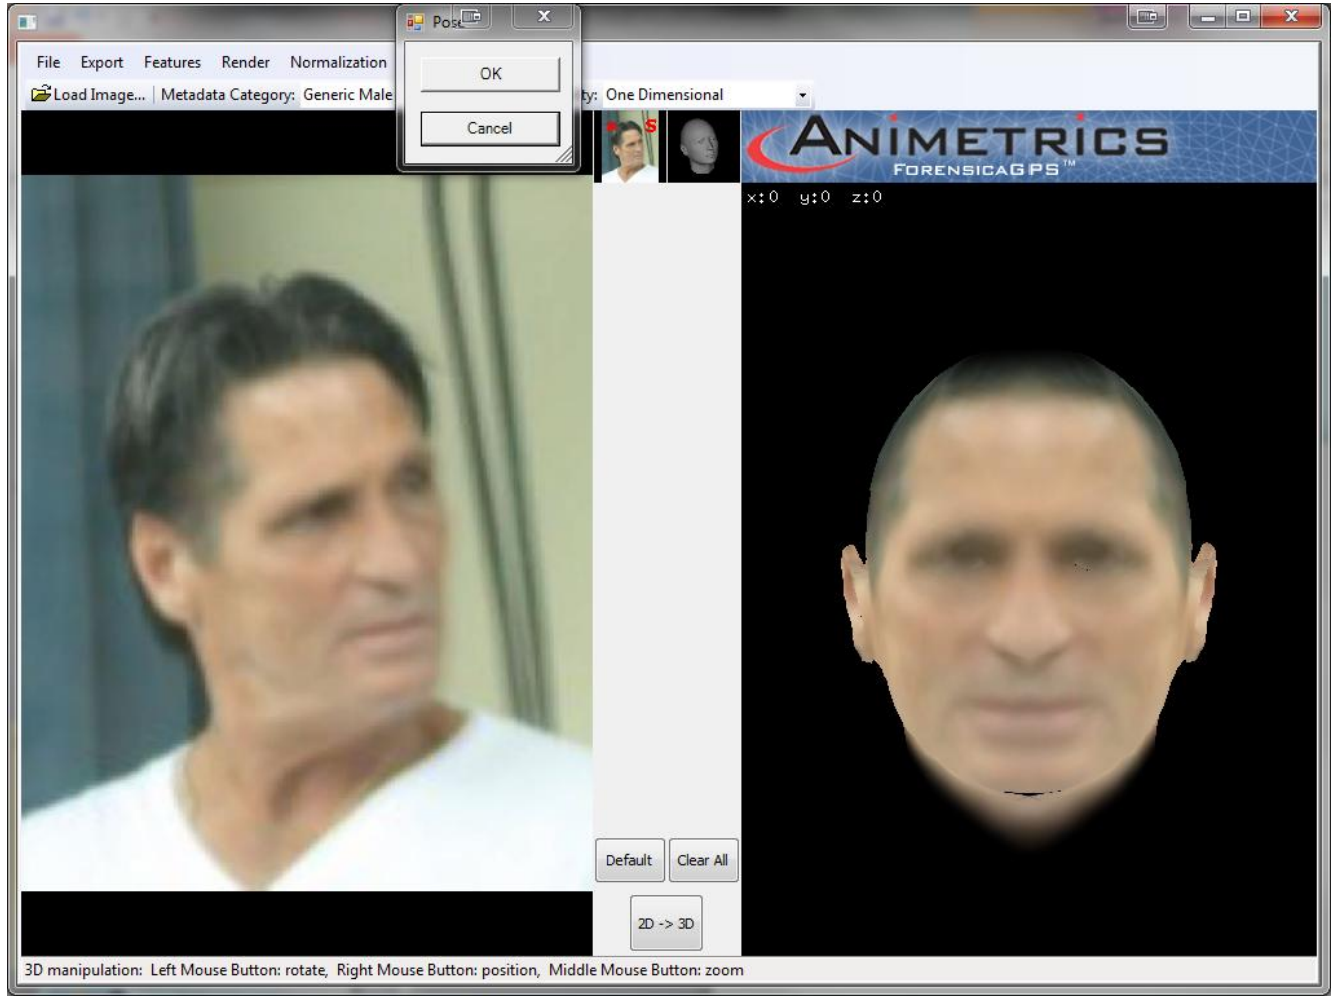
User Interface



Images are uploaded into the JFRS UI. They can be cropped and adjusted using edit tools that are built into the software.

Regional Forum Northeast Pennsylvania
PA Chiefs of Police Association
Local Technology Programs

3D Pose Correction

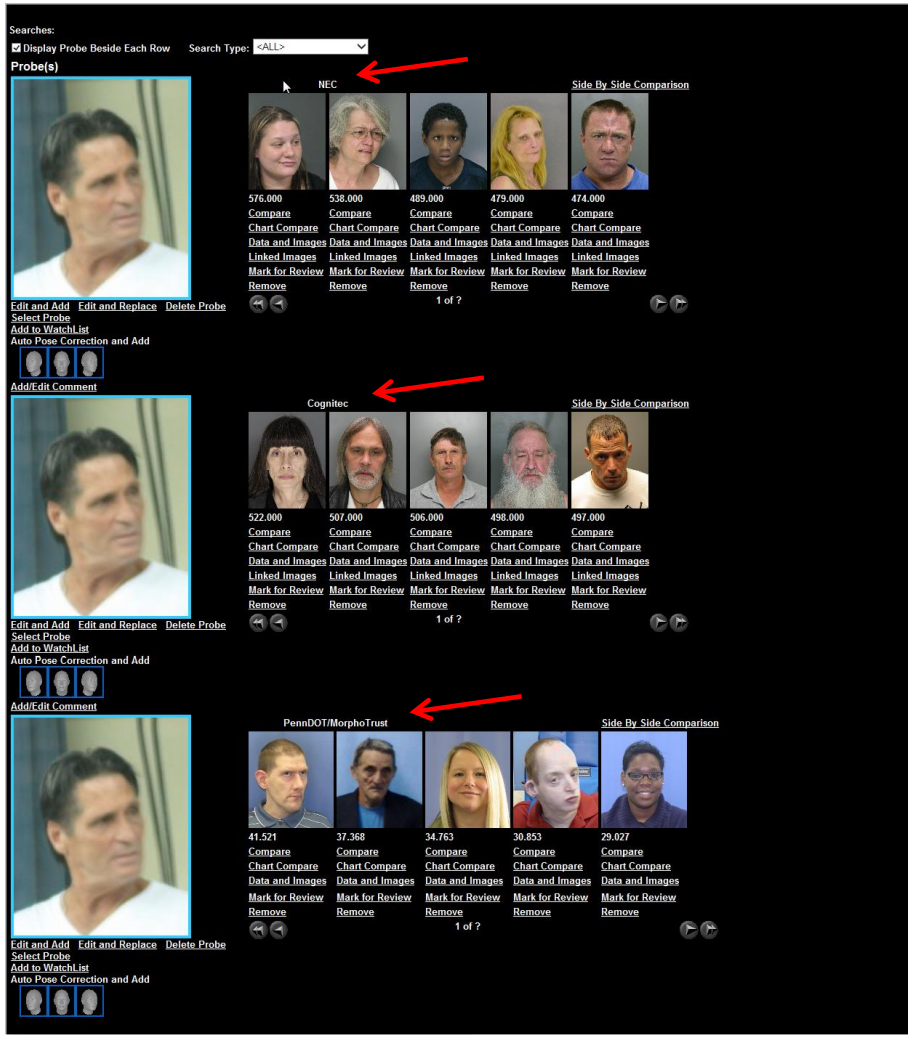


The integrated pose correction tool allows users to create a 3D model of the face.

Regional Forum Northeast Pennsylvania
PA Chiefs of Police Association
Local Technology Programs

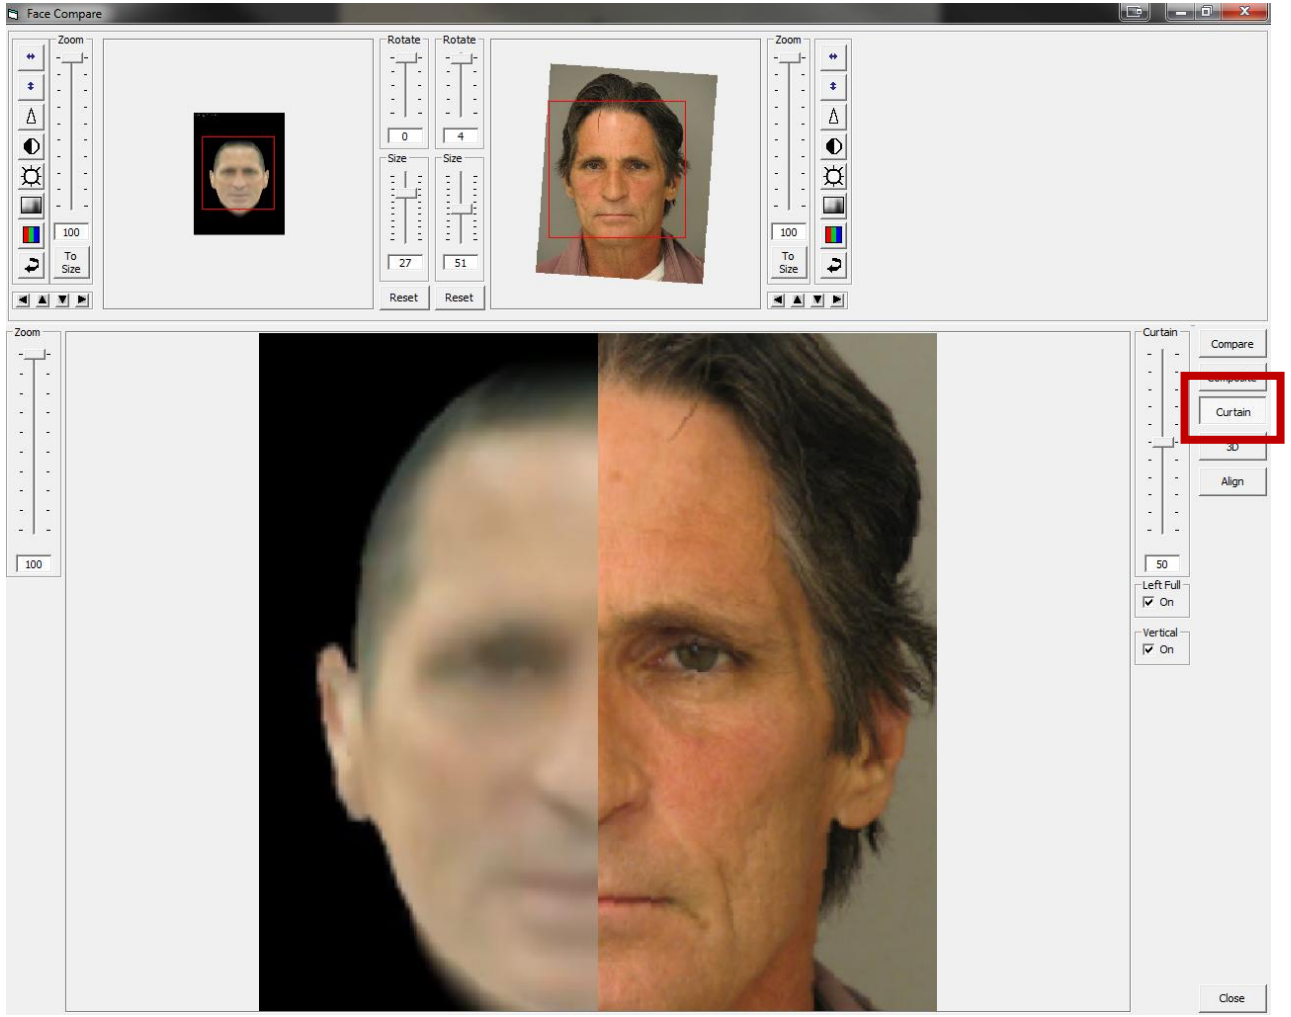
Search
Results

Results are displayed by search engine and are sorted by a score (algorithm of the faceplate).



Regional Forum Northeast Pennsylvania
PA Chiefs of Police Association
Local Technology Programs

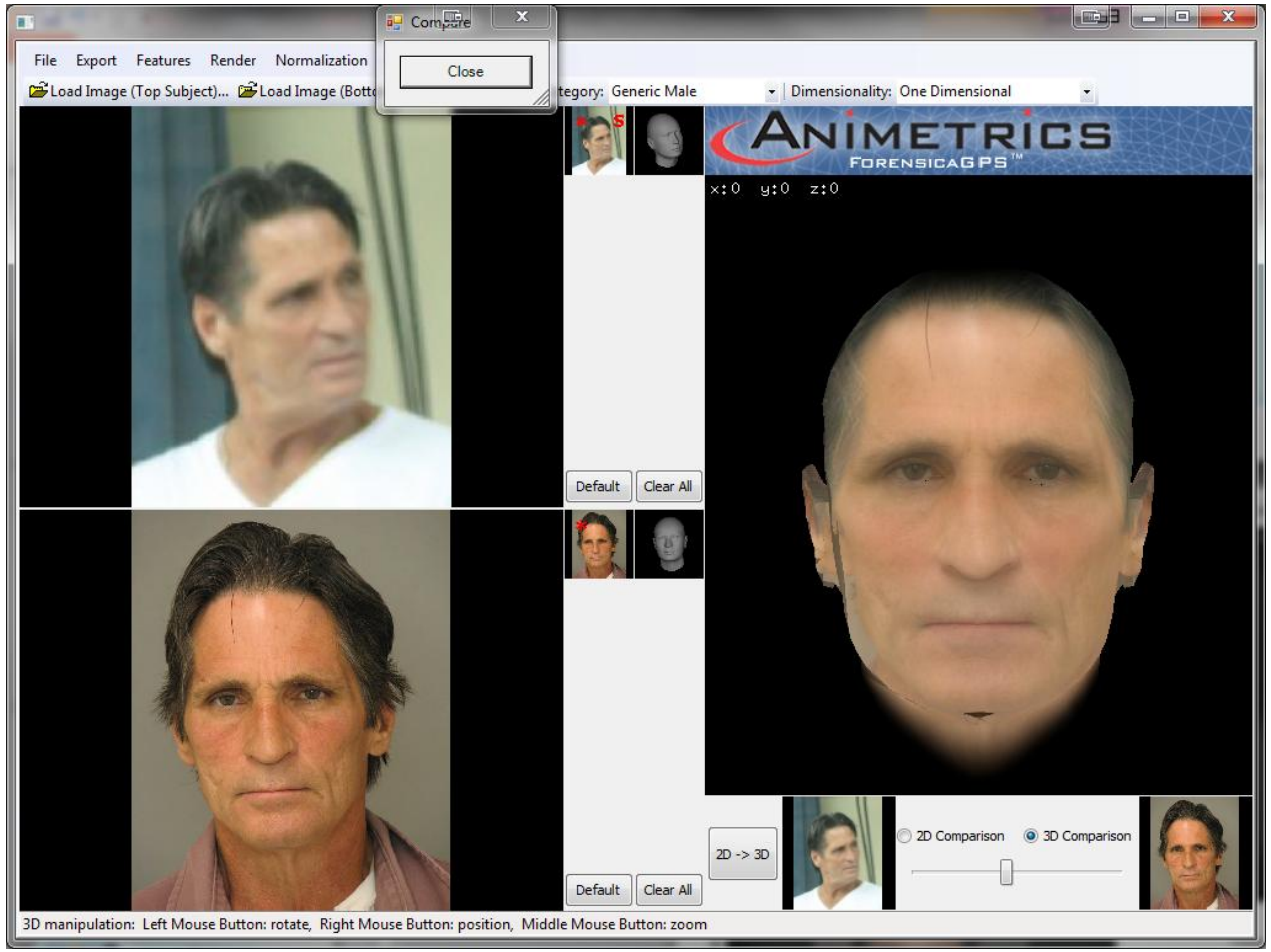
Comparison Tools



The comparison tools provide several comparison options including horizontal and vertical curtain view

Regional Forum Northeast Pennsylvania
PA Chiefs of Police Association
Local Technology Programs

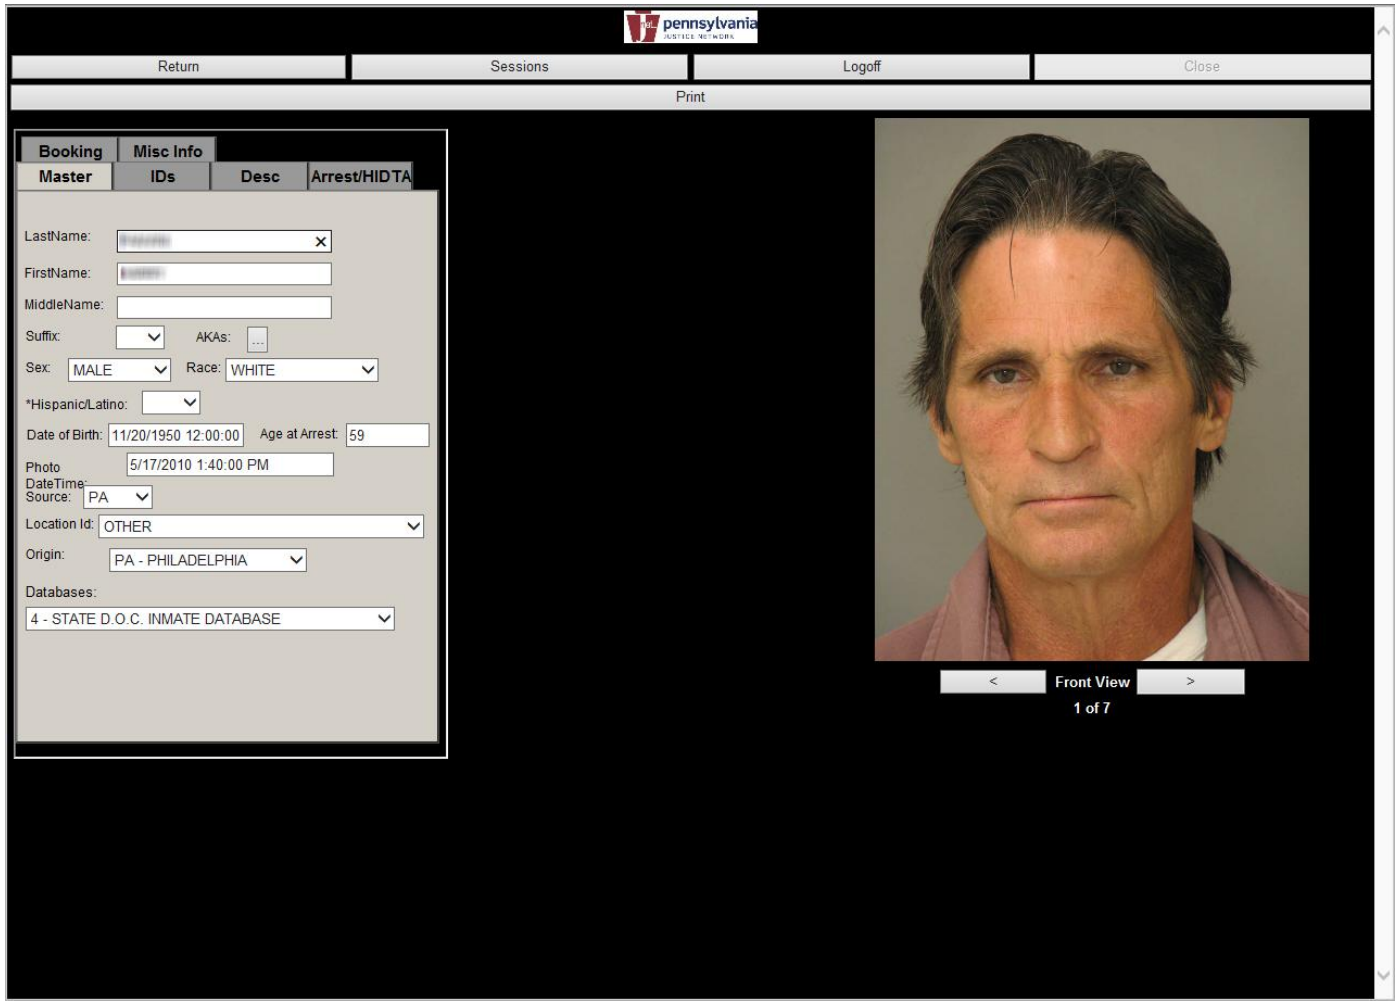
3D Compare



3D compare allows users to compare images that may not be face forward.

Regional Forum Northeast Pennsylvania
PA Chiefs of Police Association
Local Technology Programs

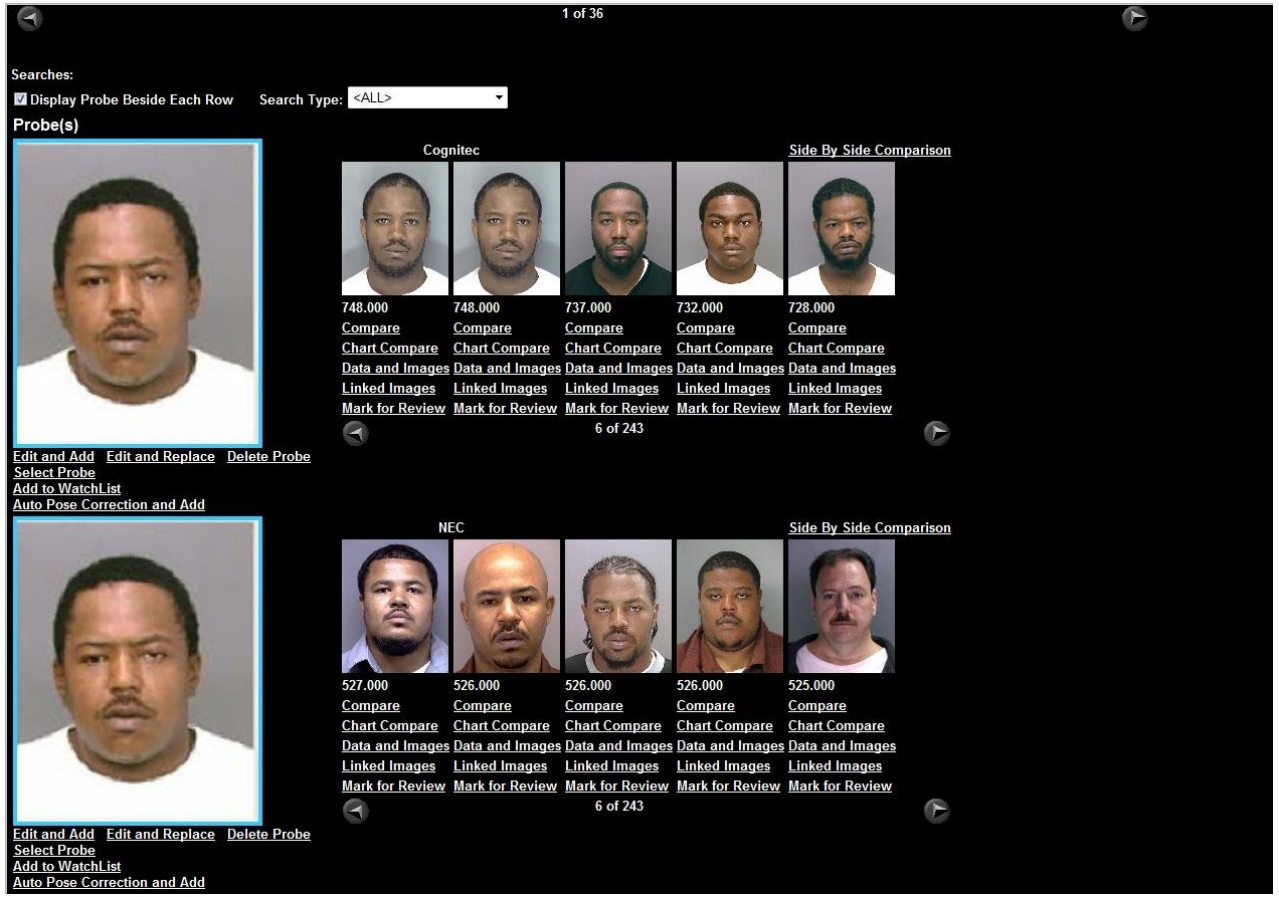
Data and Images



A link to Data and Images allows users to view all booking images including tattoos as well as all the demographic data entered at the booking center.

Regional Forum Northeast Pennsylvania
PA Chiefs of Police Association
Local Technology Programs

Watch List



If there are no likely candidates, the image can be enrolled on the watch list. A lights-out search is run against all new arrests.

Regional Forum Northeast Pennsylvania
PA Chiefs of Police Association
Local Technology Programs

Mobile Application

The facial recognition application can be accessed on agency approved and authorized smart phones or tablets.

Mobile Application

Images can sent from a mobile device. The system performs lights out search. An email with a link to the results is sent to the mobile device.

Success Stories

The system does well with fraudulent IDs.

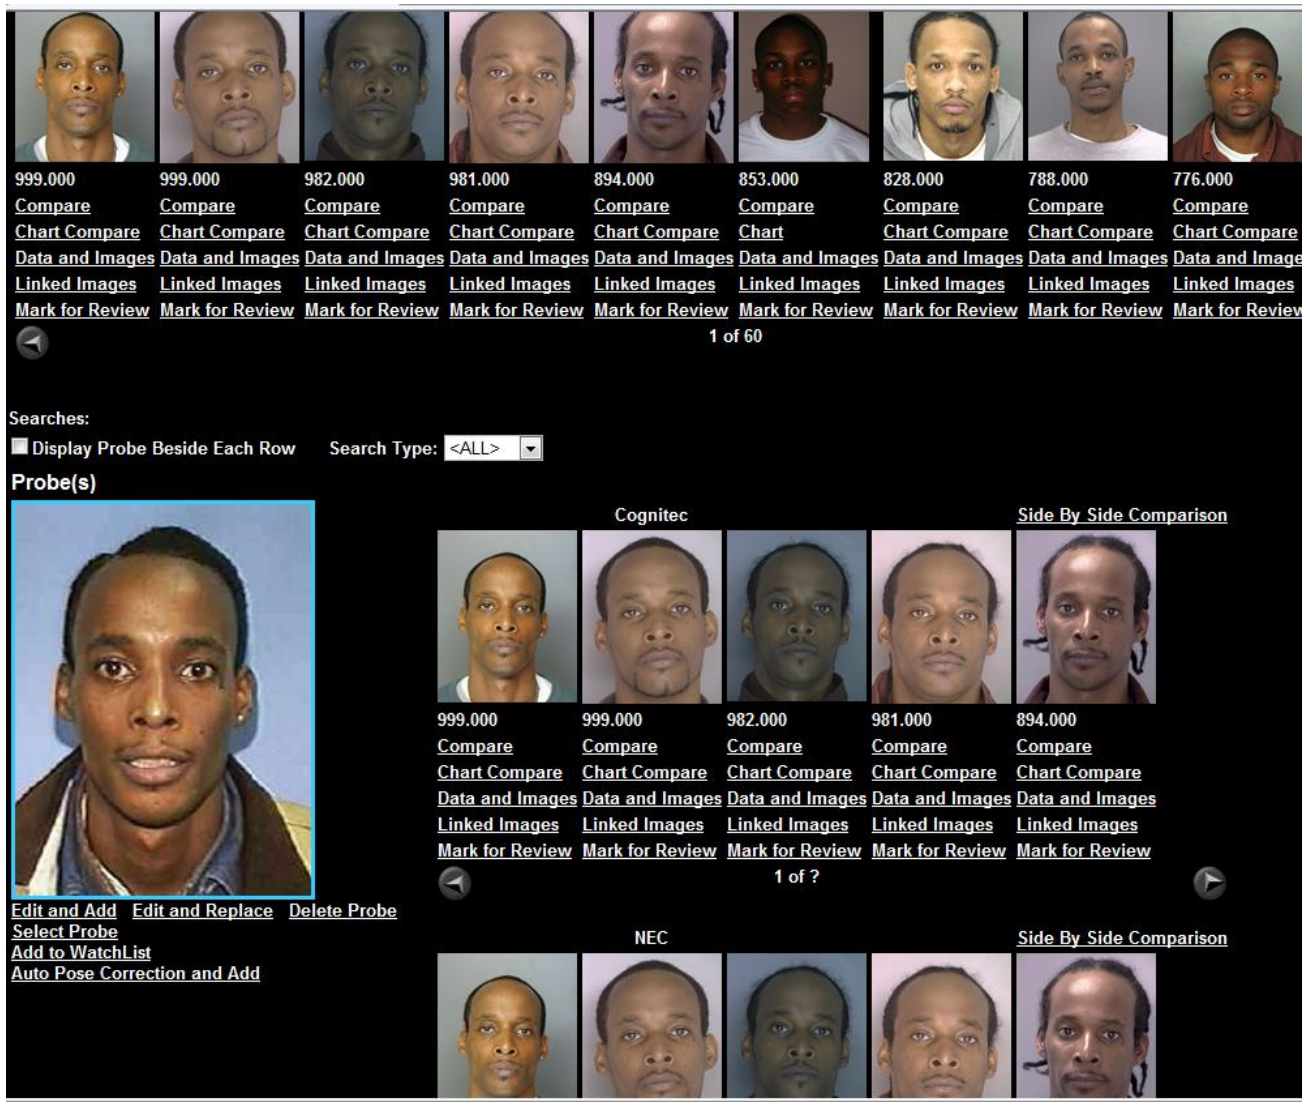


Photo from Twitter

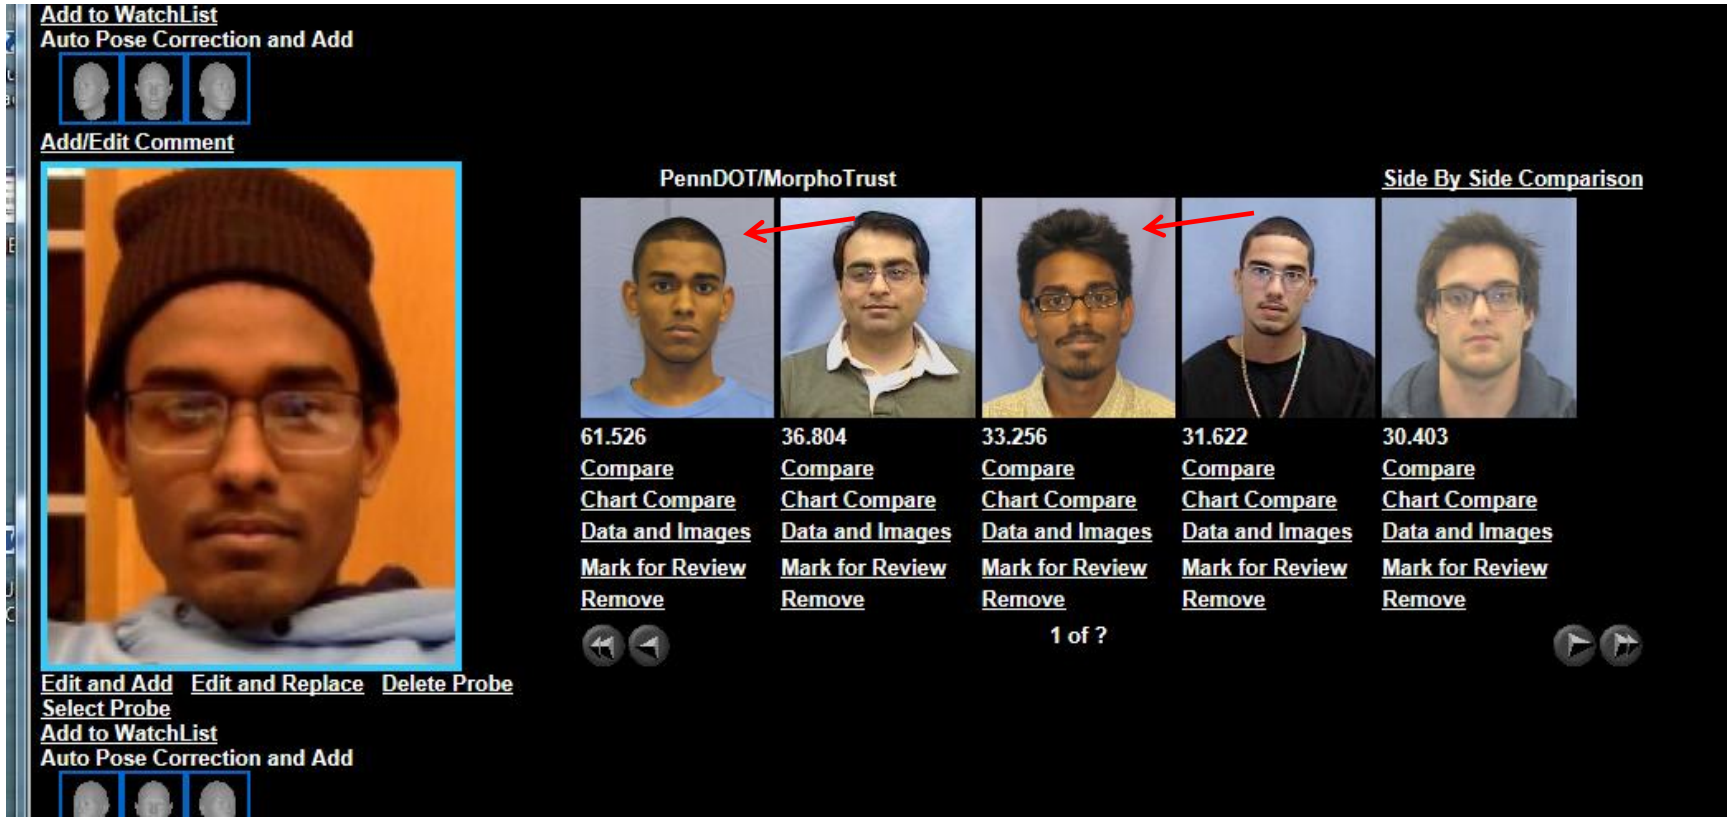

Trespassing suspect-image pulled from Twitter- possible candidate shows up tow times in PennDOT results.

Image From Cellphone

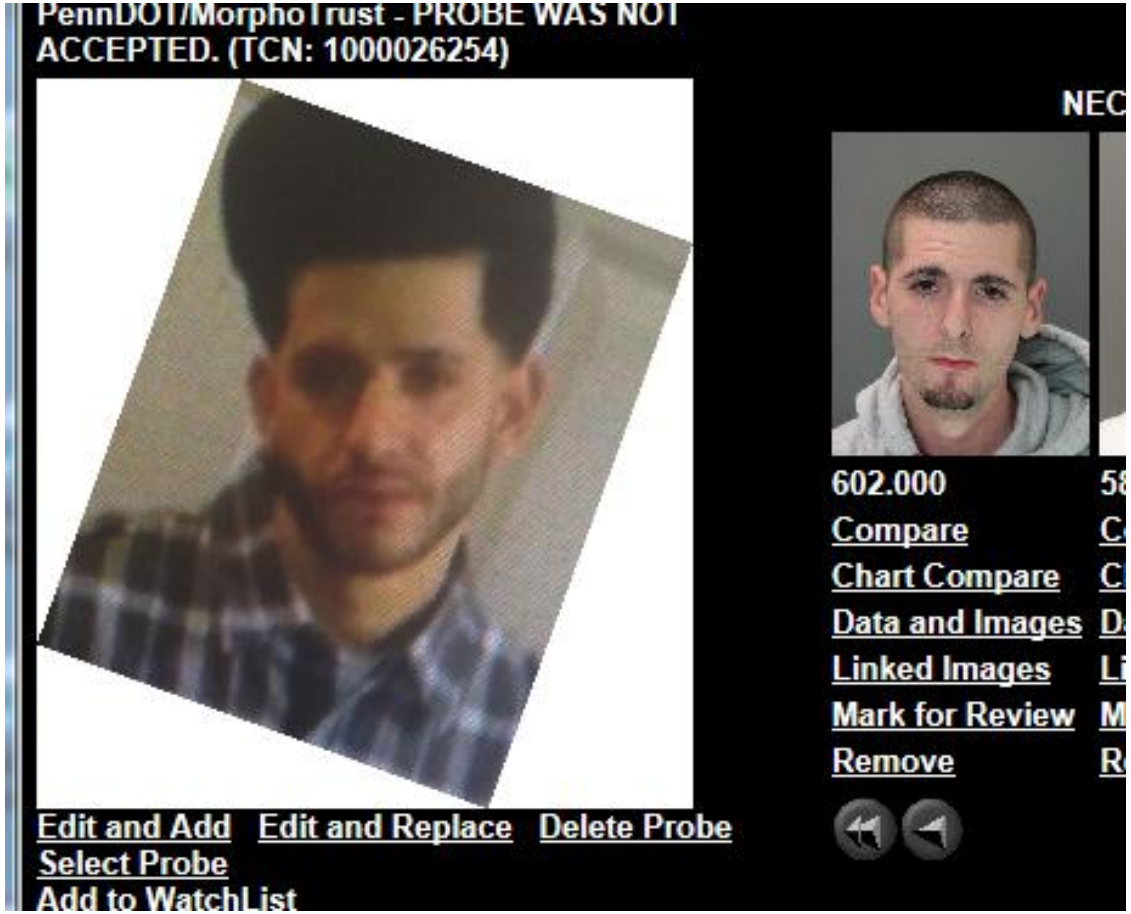

Image pulled off cellphone and run. Possible candidate shows up in NEC results.

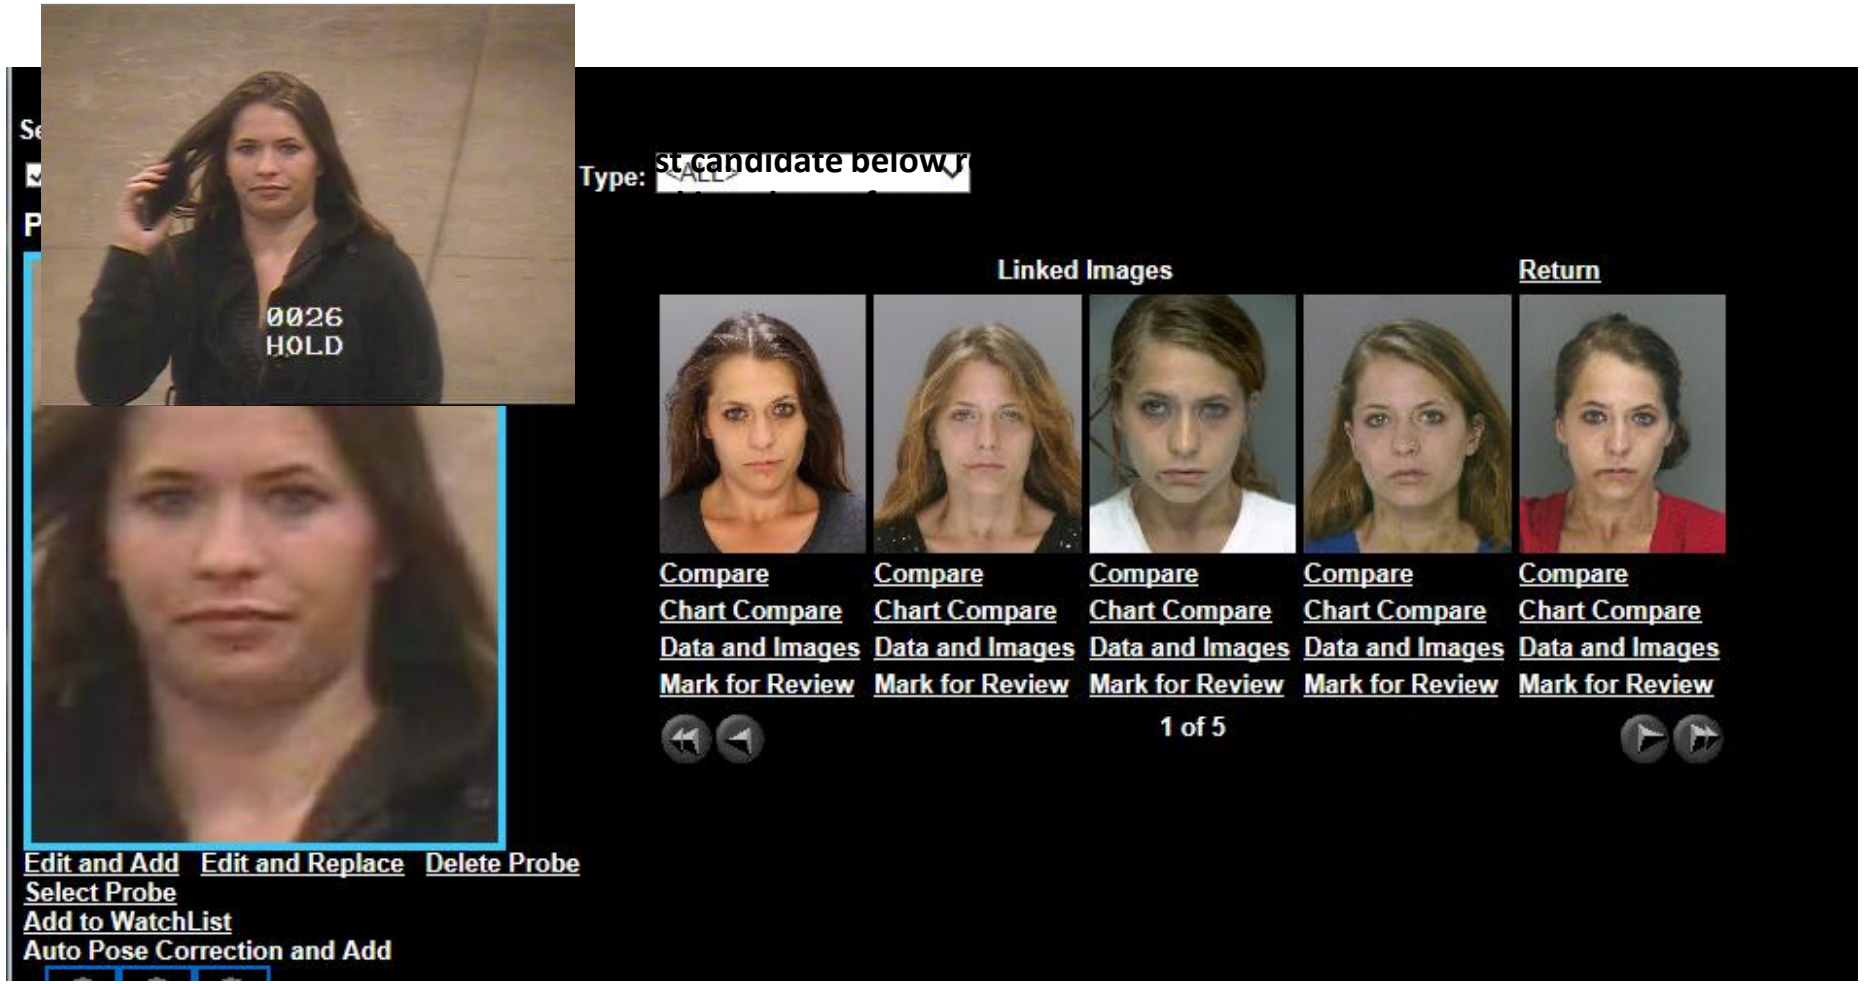
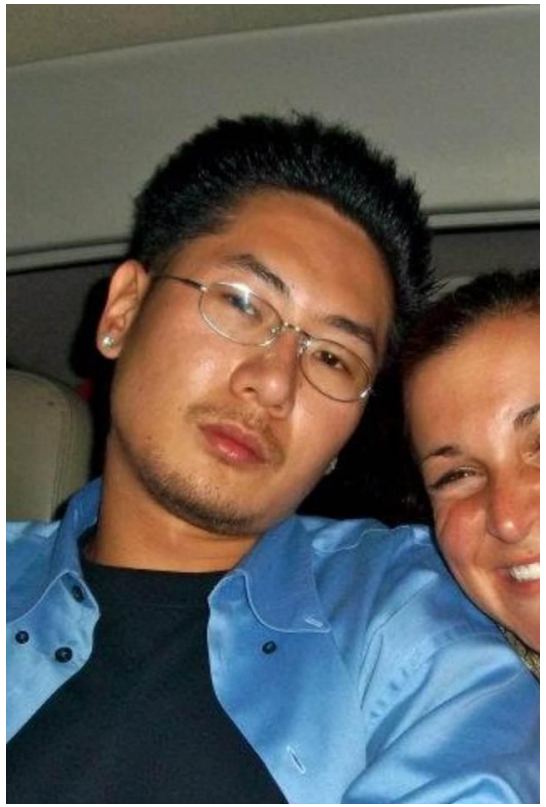
Retail Theft

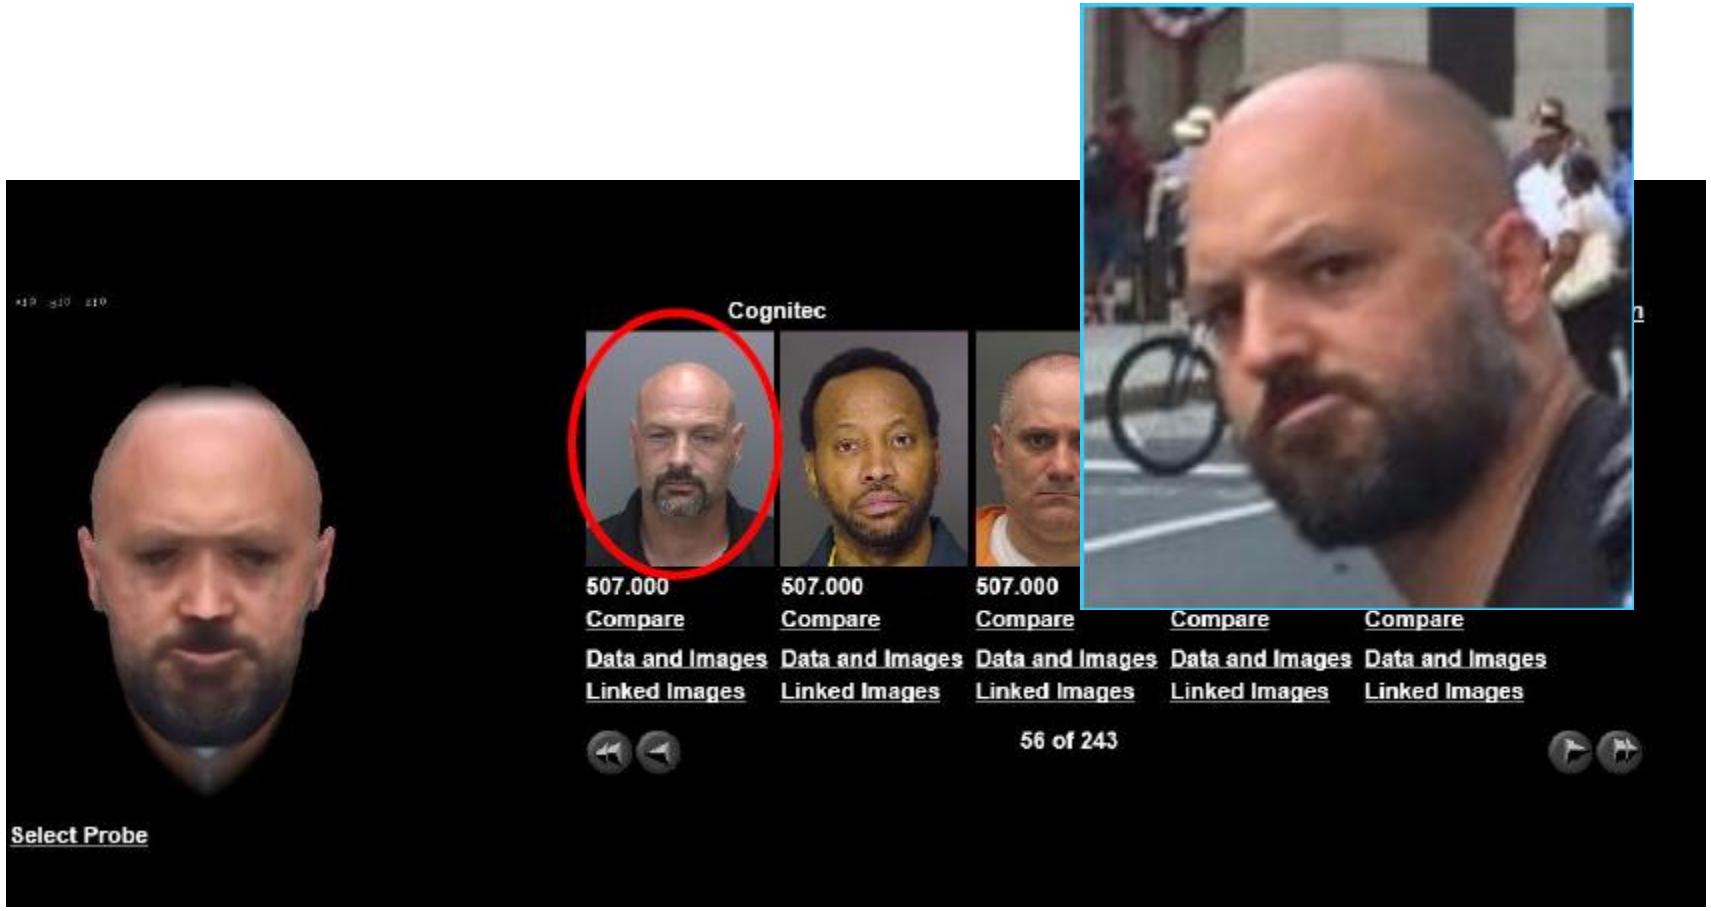


OAG Narcotics Case Facebook Photo



Informant agrees to buy drugs from source he was friends with on Facebook. Facebook image run and candidate shows up in NEC results.

DNC Convention



Transit Surveillance

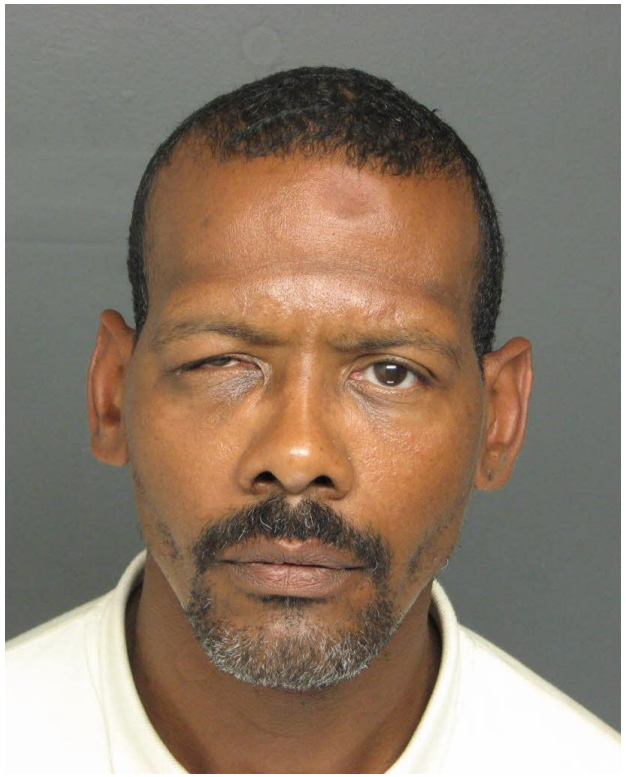


Image from Philadelphia Transit camera.

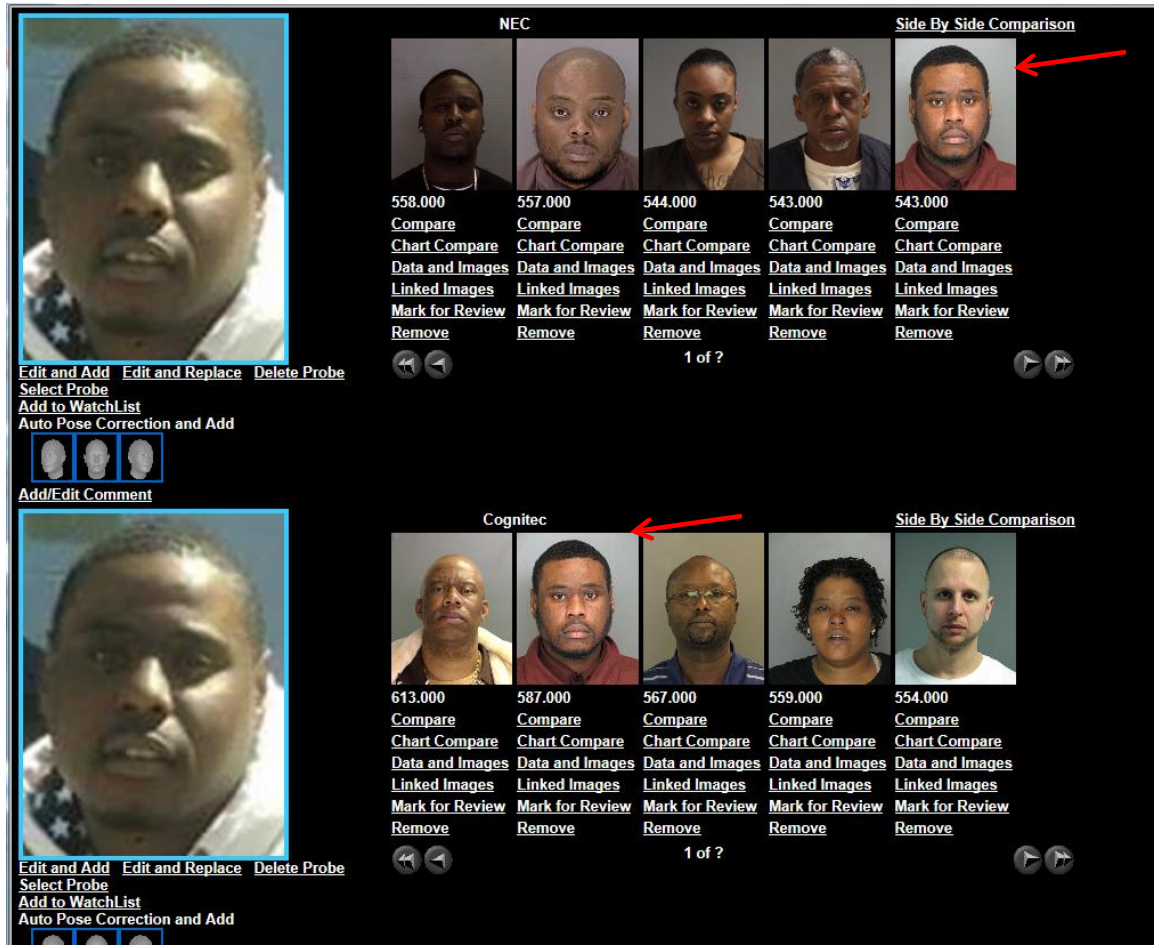
Statewide Check Cashing Fraud

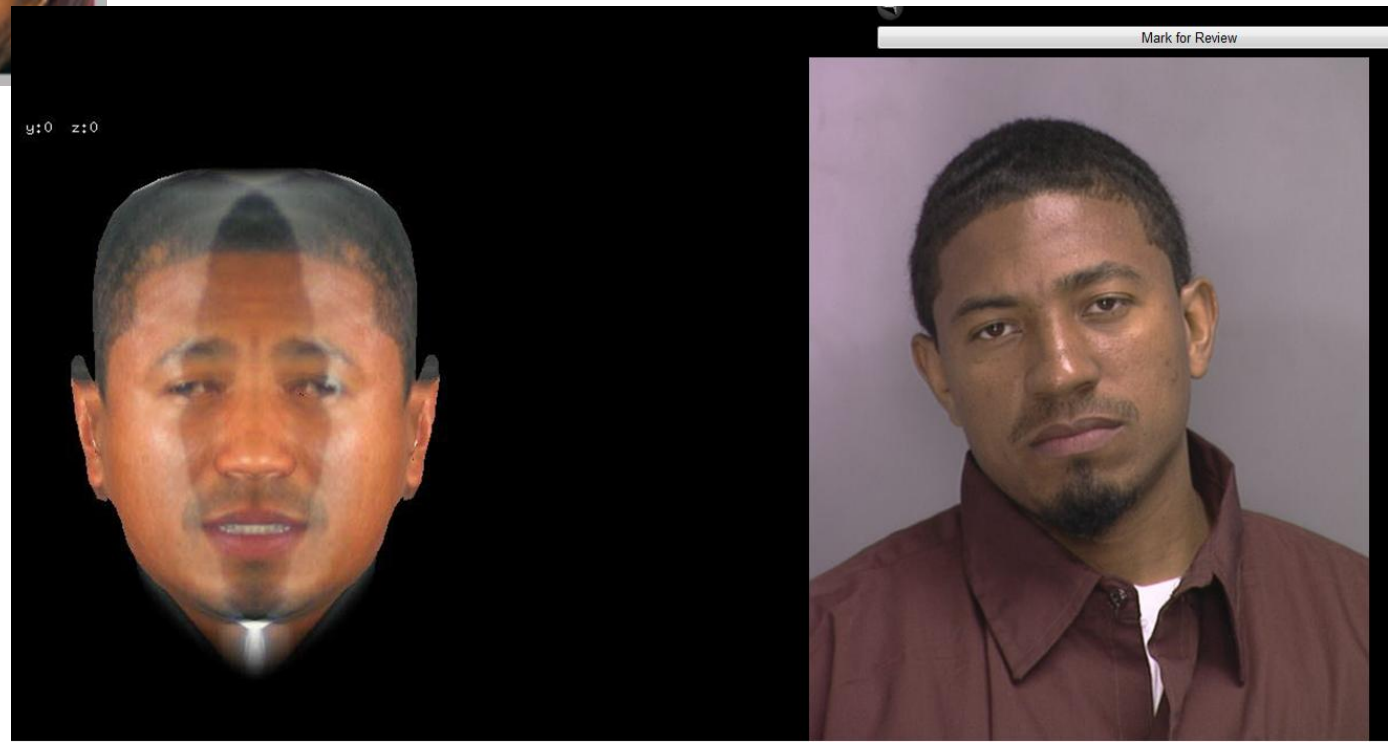


OAG Field Surveillance

Crop and do pose correction. Can also look at arm tattoo and compare it to tattoo images taken during the booking process to help verify.

Snapshot

Cropped, rotated and did a pose correction. Also added data filters.



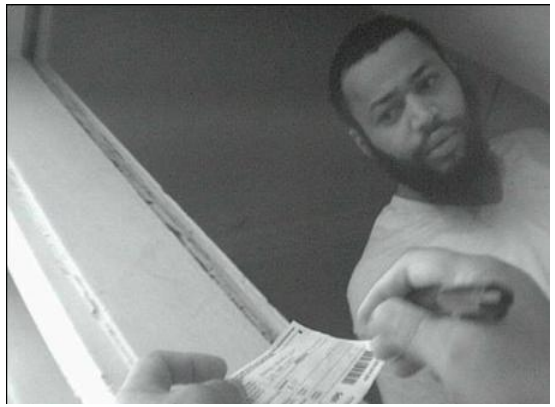
Bank Surveillance

Bank surveillance. Crop and pose correction- candidate in NEC with pose corrected image

CCTV Screen Shot

Image from closed circuit video –homicide detective took image of the video screen with iphone and emailed to us. Did a pose correction and ran with basic data filters.

Undercover Image



US Postal Inspector Agent posed as USPS delivery person and took image from hidden camera. Image was rotated and cropped. Individual is in the system multiple times. Shows up three times above threshold and several times in NEC and Cognitec search engines.

Please return in 15 minutes

Drug Take Back Program

Department of Drug and Alcohol Programs (DDAP) in partnership

- Pennsylvania Commission on Crime and Delinquency (PCCD)
- Pennsylvania District Attorneys Association (PDAA)

Helping our communities properly dispose of unused prescription medications.

Regional Forum Northeast Pennsylvania
PA Chiefs of Police Association
Local Technology Programs

Pennsylvania Law Enforcement Accreditation Program

A program of the Pennsylvania Chiefs of Police Association funded by the Pennsylvania Commission on Crime and Delinquency

Regional Forum Northeast Pennsylvania
PA Chiefs of Police Association
Local Technology Programs

Program consists of 132 professional standards.

Accreditation consists of policy and proofs of compliance.

First agency accredited in 2002.

Currently 106 agencies - police, sheriff, college and university agencies are accredited.

These agencies employ over 60% of all certified officers in PA.

Regional Forum Northeast Pennsylvania
PA Chiefs of Police Association
Local Technology Programs

3 Phase Process:

Application - $250 Fee

Self-Assessment - Agency review current policy on

Formal Assessment - Accreditation Assessors sent

Benefits of Accreditation:

- *Establishes a credible framework for evaluating agency practices and procedures*
- *Reduces agency risk and exposure to lawsuits*
- *Decreases some liability insurance expenditures*
- *Improves law enforcement - community relations*
- *Increases employee input, interaction and confidence in the agency*
- *Enlarges the outlook and viewpoints of managers, officers and employees*

Benefits of Accreditation:

- *Identifies and highlights the capabilities and competence of the agency*
- *Furnishes a solid foundation for the agency to build upon for further progress*

Provides reliable methods to improve essential management procedures

Extends agency accountability in the public and elected officials

Enhances planning and innovative activities by agency personnel

Develops improved methods for providing services to the community

Encourages problem-solving activities within the agency

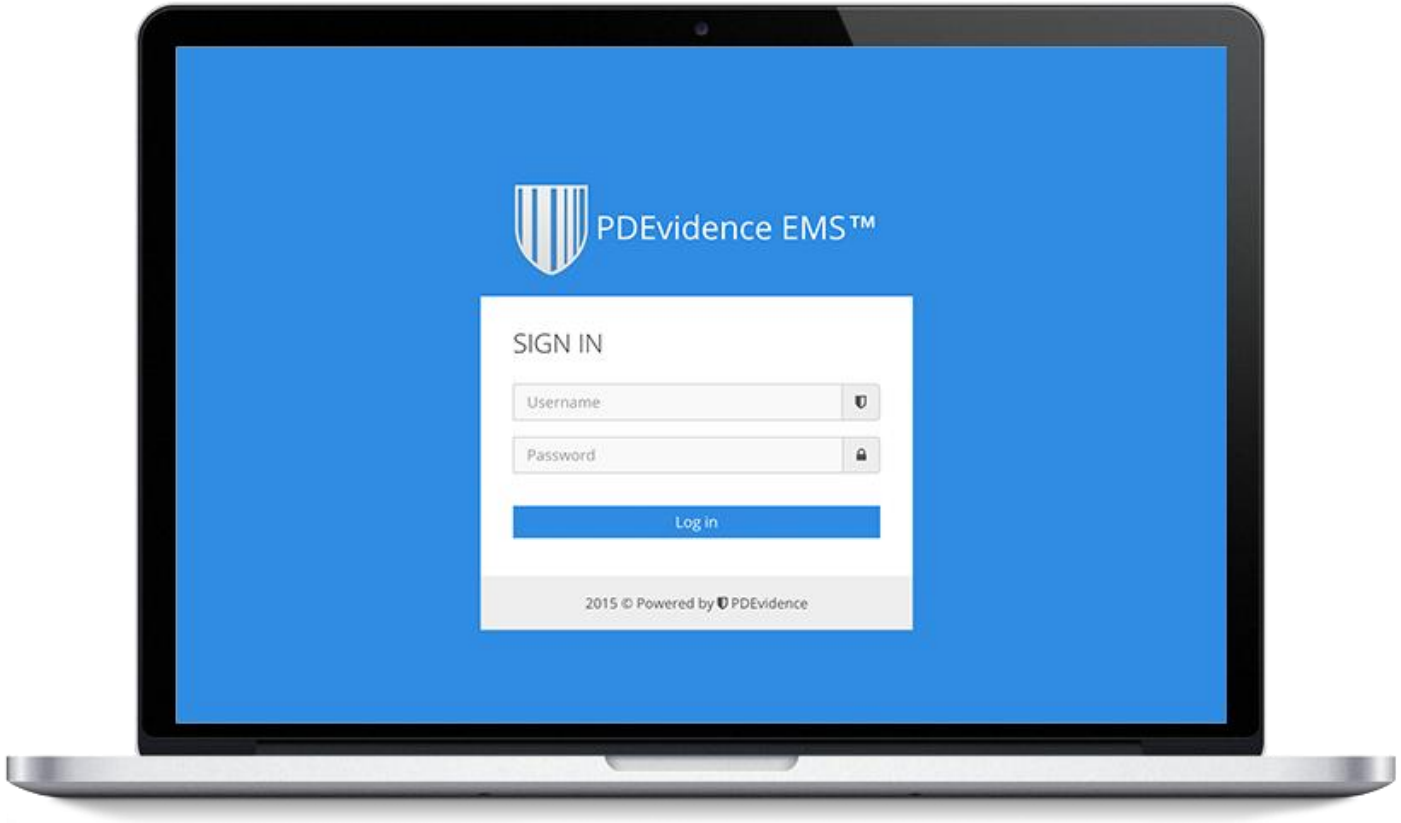
AOPC 413B-98

Regional Forum Northeast Pennsylvania
PA Chiefs of Police Association
Local Technology Programs

- cNET
- JNET
- AOPC



cNET Records Management System (RMS)

An agency-wide system designed to provide storage, retrieval, retention, manipulation, archiving, and viewing of information, records, documents, or files pertaining to law enforcement operations.

- **Provides secure sharing of information in a single agency or among multiple agencies.**
- **Designed to be accessible and affordable by all agencies**
- **Implemented +/- 10 years ago by PCPA**
- **Web-based RMS**

System Advantages

- Web-based application-only requirement is Internet browser
- Cost effective– No hardware, no capital investment
- No charges for software or maintenance
- One time set-up fee & then annual fee based on number of full-time sworn officers or equivalent
- Data backup & servers hosted by JNET
- All upgrades & enhancements implemented at the server level and are automatically and immediately available to subscribers

Current System Features

- Enhanced data queries as well as an updated reporting engine
- Integration with CPIN on person and arrest records reduces redundant data entry
- Accepts Criminal complaints data and prints - AOPC compliant form
- Inter-agency information sharing - at sole discretion of the user agency
- Compliant with CHRIA (Criminal History Record Information Act)
- Integration is available for CAD, UCR, NIBRS, LEJIS, Crime Mapping, and Court Systems
- E-citation & subsequent published dispositions from AOPC

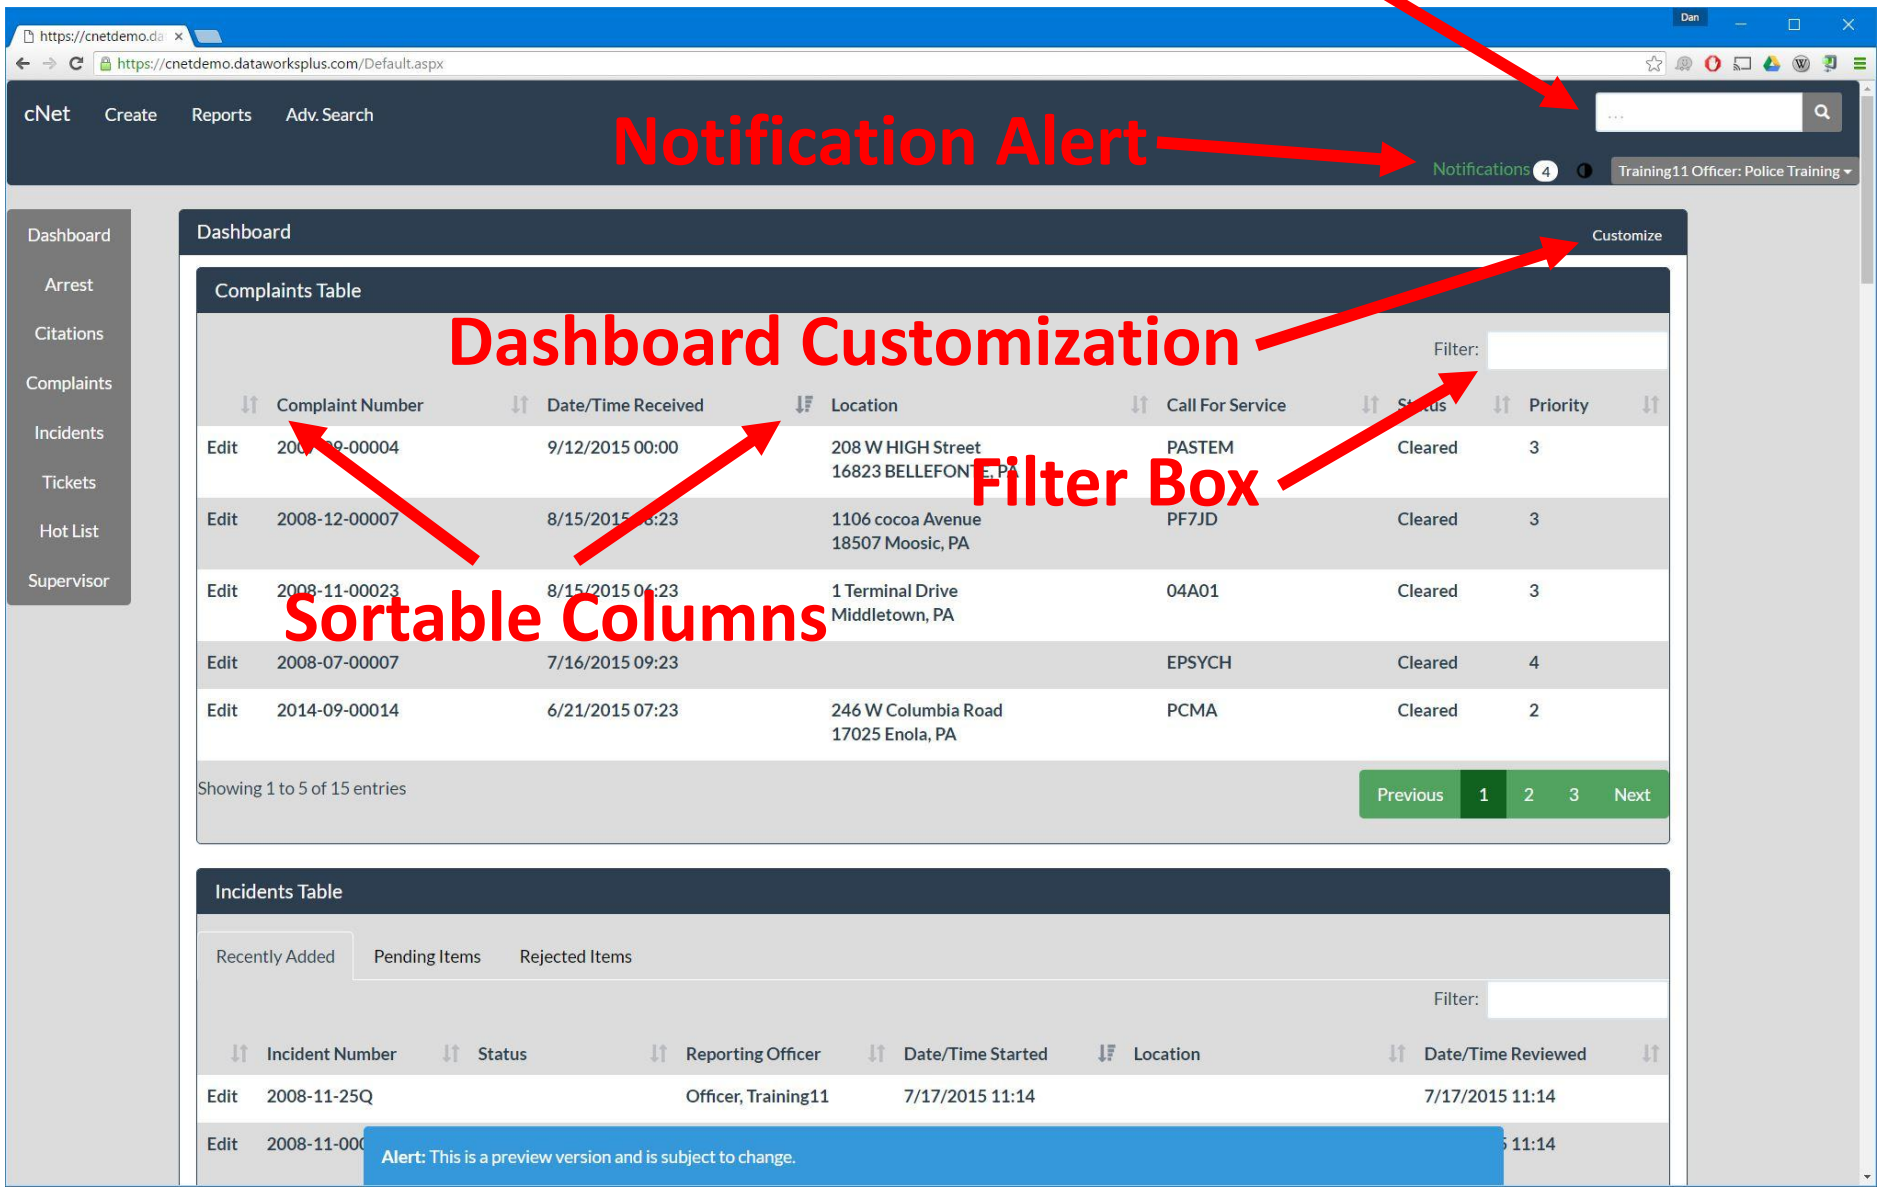
Current System Disadvantages

- DWP Inherited system support from prior vendor
- Written on 1st gen MS OS .Net 1.xx
- Cumbersome interface
- Non-intuitive workflow
- Single browser, single platform (PC/Laptop) operation
- Long training curve

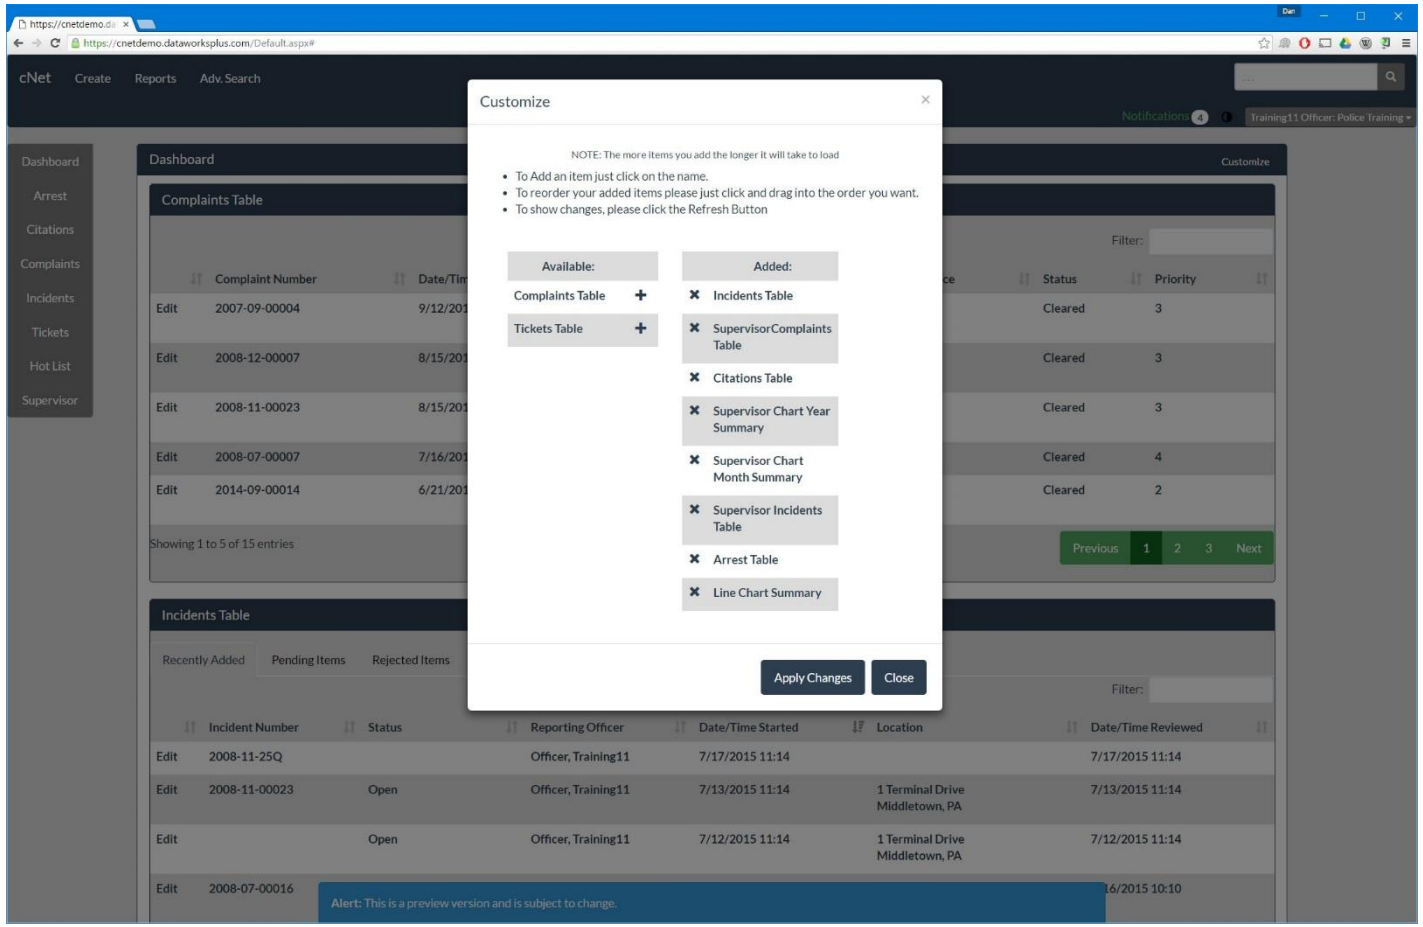
cNET 2.0 Upgrade

- Development Started Late July 2015 on Ground-Up Rebuild
- Incorporates over 90 enhancements/improvements
- New intuitive UI, Customizable Dashboard, Better Navigation
- Multi-Browser/Multi-Platform, Responsive Web Design, Day/Night Mode
- Updated Reports, Advanced Searching, Notifications
- Greatly Improved UCR Validation & Submission
- Training materials and videos will be online

cNET 2.0 Upgrade - UI

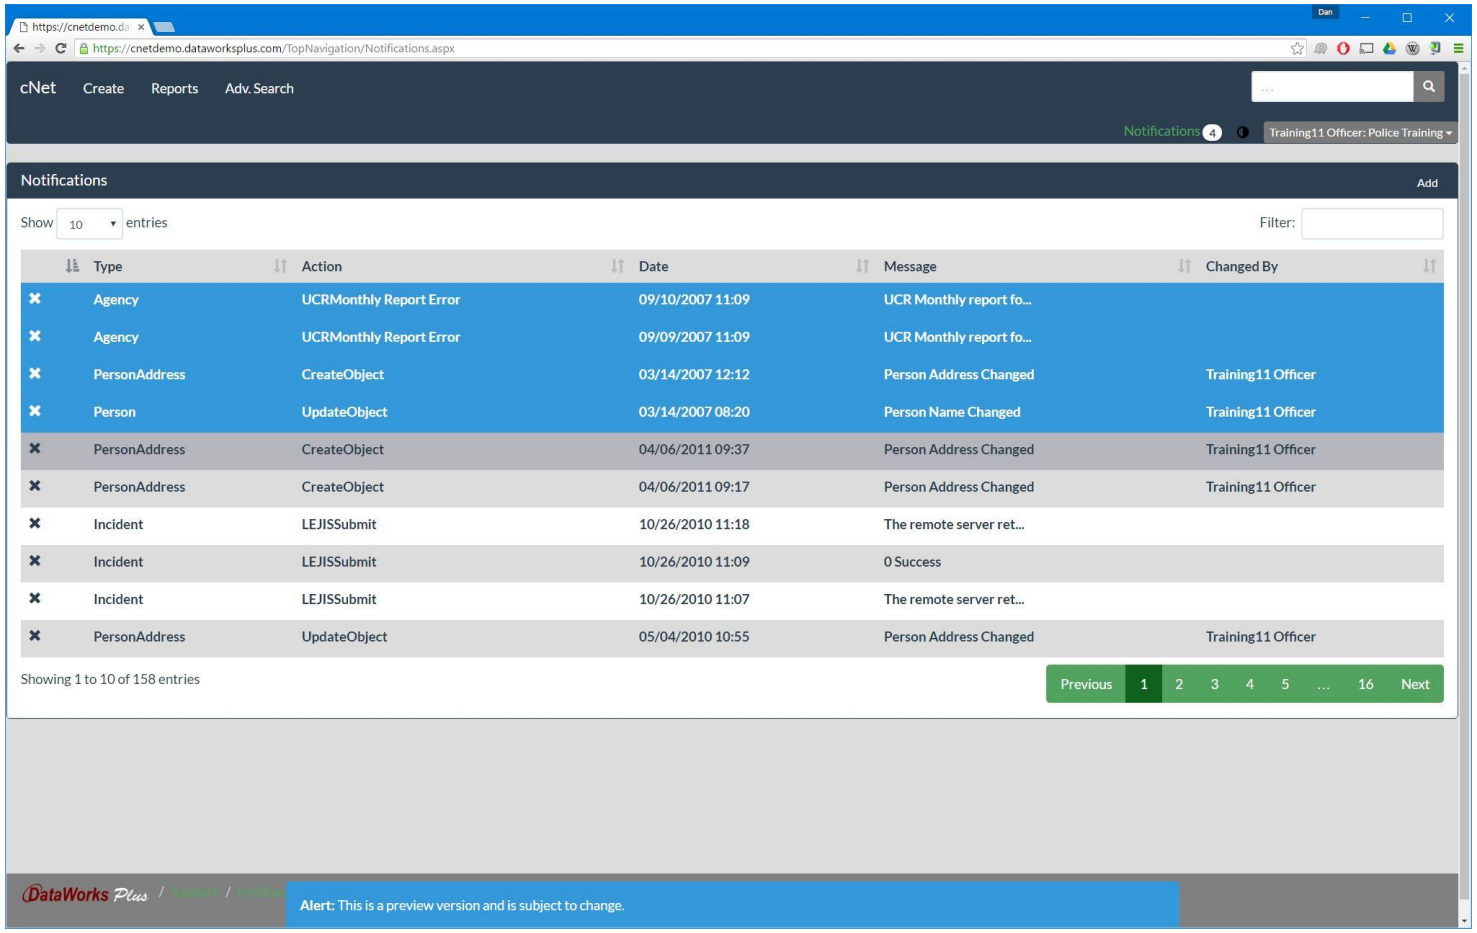


cNET 2.0 Upgrade – Dashboard Customization



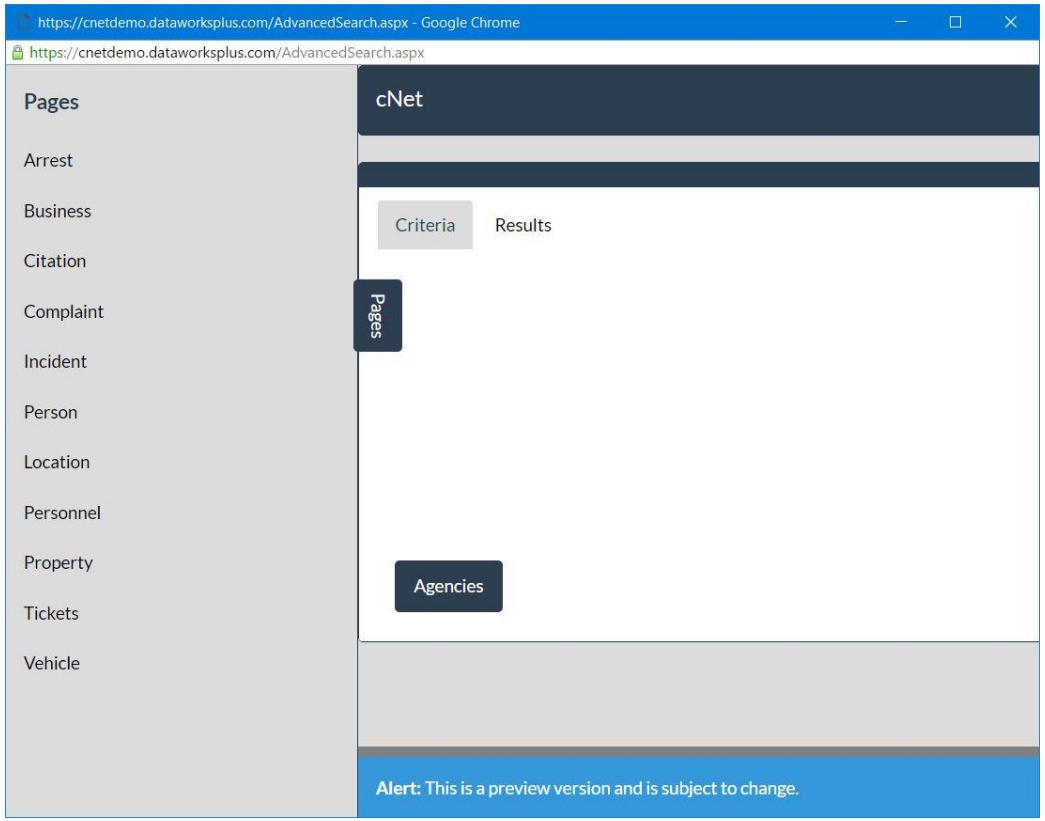
Each user will have the ability to change their dashboard to accommodate their workflow. Additionally, Each agency admin has the ability to change the ordering of the modules within the pages, hide sections or labels, or change label names.

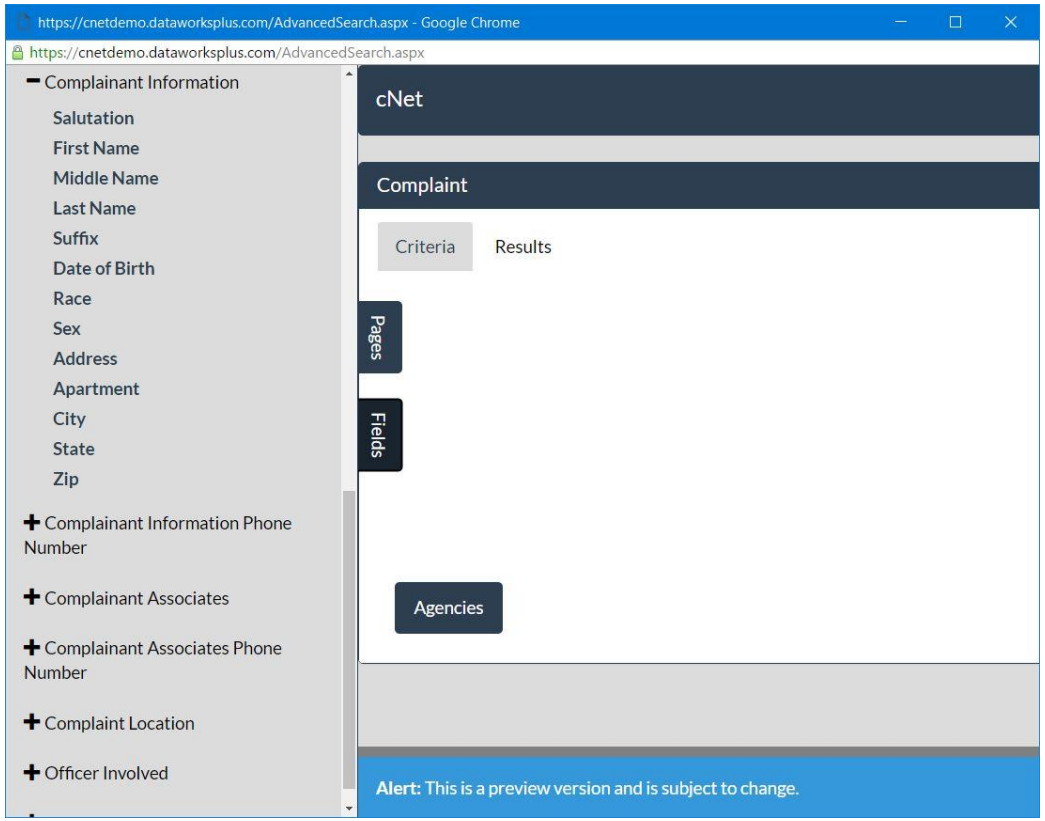
cNET 2.0 Upgrade - Notifications



Notifications are used to quickly identify new or changed data on a specific record, agency or system wide alert level.

cNET 2.0 Upgrade – Advanced (Ad Hoc) Search



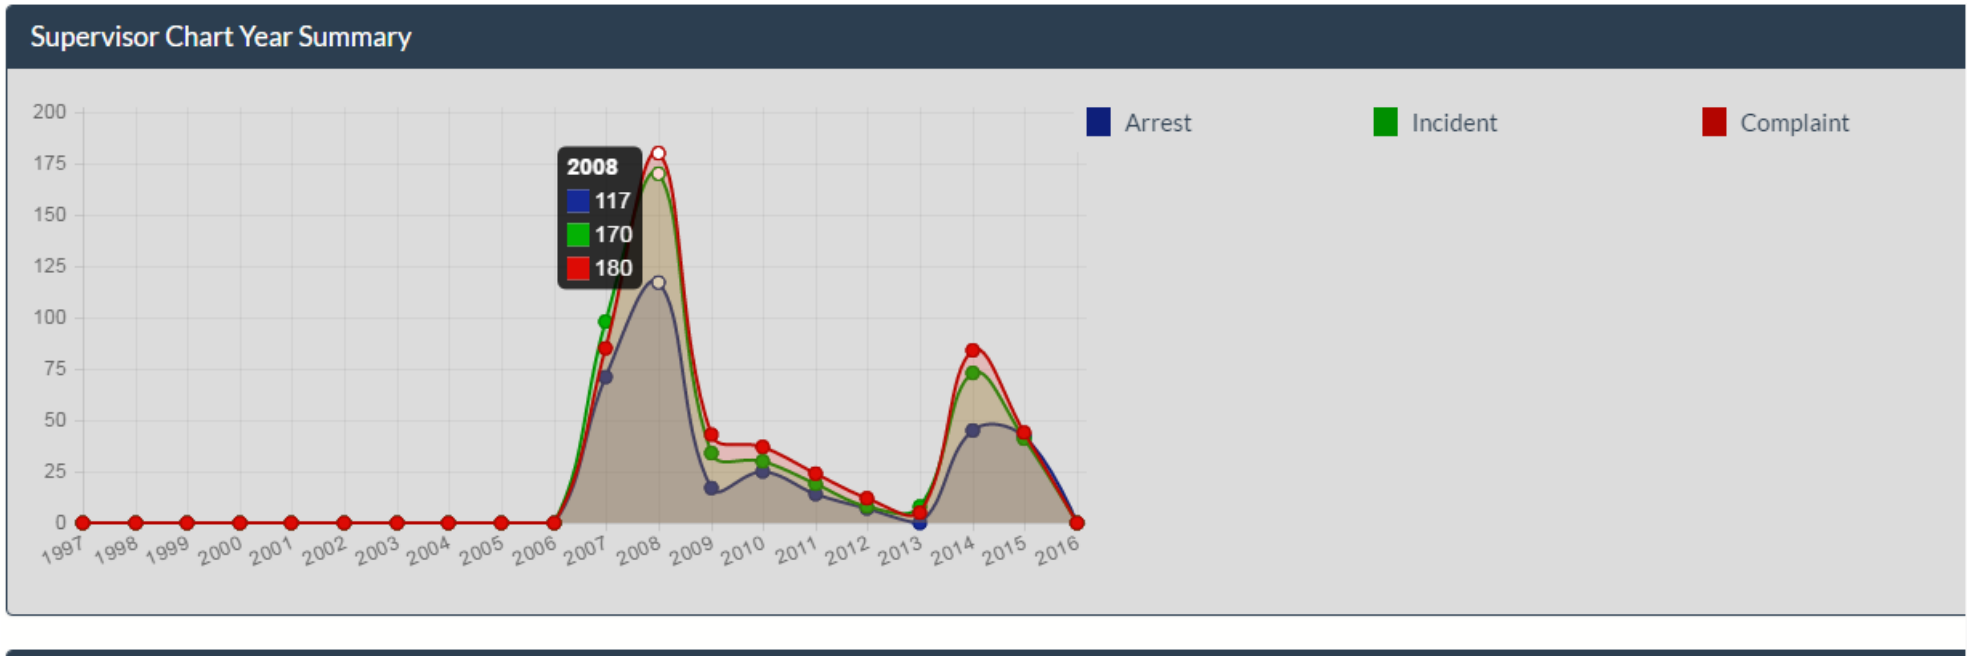


In Advanced Searching, users can select categories (referred to as "Pages") or fields to search for information. This gives the users approximately 1800 fields that can be searched.

cNET 2.0 Upgrade – Supervisor View

Within the Supervisor View, a supervisor can view records created or modified by any of their users, assign tasks and priority levels.

cNET 2.0 Upgrade – Graphical Statistics



As a feature of the upgrade, users can view daily, monthly or yearly graphical stats for records created or modified by them. Supervisors can view these stats for any of their agency's users.

cNET 2.0 Release & Implementation

- Beta Release scheduled for 9/5/16
- Existing users to start migration after beta testing completed and changes/fixes implemented
- New user deployment expected in Q4 2016

Thank You

JUSTICE NETWORK

What is JNET?

- JNET is the Commonwealth's primary public safety and criminal justice information broker.
- Provides access to 40 applications with information from 19 data providers.
- Offers web services and notifications.

pennsylvania
JUSTICE NETWORK

Data Providers

- Commonwealth Law Enforcement Assistance Network (CLEAN)
- National Crime Information Center (NCIC)
- National Law Enforcement Telecommunications System (NLETS)
- Interstate Identification Index (III)
- Interstate Photo Imaging Network (IPIN)
- Pennsylvania State Police (PSP)
- Administrative Office of Pennsylvania Courts (AOPC)
- Pennsylvania Board of Probation and Parole (PBPP)
- Pennsylvania Department of Corrections (DOC)
- Pennsylvania Department of Transportation (PennDOT)

pennsylvania JUSTICE NETWORK

Data Providers

- Pennsylvania Juvenile Court Judges' Commission (JCJC)
- Pennsylvania Commission on Sentencing (PCS)
- Pennsylvania Commission on Crime and Delinquency (PCCD)
- Pennsylvania Department of Public Welfare Automated Child Support Enforcement System (PACSES)
- Department of Conservation and Natural Resources (DCNR)
- Department of Health (DOH)
- Department of Human Services (DHS)
- Department of Labor and Industry (DLI)
- Over **100** county adult probation and prison record management systems

pennsylvania JUSTICE NETWORK

JNET Users

JNET serves law enforcement and public safety officials at the federal, state, and local level. Typical users are police, probation officers, courts, 911 and booking centers, district attorneys and domestic relations.

37 state organizations

44 federal agencies

8 Business Partners

67 counties connected to JNET

1,187 municipal police departments

pennsylvania JUSTICE NETWORK

JNET Access

- **Criminal History (CH)** This role provides the highest level of access to criminal history records that JNET can provide. Users requesting access to this role must work for a criminal justice agency as defined by the Criminal History Records Information Act (CHRIA) and require access to criminal history records as part of their official duties conducted in the administration of criminal justice.
- **Criminal Justice (CJ)** Access to all criminal justice information available within JNET, but not criminal history records. May be subject to CHRIA statute provisions and audit requirements. This is the default setting for JNET users who belong to a criminal justice or law enforcement agency before they complete CLEAN certification. Users requesting access to this role must work for a criminal justice agency as defined by the Criminal History Records Information Act (CHRIA).
- **Non-Criminal Justice (Non-CJ)** Access to all public information available within JNET including, PennDOT photos. Limited access to criminal justice information through AOPC and no access to criminal history records.

pennsylvania JUSTICE NETWORK

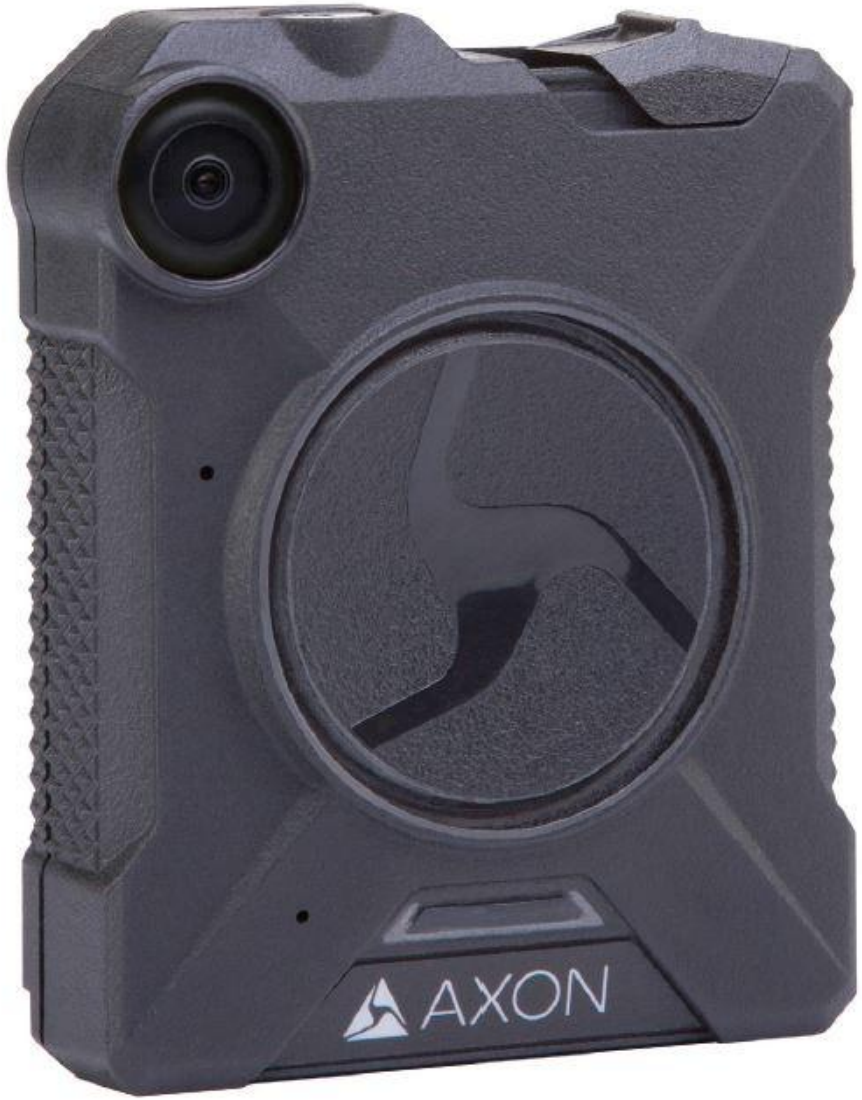
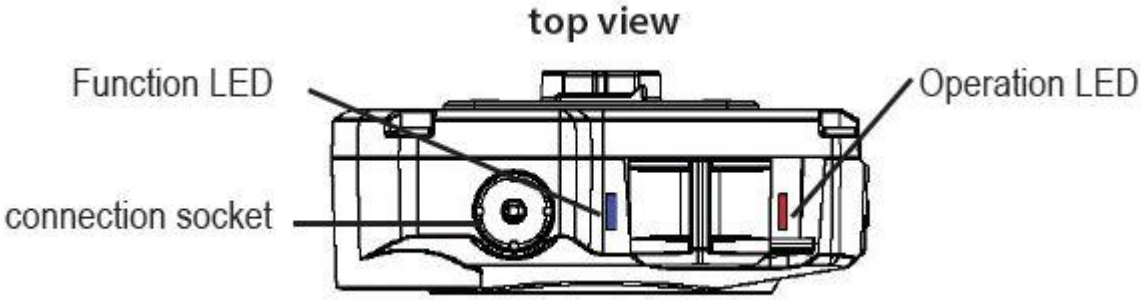
TASER Axon Body 2 Camera



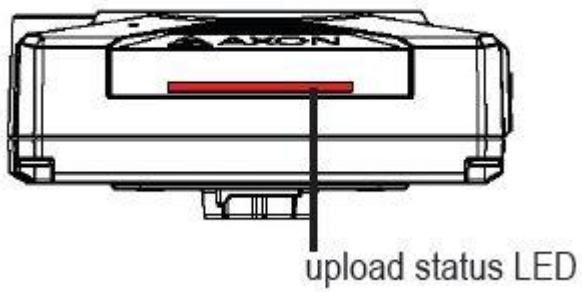


Connection Socket - Enables data transfer and recharging. This socket will not be used by the user.

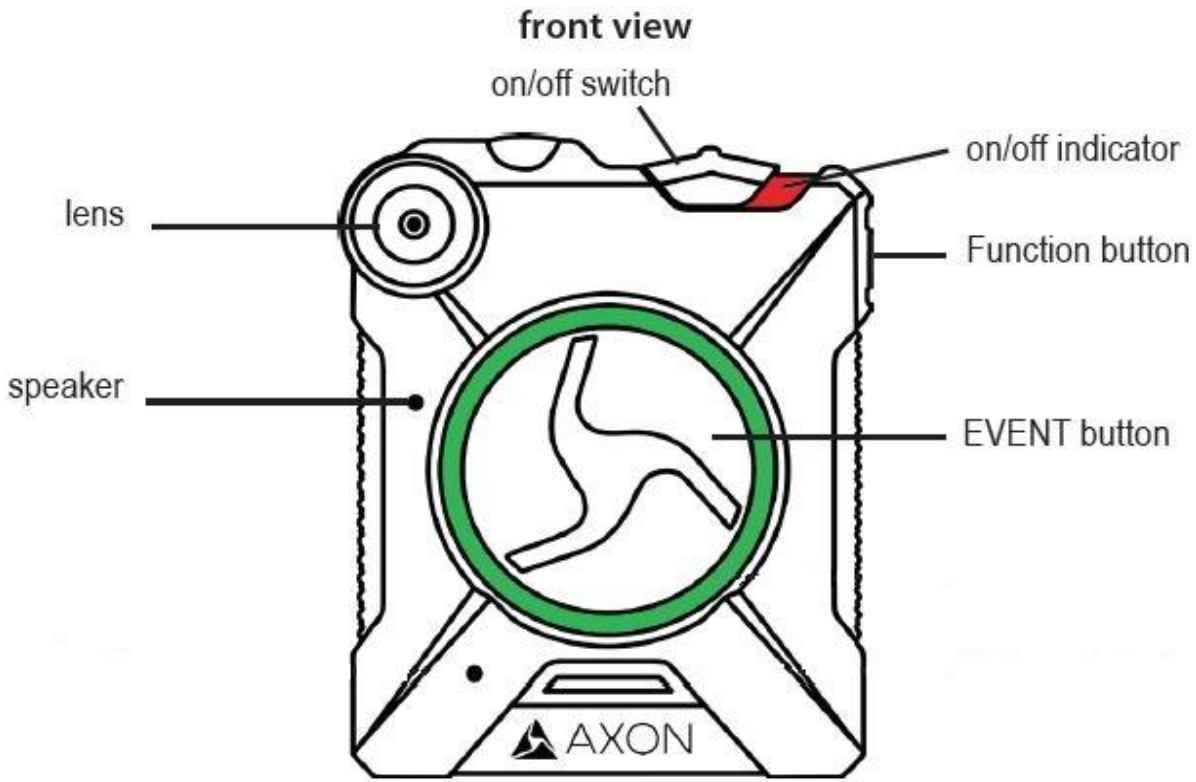
Operation LED - will be steady red upon power up then flash green. If the LED stays steady RED when you first turn the unit on the device may have a camera error.

Function LED - will be blue then go out after about 20 sec. The blue light means the device is trying to pair with a blue tooth device which is disabled on your device.

bottom view



System Status	Upload Status LED
Device ready (all videos uploaded successfully) and fully charged	Solid green
Device not assigned, agency mismatch, camera set in the offline mode, or device error	Blinking red
Uploading data	Blinking yellow – **DO NOT remove the camera from the Axon Dock**
Firmware update, internal battery charging, extremely low battery, or memory full	Blinking red and yellow – **DO NOT remove the camera from the Axon Dock**
Transfer error, device re-trying to transfer	Blinking green and yellow
Network error (no connection)	Blinking red, yellow, and then green (cycling all colors)
Axon Dock has no communication with the camera. Contact TASER customer service.	LED off



Lens – Camera Lens

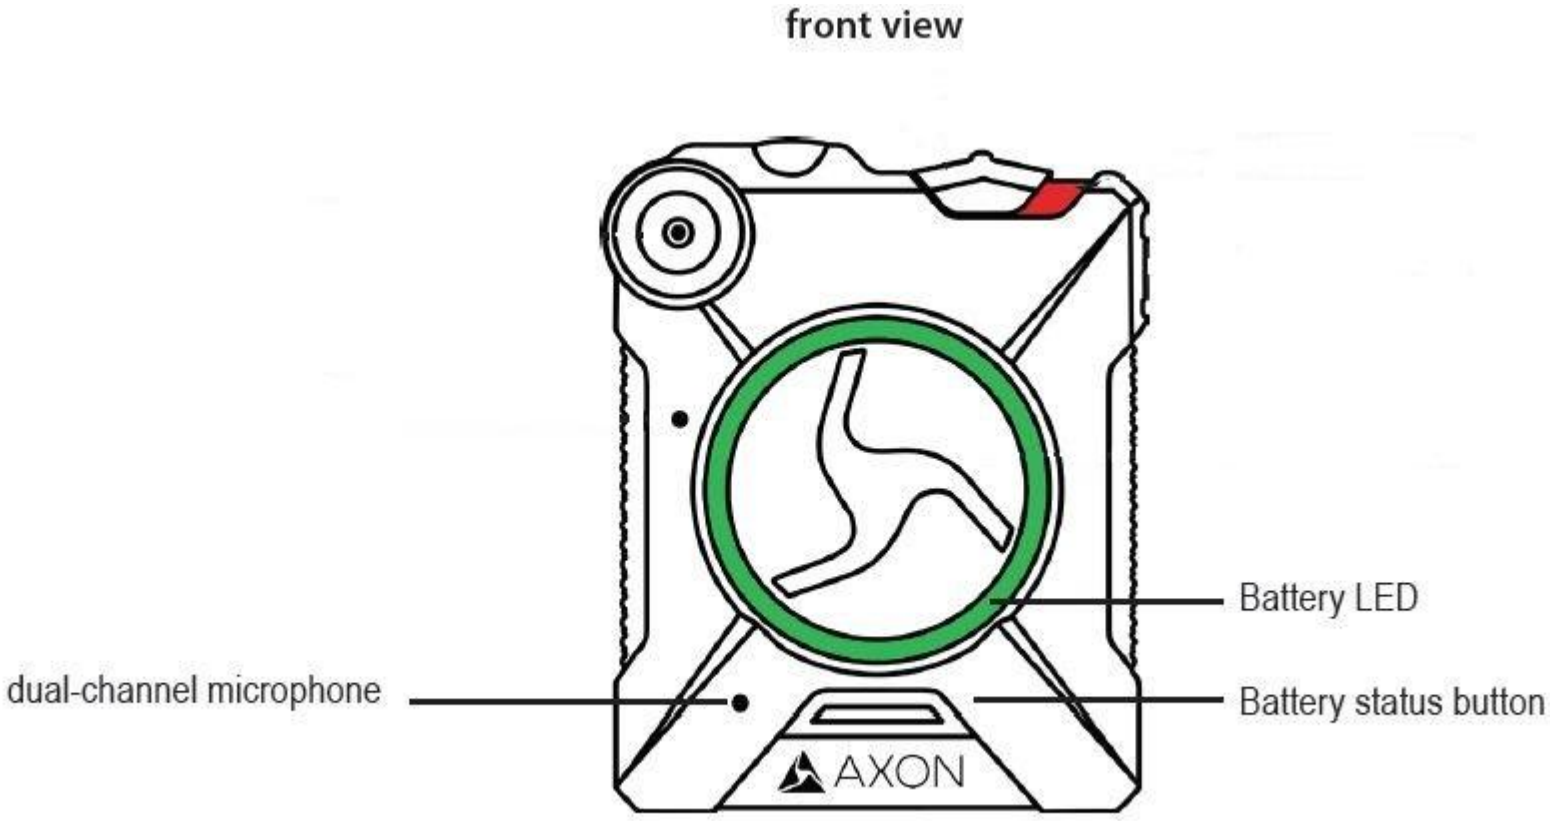
Function Button – Disabled Not Used

On/Off Switch – Turns the camera's power on or off.

On/Off Indicator – When the camera's power is turned on, the red portion is exposed. When the camera power is turned off, the red portion is covered from view.

Speaker – Provides audio notifications.

Event Button – Used to start and stop recording. (Double-press to start; hold for four seconds to stop recording.)



Battery Status Button – When pressed, the Battery button lights up the Battery LED, which momentarily indicates the remaining battery capacity only (it does not indicate the operating mode).

Battery LED - When lit, momentarily indicates the remaining battery capacity (it does not indicate the operating mode).

Dual-Channel Microphone – For audio recording.

Starting And Stopping Recording

Press The Event Button 2 Times In 1 Second, The Green Flashing Light Will Start Flashing Red The Unit Is Now Recording.

To Stop The Recording Hold The Event Button In For 4 Or 5 Seconds The Red Flashing Light Will Then Go Flashing Green, The Unit Is Now Not Recording.

Checking The Status of The Battery

To Check To See If The Unit Is Fully Charged Press The Battery Status Button For About 3 Seconds, The Ring Around The Event Button Will Glow Bright Green.

Checking For Low Battery

Press The Battery Status Button For About 3 Seconds, If The Ring Around The Event Button Glows Dim Green Or A Dim Yellow The Device needs To Be Charged

Press The Battery Status Button For About 3 Seconds, If The Ring Around The Event Button Glows Red The Device needs To Be Charged Before Use.

The Above Video Shows The Difference Between The Low Battery and The Charged Battery.

Battery Status Chart

Battery Status	Battery LED
Battery capacity is 41–100 percent	Green
Battery capacity is 20–40 percent	Yellow
Battery capacity is less than 20 percent	Red during operation; flashing red and yellow during charging
Battery is critically low	Blinking red and yellow

CLEAN System Enhancements

ADMINISTRATIVE

NexTEST

NexTEST is State/NCIC Certification testing and training. It is a full LMS system that can train and track State/NCIC certifications.

The easy-to-use interface is intuitive and provides for multiple levels of access for Users, TAC's, ATAC's and State Administrators.

Instant Test Feedback
Randomize Questions
Certificates of Completion
Email Reminders For TAC's

Security Awareness Training

An updated and automated Security Awareness Training for Contractors, Vendors, and IT staff will be available from the internet.

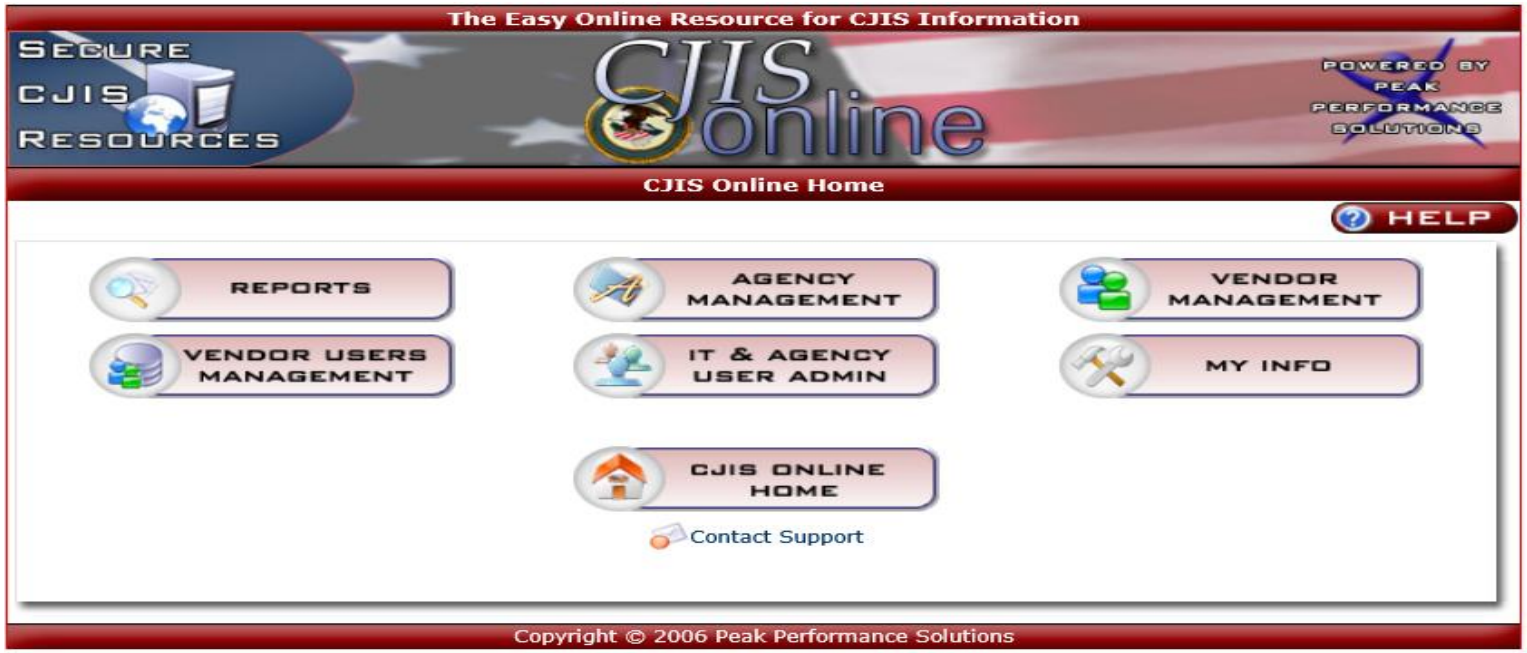
This will streamline record keeping and tracking.

Security Awareness Training

The updated Security Awareness Training will replace the current downloadable versions of the training and forms.

This will allow TACs more control and better record keeping.

This will also allow agencies to share training records and finger print status electronically.



Security Awareness Training

This will also allow us to view vendors in other states that have been cleared for access

Biometric Devices

Mobile biometric devices are handheld technologies capable of obtaining various biometric modalities (for example, fingerprint, face, and iris) in order to identify or enroll a person of interest in a database. These devices can transmit biometric data to databases via personal area networks such as Bluetooth, local area networks such as Wi-Fi, wide area networks such as cellular networks, and mobile satellite communication systems.

- Chief's of Police have piloted devices, finalizing administrative paper work, production device rollout in next few weeks.
- Agencies interested in these devices should contact the Chief's of Police process will be similar to obtaining a live scan.
- PSP Looking to pilot devices in Nov-Dec time frame

QUERY Modifications

Driver's Query (DQ) Enhancement

DQ - Nlets Query Driver's License

Originating Agency Identifier (ORI) PAPSP0064 *
Optional Control Field (OCF)
Destination State (DST) PA *

Enter **One** of the Following Fields or Sets:

Operator's License Number (OLN)

Name (NAM)
Date of Birth (DOB) Sex (SEX)

Optional Field:

State (OLS) (Use only with destination CL)
Image Request (IMQ) Y

Submit Delete

Driver License Query (DQ) and Query Wanted Person (QWA)

PA Driver OLN Queries (DQ) will return a minimum of 7 system generated responses:

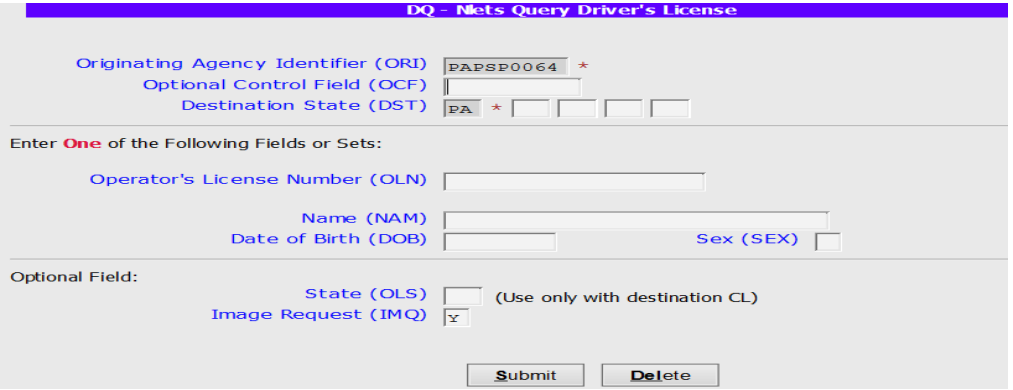
- ACKNOWLEDGEMENT
- PROTECTION FROM ABUSE REGISTRY
- CLEAN VWM (vehicle, wanted and missing person files)
- NCIC Hot Files
- PENNDOT Response
- QWA to NCIC with Name and DOB from PENNDOT response
- QWA to PA Hot Files with Name and DOB from PENNDOT response

Driver License Query (DQ) and Query Wanted Person (QWA)

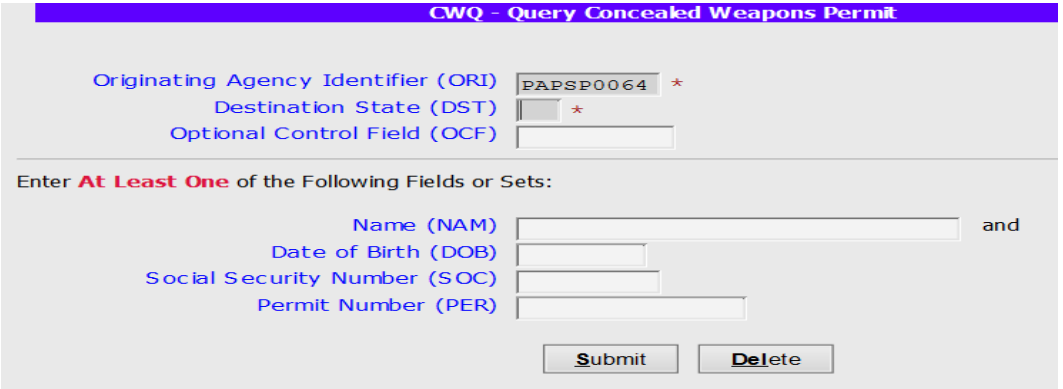
The QWA queries that are created from PA Driver <u>OLN</u> Queries:

- **Will only occur when a PA OLN is queried.**
- **Out of state OLNs will not have the driver's Name and DOB automatically run.**
- **Running Name and DOB is still the preferred method of making a query.**

Driver's Query (DQ) and the Concealed Weapons Permit (CWQ)



now includes

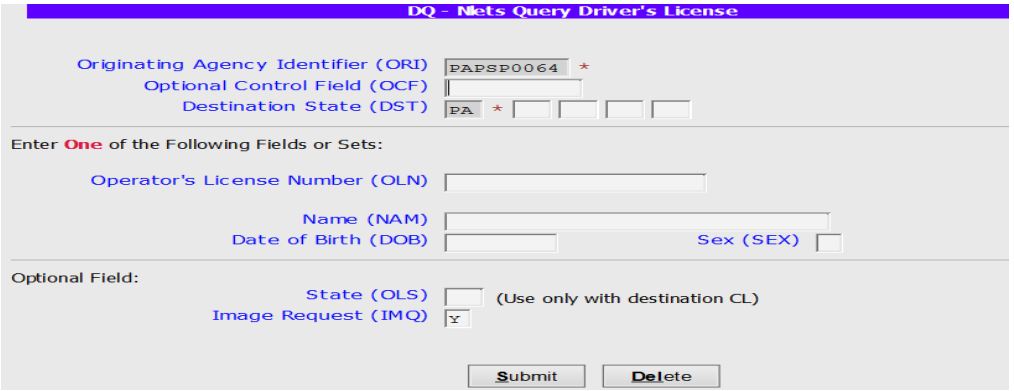


DQ

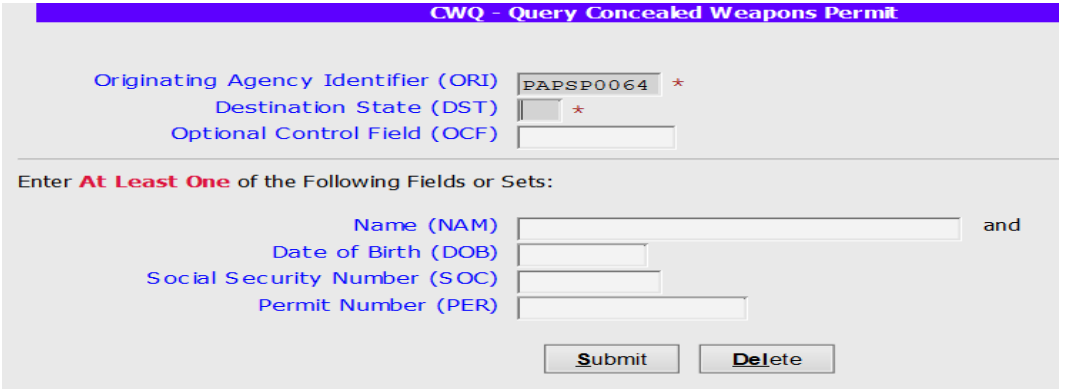
CWQ

The DQ transaction will now automatically run the subject of the query for a Concealed Weapons Permit. (CWQ)

Driver License Query (DQ) and the Concealed Weapons Permit (CWQ)



now includes

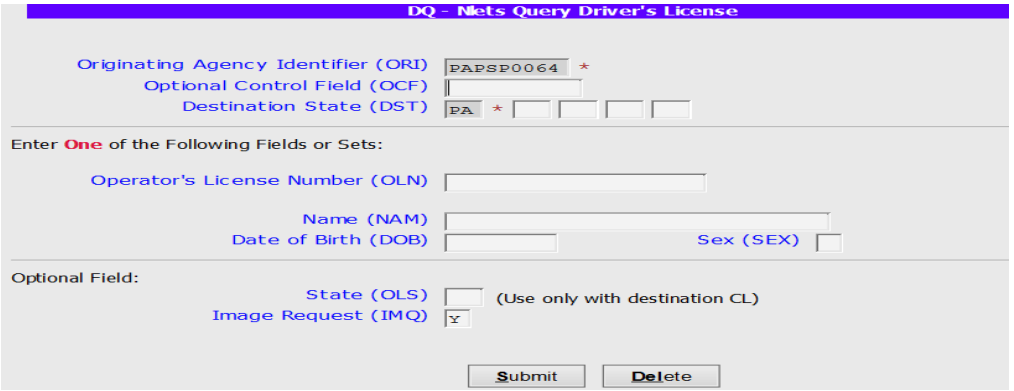


DQ

CWQ

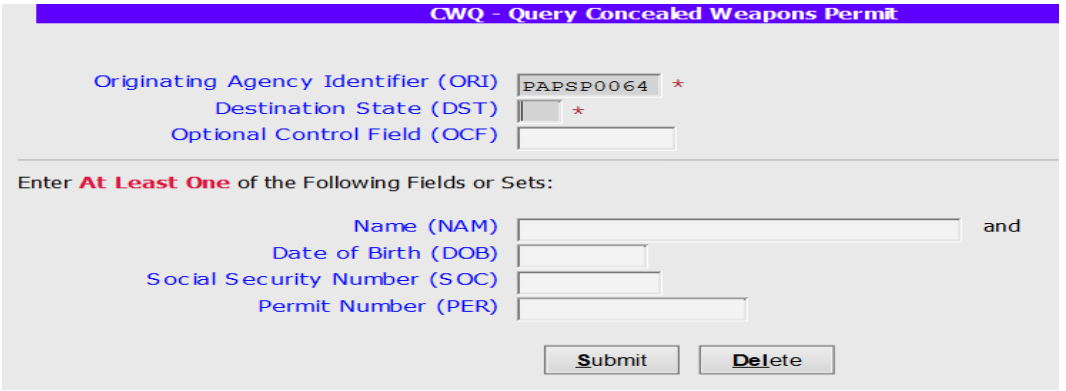
- If the DQ is being used to query OLN only, the system will take the subject's NAME and DOB from the PennDOT response (OLS) and run a Query Concealed Weapons Permit. (CWQ)
  - This ensures that a CWQ is run on every DQ transaction regardless of the DQ query consisting of a NAME and DOB or just an OLN.

Driver License Query (DQ) and the Concealed Weapons Permit (CWQ)



DQ

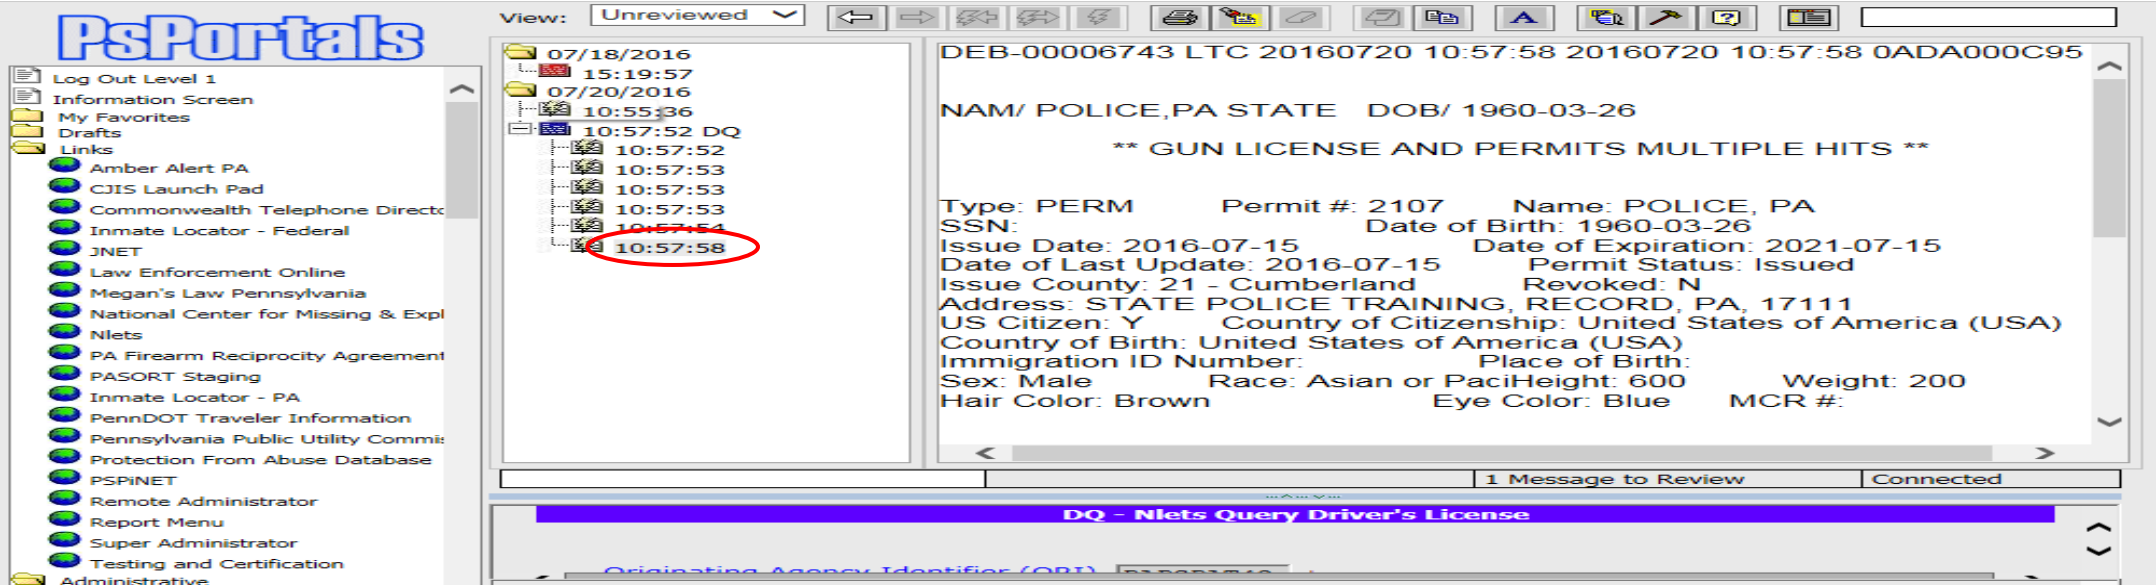
now includes



CWQ

- Out of state OLNs will **not** have their information automatically queried.
  - **THIS CHECKS PA LICENSE TO CARRY RECORDS ONLY.**

Driver License Query (DQ) and the Concealed Weapons Permit (CWQ)



- When querying DQ by NAME and DOB, you will receive 6 responses. (in no set order)
  - ACK message showing that your request was received and accepted.
  - PFA response on the NAME and DOB search.
  - NCIC response on the NAME and DOB search.
  - VWM response on the NAME and DOB search of PA Hot Files.
  - OLS response with PennDOT information.
  - LTC response with Concealed Weapons Permit information.

Concealed Weapons Permit (CWQ)

CWQ - Query Concealed Weapons Permit

Originating Agency Identifier (ORI) PAPSP0064 *
Destination State (DST) *
Optional Control Field (OCF)

Enter **At Least One** of the Following Fields or Sets:

Name (NAM) and
Date of Birth (DOB)
Social Security Number (SOC)
Permit Number (PER)

Submit Delete

The CWQ can query out of state Concealed Weapons Permits from this screen only.

Federated Search (BCIQ)

BCIQ - Federated Search

Originating Agency Identifier (ORI) PAPSP0064 *
Destination State (DST) PA *
Name (NAM) *
☐ Name Combination Search

Optional Fields:

Sex (SEX)
Race (RAC)

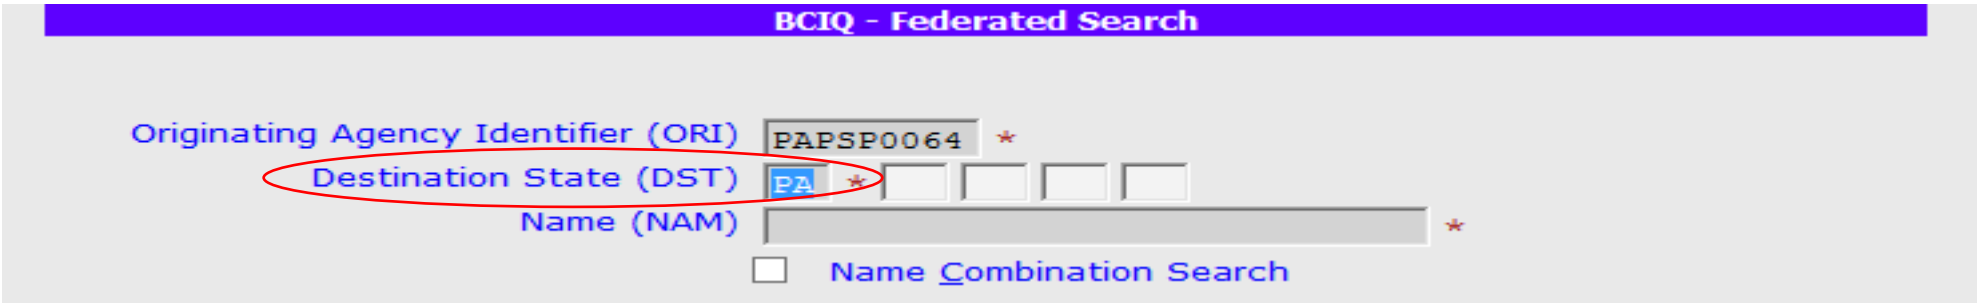
BCI Federated Search (BCIQ)

When a BCIQ transaction is submitted, the information queried will be submitted into the forms:

QH	- III Index Inquiry
MN	- Master Name Index
DQ	- Driver’s License Query
DQG	- Driver’s License Query by Region
QROS	- PA Firearm Record of Sale
QWI	- Query Wanted Person in both NCIC and III
SQ	- Snowmobile Registration Query
BQ	- Boat Registration Query
CWQ	- Query Concealed Weapons Permit



BCIQ has the ability to query Driver's Licenses by Region. (DQG)

To use this feature, the Destination State has to be one of Nlets' Regional Broadcast Codes:
A1, B1, C1, D1, E1, F1, G1, OR H1

There are five spaces available for DST, which makes running a particular state and a region possible at once.

Caution : The number of responses will be limited when using regional codes due to some of the queries that BCIQ spawns (QIC, SQ, etc.) do not allow regional codes.

State Warrant Query - SWQ

SWQ will soon include local warrants and Domestic Relations that do not make into CLEAN/NCIC.

SWQ - State Warrant Query

Originating Agency Identifier (ORI) PAPSP0064 *

NATIONWIDE

Supervised Release

Agencies can enter into this file immediately, and CLEAN can assist with bulk loads of individuals. Contact Corporal Jason Winkowski @ jwinkowski@pa.gov if your agencies is interested in a bulk load before an automated process is in place.

CLEAN is working with JNET to see if we can automate the process of getting individuals entered in this file.

OFF-LINE SEARCH CAPABILITY

An off-line search is a special technique to obtain computer information which cannot be obtained with an on-line inquiry.

The off-line search can provide information on:

- **statewide transactions**
- **any transaction which occurred through CLEAN or JNET**
- **nationwide through the NCIC computer**

DAILY REPORT

PENNSYLVANIA CRIMINAL INTELLIGENCE CENTER

PaCIC Daily Report

August 30, 2014

The following electronic message contains information compiled by the Pennsylvania Criminal Intelligence Center (PaCIC) for redistribution to participating law enforcement agencies. This report is designated "Law Enforcement Sensitive," meaning it should not be disseminated outside the law enforcement community without the express permission of the author. No portion of this report should be provided to the media. Should you have a question or need additional information regarding details in this report, you are encouraged to contact PaCIC.

CALENDAR OF SIGNIFICANT EVENTS AND DATES

July 10-13, 2014
Bike Week, a family-oriented event, will be held in Gettysburg. The primary venue is the Granite Hill Camping Resort, 3340 Fairfield Road, Gettysburg.

August 1-10, 2014
Musikfest, Bethlehem, PA. This music festival draws 900,000 people each year and takes place in various locations throughout Bethlehem.

August 14-24, 2014
The 75th annual Little League World Series (LLWS) will be held in South Williamsport. This event draws more than 300,000 individuals from across the world. All 32 games are broadcasted live in over 150 nations, making the LLWS the third most-televised sporting event in the world.

OFFICER SAFETY

BERKS COUNTY: Wanted for Homicide. The Reading Police Department (RPD) is looking for Jose Louis Negron, Hispanic male, 5'09", 200 lbs., brown eyes, black hair, LKA: 358 North Front Street, Reading, for a homicide that occurred on 06/21/2014 in Reading. Negron also has ties to Union City, New Jersey and Puerto Rico. It is believed he has fled the area. He may be traveling with his girlfriend, Zuleika Baez-Cintron, possibly in a gray SUV with Pennsylvania registration JMM9529. The murder weapon was a black 9mm handgun, which has not been recovered. *Negron should be considered armed and dangerous.* Any agency with information should contact Investigator Eric Driesbach, RPD, at (610) 655-6175 or (484) 955-5374. (PRD, 07/10/2014)

NEGRON

STATE / LOCAL

BERKS COUNTY: Burglary. The Wyomissing Police Department (WPD) is investigating the theft of a 2009 Philadelphia Phillies National League Championship Series ring from a resident of the Wynnewood complex on North Park Road between 06/09/2014 and 06/11/2014. The ring was in a plastic cup of loose change that was also taken. Other valuables in the apartment were not touched. The victim stated that he did not have visitors during that time frame. There was no sign of forced entry. Any agency with information should contact Criminal Investigator Daren Anders, WPD, at (610) 375-6102 ext. 138. (WPD, 07/10/2014)

CHESTER COUNTY: Theft of ATV. The Willistown Township Police Department (WTPD) is investigating the theft of a 2009 Yamaha 700cc Grizzly 4X4 ATV that occurred at approximately 1720 hours on 06/19/2014. The suspect, who appears to be a White male, was operating a Dodge 1500 pickup with the bed being a different color than the cab and a partial Pennsylvania registration of ZBE. Any agency with information on the suspect or with

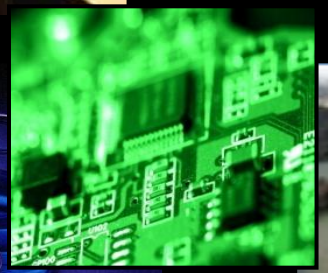
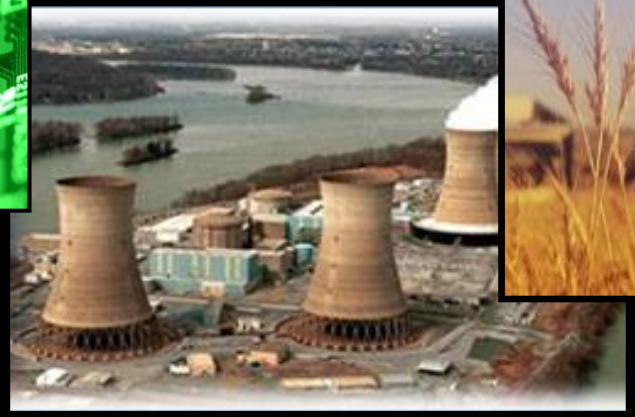
CRITICAL INFRASTRUCTURE KEY RESOURCES (CI/KR)





PENNSYLVANIA
CRIMINAL INTELLIGENCE CENTER

©2016 by the Commonwealth of Pennsylvania. All rights reserved.

WHAT IS CI/KR?

- Critical infrastructure are the assets, systems, and networks, whether physical or virtual, so vital to the United States that their incapacitation or destruction would have a debilitating effect on security, national economic security, public health or safety, or any combination thereof.
- Defined by Homeland Security Presidential Directive 7 (HSPD-7)

PENNSYLVANIA
CRIMINAL INTELLIGENCE CENTER

©2016 by the Commonwealth of Pennsylvania. All rights reserved.

CI / KR

- What percent of the nation's critical infrastructure is owned and operated by the private sector?
  - **An estimated 85%**
  - Because 85% of the CI/KR is owned by the private sector, it is vital that we develop effective and efficient information sharing partnerships with private sector entities.

©2016 by the Commonwealth of Pennsylvania. All rights reserved.

CI/KR OBJECTIVES

- Develop an ongoing dialogue between analysts and the public and private sectors
- Increase suspicious activity reporting
- Enhance security and awareness across all sectors

Information Bulletin

CIKR-16-2016 July 18, 2016

SUSPICIOUS ACTIVITY AT FINANCIAL INSTITUTION

(U//FOUO) Law enforcement in Clearfield County is investigating a suspicious incident that occurred on 06/28/2016 at a financial institution located in the City of DuBois. The pictured subject identified himself as a subcontractor for Comcast and stated he was there for a service call and needed access to the bank's server. Employees were attempting to verify his employment status and work order when the subject stated his partner, who was waiting in the truck, had called to inform him the work order was cancelled. The male then exited the bank; however employees did not see him enter a vehicle. The subject did not gain access to the server.

(U//FOUO) The subject is described as a white male, in his mid-20s, approximately 6', with brown hair, long sideburns, and a goatee with no mustache. He was wearing an orange shirt that read "Fiber Trench" or "Fibertrench." The male did not display an employee badge or identification card.

(U//FOUO) If the above individual enters a financial institution and attempts to access restricted areas, notify law enforcement immediately. Any private sector partners having information on the subject or experiencing similar encounters should contact The Pennsylvania Criminal Intelligence Center (PaCIC) at (877) 777-6835 or email pacic@pa.gov

PaCIC SINs: 03.01 & 05.03.02
HSEC SINs: 4.10
S.S.

The information used in this bulletin is drawn from open sources, DHS open source reporting, FBI and other law enforcement intelligence reports and court filings. State police has high confidence in the information obtained from court documents and those of government agencies. State police has medium confidence in the information obtained from open sources, which includes media reports and Internet websites whose information is credibly sourced and plausible but may contain biases or unintentional inaccuracies. When possible, open source information has been corroborated through other law enforcement and government sources.

WIKILEAKS RELEASES EMAILS FROM THE DEMOCRATIC NATIONAL COMMITTEE. On 07/22/2016, WikiLeaks released 19,252 emails and 8,034 attachments that Democratic National Committee (DNC) officials sent between January 2015 and May 2016. The data was posted on the WikiLeaks Twitter page three days prior to the start of the DNC Convention in Philadelphia. WikiLeaks did not identify the source of the information, but U.S. intelligence agencies have cited the Russian government. The suspected hacker who breached the email system, "Guccifer 2.0," has stated that he is not Russian, but a Romanian anti-government hacktivist.[1] Guccifer 2.0 used a Russian language virtual private network (VPN) when he spoke with journalists and often references a prominent Soviet revolutionary member, Felix Dzerzhinsky, in his blog. It is unknown if Guccifer 2.0 is the true hacker of the DNC emails. The Russian government denied any involvement and denied sponsoring Guccifer 2.0. The Federal Bureau of Investigation (FBI) is investigating the breach.[2]

***ANALYST COMMENT**: The hacker Guccifer 2.0 has modeled himself after a Romanian hacker, Marcel Lazer Lehel, who used the moniker, "Guccifer." In 2013, Lehel was accused of hacking accounts and websites associated with U.S. officials, celebrities, and law enforcement members. Some of his victims included Colin Powell, Barbara Bush, Jim Nantz, and several FBI and Secret service agents. Lehel claimed that he hacked Hillary Clinton's e-mail server while she was serving as U.S. Secretary of State. In 2014, Lehel was indicted by a grand jury and charged with wire fraud, unauthorized access to protected computers, identity theft, cyberstalking, and obstruction of justice. Lehel was extradited to the U.S. and made his first court appearance in April 2016.[3]*

U.S. CONGRESS WEBSITE SHUT DOWN BY DDOS ATTACK. The U.S. Congress' website was shut down for three days after its online portal congress.gov and the U.S. Library of Congress and the U.S. Copyright Office were affected by a distributed denial of service (DDoS) attack. The U.S. Library of Congress spokesperson claimed that the event stemmed from a domain name system (DNS) attack that started on 07/17/2016. A hacker created malformed user datagram protocol (UDP) packets and sent them to the DNS server. As a result,

About PFAD

In October 1994, Governor Robert Casey signed into law Act 85, a bill providing extensive amendments to Pennsylvania's Protection From Abuse Act, which included the legislative mandate for a statewide protection order registry, operated by the Pennsylvania State Police (PSP).

In May 1996, PCADV submitted to the Pennsylvania Commission on Crime and Delinquency (PCCD), a concept paper and preliminary budget for a 3-year project to establish a Pennsylvania PFA Database. The information contained in those documents was subsequently included in PCCD's application for National Criminal History Improvement Program funding for Fiscal Year 1996. That funding was granted and the Protection From Abuse Database Project began in February 1997.

Since that time, PCADV has developed and implemented PFAD, an electronic statewide database. PFAD's mission is to establish and maintain a database that includes all PFA proceedings in the Commonwealth. It is a computer archival system designed to complement the operation of the Pennsylvania State Police Protection Order Registry.

This archival database automates the PFA process in the courts; provides critical statewide data for analysis by the courts and law enforcement; creates and disseminates the PSP Protection From Abuse Summary Data Sheet - information necessary for inclusion in the PSP Registry; and contains all standardized PFA forms approved by the Pennsylvania Supreme Court as well as other forms necessary for protection from abuse cases. PFAD is currently working on developing and implementing electronic forms for Indirect Criminal Contempts. Records from PFAD are immediately available 24 hours a day/365 days a year to authorized users (includes courts, legal agencies and the private bar) via a SECURED Internet website.

Due to PFAD's experience in developing this web-based database, other states have requested technical assistance as they begin to launch their own databases.

Welcome Steve Griffith (Local Law Enforcement) from PCADV in {PFAD} County

About PFAD

In October 1994, Governor Robert Casey signed into law Act 85, a bill providing extensive amendments to Pennsylvania's Protection From Abuse Act, which included the legislative mandate for a statewide protection order registry, operated by the Pennsylvania State Police (PSP).

In May 1996, PCADV submitted to the Pennsylvania Commission on Crime and Delinquency (PCCD), a concept paper and preliminary budget for a 3-year project to establish a Pennsylvania PFA Database. The information contained in those documents was subsequently included in PCCD's application for National Criminal History Improvement Program funding for Fiscal Year 1996. That funding was granted and the Protection From Abuse Database Project began in February 1997.

Since that time, PCADV has developed and implemented PFAD, an electronic statewide database. PFAD's mission is to establish and maintain a database that includes all PFA proceedings in the Commonwealth. It is a computer archival system designed to complement the operation of the Pennsylvania State Police Protection Order Registry.

This archival database automates the PFA process in the courts; provides critical statewide data for analysis by the courts and law enforcement; creates and disseminates the PSP Protection From Abuse Summary Data Sheet - information necessary for inclusion in the PSP Registry; and contains all standardized PFA forms approved by the Pennsylvania Supreme Court as well as other forms necessary for protection from abuse cases. PFAD is currently working on developing and implementing electronic forms for Indirect Criminal Contempts. Records from PFAD are immediately available 24 hours a day/365 days a year to authorized users (includes courts, legal agencies and the private bar) via a SECURED Internet website.

- [X] Weapon Present on the Property
- [X] Weapon Ordered Relinquished

The Court Hereby Finds: That it has jurisdiction over the parties and subject matter, and the Defendant will be provided with reasonable notice and opportunity to be heard.

The Court Hereby Orders:

- [X] Defendant shall not abuse, harass, stalk or threaten any of the above persons in any place where they might be found.

This Order is entered **after a hearing and decision by the court.** Without regard as to how the order was entered, this is a final order of court subject to full enforcement pursuant to the Protection From Abuse Act.

Plaintiff's request for a final protection order is granted.

1. Defendant shall not abuse, stalk, harass, threaten or attempt to use physical force that would reasonably be expected to cause bodily injury to Plaintiff or any other protected person in any place where they might be found.

2. Defendant is completely evicted and excluded from the residence at:

   or any other residence where Plaintiff or any other person protected under this order may live. Exclusive possession of the residence is granted to Plaintiff. Defendant shall have no right or privilege to enter or be present on the premises of Plaintiff or any other person protected under this order.

3. Defendant is prohibited from having **ANY CONTACT** with Plaintiff, or any other person protected under this order either directly or indirectly, at any location, including but not limited to any contact at Plaintiff's or other protected party's school, business, or place of employment.

4. Defendant shall not contact Plaintiff, either directly or indirectly, or any other person protected under this order, by telephone or by any other means, including through third persons.

5. FIREARMS, OTHER WEAPONS AND AMMUNITION RESTRICTIONS

   Defendant is prohibited from possessing, transferring or acquiring any firearms for the duration of this order.

   Defendant is directed to relinquish the the sheriff any firearm, other weapon or ammunition listed in Attachment A to Final Order, which is incorporated herein by reference.

6. Any firearm delivered to the sheriff or transferred to a licensed firearm dealer, or a qualified third party who satisfies the procedural and substantive requirements to obtain a safekeeping permit issued under 23 Pa. C.S.A. § 6108.3 pursuant to this order or the temporary order shall not be returned to Defendant until further order of court or as otherwise provided by law.

7. The following additional relief is granted as authorized by §6108 of the Act:
   Defendant is prohibited from stalking, as defined in 18 Pa.C.S.A. § 2709.1, or harassing, as defined in 18 Pa.C.S.A. § 2709, the following family and household members of Plaintiff:

The **Municipal Police Officers' Education & Training Commission** was established in 1974 to set certification and training standards for police officers employed by municipalities in the Commonwealth of Pennsylvania. Regulations published from the Act 120 statute guide the process for determining eligibility for certification and standardize the basic academy and annual in-service training curriculum provided to all certified police officers.
