PA Constables' Classroom Code of Conduct

All newly elected or appointed constables and deputy constables must sign off on the PA Constables' Classroom Code of Conduct prior to enrolling into any constable training classes for training year 2017. If you have attended constable training classes anytime from 2010 through 2016, you have already signed off on this document and do not need to submit the acknowledgement again.

Enrollment Instructions for Training Classes

ALL TRAINING COURSES ARE FILLED ON A FIRST-COME, FIRST-SERVED BASIS. Courses are also limited in size. Those course limits are strictly enforced, so it is important to enroll early. In order to ensure uninterrupted certification, constables should enroll in training courses as soon as possible. **Enroll early. Online enrollment is best.**

If you have not done so already, please make sure to register as a user in the Constables' Certification, Education and Training System (CCETS). Do not wait until the 2017 classes are open for enrollment to register for CCETS. If you register early in CCETS, you can then familiarize yourself with the system and how to enroll in classes, view training history, view and change personal information and share information with other certified constables and deputy constables. **You must be a registered CCETS user to enroll into classes online.** Program staff must approve the registration prior to logging into CCETS.

To complete the First Time User Registration go to: www.pccdcis.pa.gov/CCETS/Login.aspx.

Online enrollment is secure and fast, and is confirmed immediately. Enrollment can also be accomplished by mailing or faxing a completed training enrollment form directly to the appropriate regional training delivery contractor. The training enrollment forms can be found online and are included in this training schedule. The fax and address information for the appropriate regional training delivery contractor contact is also included in the printed training schedule. **Do not mail or fax enrollment forms to PCCD.**

Enrollment questions should be referred to the appropriate regional training delivery contractor. Constables cannot enroll for training courses by calling or mailing PCCD, please contact the appropriate regional training delivery contractor.

Please note that newly elected constables and newly appointed deputy constables should enroll early for the 80-Hour Basic Training Classes because these classes will be cancelled if the minimum requirement of 14 students is not met.

****Note:** There is a PCCD standard for the minimum number of students per class. A class may be **cancelled** if this minimum standard is not met. **Notification of cancellation will be made by the regional training delivery contractor via registration information filed by constables.**

2017 Constable Training Curriculum

80-Hour BASIC TRAINING

All newly elected constables or appointed deputy constables are required, under Act 49-2009 §7142(a), to attend and successfully complete basic training in order to perform judicial duties and be paid. Constables and appointed deputy constables must be registered with PCCD.

Refer to Title 37 Law, Chapter 431, for regulations relating to the certification of constables and deputy constables. In order to successfully complete basic training, an individual must attend and participate in all training as scheduled, achieve a passing score of at least 70% on each written examination administered during the course, and successfully demonstrate practical skills during each proficiency examination. Constables and deputy constables are tested in each of the subjects listed below. An individual who receives less than 70% on any written exam will have only one opportunity to re-test in that subject. If an individual fails the re-test, that individual has failed the basic training course and will not be certified by the Board.

Basic Training will consist of instruction in the following subjects:

Role of the Constable in the Justice System (4 hours)

This block of instruction provides an overview of the evolutionary development of the constable in Pennsylvania. It clarifies the constable's legal responsibilities, as well as identifying civil liability issues that may affect the office of the constable. In addition, constables are presented with a working knowledge of the Pennsylvania justice system. This course includes a written examination.

Professional Development I – Formal Communication (4 hours)

Formal communications are an important skill in any profession. Given the position of the constable in Pennsylvania's judicial system it is especially important for constables to understand the importance of formal communications and how it impacts their day-to-day operations. The course includes an introduction to basic interview skills along with the basic principles of report writing. This course includes a written examination.

Professional Development II – Professional Conduct (4 hours)

This course was developed to facilitate constables' understanding of the issues of professional conduct and how they impact their day-to-day operations. The course presents an introduction to the development of moral standards and the importance of ethics for constables. Other specific areas that are discussed include individual responsibility and standards, relationships with the community and cultural diversity. This course includes a written examination.

Civil Law and Process (12 hours)

This instruction focuses on many of the constable's duties in the area of civil procedure, including service of process. The topic takes into account procedural rules that are applicable throughout the Commonwealth under Title 24, Minor Court Civil Rules, while directing constables to be cognizant of local rules and customs. Specific emphasis is placed on the citation of rules of Chapters 200, 300, 400, 500, 800, and 1200. Additionally, Title 42, Chapter 62A.

This course includes a written examination.

Use of Force (4 hours)

This area of training provides the constable with working knowledge in the areas of both lethal and non-lethal use of force. Recent case law pertinent to use-of-force issues is presented. This course includes a written examination.

Constables must come prepared for physical activity and dressed appropriately. In addition, this session provides the constable with techniques for retaining the holstered handgun from attack. These techniques will also provide the constable with the ability to prevent attacks on his/her holstered handgun. Each constable must demonstrate a working knowledge of each technique. The constable must supply his/her duty belt and holster. This course includes a written examination.

Prisoner Transport (4 hours)

This course provides Pennsylvania's constables with the procedures to properly handle prisoners in correctional facilities, in the transport vehicle or van, during movement, and throughout escort into court. The training also addresses numerous variables of prisoner transport, including constable safety, prisoner movement preparations, proper control and restraint, and special considerations such as pregnant or suicidal prisoners. The course includes discussion on movement and transportation issues based on several actual incidents that have occurred throughout the United States. This segment provides constables with actions and precautions that they can employ to reduce the possibility that a prisoner will escape their custody or that a problem will occur during transport. This course includes a written examination.

The course also discusses the advantage of developing and maintaining acute listening skills as they relate to possible confrontational situations and de-escalation. This course includes a written examination.

OCAT Oleoresin Capsicum (OC) (4 hours)

This 4-hour block of instruction covered the practical applications of Oleoresin Capsicum (pepper) spray. The class was divided into lectures and practical exercises. Lectures covered the characteristics, effects, proper usage, and decontamination of OC spray, as well as a review of the use-of-force continuum. Practical exercises reviewed proper carrying and drawing techniques, body positioning, proxemics, patterns of movement, and spraying. Scenarios covered spraying a combative subject in a variety of settings, including single-constable, contact/cover, and constable-down situations.

Monadnock® Expandable Baton (MEB) (4 hours)

This class added four subject-control techniques to the Monadnock Expandable Baton (MEB) Basic and was presented in a 4-hour block of instruction. Successful completion of the instruction provided the constable with certification from the Monadnock Police Training Council, Inc. Constables demonstrated their baton carries, blocks, strikes, and retention techniques. They also demonstrated subject-control techniques, including baton arm locks, escorts, and handcuffing techniques. Constables were able to discuss use of force issues and the Monadnock Baton Chart.

Based upon successful completion of continuing education by October 2017, constables and deputy constables will be issued certification cards in December 2017, which will indicate certification for 2018.

Defensive Tactics (8 hours)

This is an 8-hour block of instruction that reviews and provides practice in basic constable defensive tactic techniques including patterns of movement/footwork, interception principles and handcuffing. Part of the training day will include mandatory participation in scenario-based training exercises. This course includes a written examination.

Conduct and Public Perception (4 hours)

This 4-hour module focuses on several instances which affect the public's perception of constables. Some of the cases to be examined include criminal acts (rape and impersonating a police officer), professional misconduct (unsworn falsifications, making false reports, insurance fraud, and corruption of minors), and fraudulent billing (felony counts of theft by unlawful taking and theft by deception). On the positive side, this course also discusses several situations where constables made good, sound decisions that were noticed and appreciated in the community. As part of the module, a simple set of guidelines is provided to aid in determining whether actions cross the line into illegal or unethical activities. The module also uses video clips of constable actions that have gone awry, along with lecture and discussions, to accomplish the learning objectives. This course includes a written examination.

Defendants with Special Needs (4 hours)

This course will provide constables with the knowledge and skills to recognize the signs and behaviors of individuals with special needs. A discussion focusing on mental illness is included to facilitate students' understanding of indicators of common mental illnesses as well as ways to maintain control of encounters with the mentally ill. Additionally, this course emphasizes how a constable should interact with emotionally disturbed persons, including those who are suffering from excited delirium. Specific information related to interacting with individuals who may be suicidal is included, as well as a discussion on what to do as a hostage or as a first responder to a hostage situation. This course includes a written examination.

Title 44, Law and Justice (4 hours)

This course provides an overview of two issues related to civil law that impact constables. The course begins with an overview of *Act 147 of 1990* and how the court ruling regarding this act impacted the office of constable. The remainder and primary focus of the course is a review of Pennsylvania Title 44, Law and Justice, Part IV. Other Officers, Chapter 71, Constables, Subchapters C. Appointment, D. Conflicts, E. Training, and G. Compensation. Emphasis will be placed on Subchapter G. Compensation in an effort to provide procedural guidance to constables regarding their reimbursement for travel and mileage costs, as well as for the appropriate collection of fees for tasks such as civil, landlord-tenant, and criminal cases. The review of Subchapter G. Compensation will include definitions of fee-based terminology such as conveyance and the differences between tasks such as custody and conveyance. In addition, the information for this subchapter also will include how the submission of one fee will negate the use of another. We will conclude this subchapter with the introduction of a Microsoft Excel spreadsheet that will provide constables with a tool to calculate their compensation and mileage reimbursement. This course includes a written examination.

8-Hour OPTIONAL TRAINING

(Participants **must** complete all 8-Hours of instruction. Participants **will not** be permitted to pick and choose which segment to complete).

OCAT Oleoresin Capsicum (OC) Course (4 Hours)

This 4-hour block of instruction covers the practical applications of Oleoresin Capsicum (pepper) spray. The class is divided into lectures and practical exercises. Lectures cover the characteristics, effects, proper usage, and decontamination of OC spray, as well as a review of the use-of-force continuum. Practical exercises review proper carrying and drawing techniques,

body positioning, proxemics, patterns of movement, and spraying. Scenarios cover spraying a combative subject in a variety of settings, including single-constable, contact/cover, and constable-down situations. Successful completion of the instruction provides the constable with a Personal Protection Consultants, Inc. (PPC) certificate valid for three years from an approved PCCD Physical Skills Instructor utilizing curriculum from PPC. This class includes a written exam and a proficiency exam.

- AND -

Monadnock Expandable Baton (4 Hours)

This class adds four subject-control techniques to the Monadnock® Expandable Baton (MEB) Basic and is presented in a 4-hour block of instruction. Successful completion of the instruction provides the constable with certification valid for three years from an approved PCCD Physical Skills Instructor utilizing curriculum from Safariland Training Group. Constables demonstrate their baton carries, blocks, strikes, and retention techniques. They also demonstrate subject-control techniques, including baton arm locks, escorts, and handcuffing techniques. Constables are able to discuss use of force issues and the Monadnock Baton Chart. This class includes a written exam and a proficiency exam.

40-Hour BASIC FIREARMS

The 40-hour Basic Firearms course is designed to provide an essential grounding in acceptable law enforcement techniques for any constable who is uncertified with a weapon and who is not precluded under State or Federal law from possessing or using a firearm. The course consists of a series of lectures, laboratory activities, and practical exercises that provide a basic understanding in the safe manipulation of a service revolver/pistol. It starts with the presumption that the participant has little or no formal training. The course stresses safe handling techniques, proper cleaning, correct weapons handling skills and marksmanship. As part of the training, the constable will be exposed to firing in reduced light and to interactive judgmental shooting scenarios. It is offered upon the conclusion of the Basic 80-hour course. In order to qualify to attend the next year's 20-Hour Advanced Firearms course, constables must successfully complete the current year's Basic Firearms Training Program with a Constable Qualification Course (CQC) score of at least 88%.

The CQC is divided into two stages. A shooter must qualify on each phase with a score of 75%. The shooter who fails to pass one of the phases will be permitted to repeat the phase on which he or she did not meet the 75% threshold. The CQC is the same for all firearms training classes.

Prior to enrolling in the 40-Hour Basic Firearms training, all constables and deputy constables must complete and submit the PCCD Background Check Form (PCCD Form 214). After the form is submitted, PCCD staff will complete a Background Check to determine eligibility to enroll in the 40-Hour Basic Firearms course.

20-Hour ANNUAL FIREARMS

The 20-hour Annual Firearms course consists of 20 hours of instruction focused on the improvement of basic marksmanship skills. Along with a qualification course, it includes reduced-light and judgmental training, as well as modules designed to improve marksmanship and weapons handling skills. Daily range evaluations and assessments will evaluate each student's skills and will provide information to enhance future firearms training programs for constables.

20-Hour ADVANCED FIREARMS

The 20-Hour Advanced Firearms course consists of a series of evaluations, laboratory, and practical exercises that insure that the constable meets the PCCD firearms certification requirements. This year's topic contains information regarding target identification to include friendly fire or blue-on-blue shooting information. While all four standing firearms safety rules are maintained during the course, this topic will focus on Rule Four, **"Be sure of your target and what is beyond it."** **Know what it is, what is in line with it, what is beside it, and what is behind it. Never shoot at anything you have not positively identified.** This rule stresses, first, the need to confirm that our target is indeed one that we intend to shoot. Second, it ensures that, if we do shoot, we will not endanger innocent bystanders who may be in front of, alongside, or behind the threat. While decision making is covered currently during the simulation training, this training will be enhanced as the students will be using their own weapon and live ammunition. Additionally, they will be called upon to move and manipulate their weapons while demonstrating all their gun handling skills. The benefit to the students of experiencing recoil while maintaining safe gun handling practices is that they are stressed and called upon to make quick decisions regarding threats and their engagement cannot be overstated.

To continue to attend Advanced Modules, the constable must score an 88% or higher on the CQC. In the Advanced Firearms Module, the CQC is conducted once weapons are inspected and function checked. Unlike the Basic and Annual modules, there is **no** practice attempt on the CQC.

Training Qualification with an Additional Weapon

Qualification with two weapons is permitted, *subject to time constraints and range conditions*. The constable must provide sufficient ammunition for that additional weapon. Constables must qualify with Weapon 1 before they will be permitted to attempt to qualify with Weapon 2.

In the event that a constable fails to achieve the required score during a Weapon 1 qualification attempt and re-shoots the portion of the course failed but still fails to qualify, that constable will not be permitted to attempt qualification with Weapon 2.

2017 Constables' Firearms Training

The Constable Education and Training Board ("Board") adopted several changes to the Constable Firearms Qualification Course in 2010. The dual phase qualification was retained, but now uses the more simplified NRA TQ-19 center mass target. The course of fire reinforces the training received and duplicates "real world" scenarios while still insuring range safety. The course of fire includes the use of barricades, the requirement to move to cover, and the use of verbal challenges in each stage.

There have been no changes made to the Constable Qualification Course for 2017; however, shooters will only sign off on each Phase rather than each Stage on the range sheet.

Highlights of the Qualification Course

NRA TQ-19 Center Mass Target

Figure 1 NRA TQ-19 Target

- The course requires that a shooter score at least a 75% in each phase. The constable must qualify on both phases with a minimum raw score of at least 45 out of 60 points for each phase, for a total possible score of 120.
- Barricade Positions at the 15 and 25 Yard Stage.
- Barricade stages involve shooter moving to cover, approximately 1-2 yards.
- Shooters practice verbals once per stage.
- Maximum score moves from 300 (5 X 60) to 120 (2 X 60)

Participation in firearms training is limited to constables who are current with their training, insurance, and certification. Only constables and deputy constables who are currently in office, and who have achieved certification through basic training or the waiver examination, will be allowed to attend a firearms training course. Current, valid certification is required before any constable or deputy constable can be enrolled or admitted to any firearms class. See Title 37 Law, Chapter 431, for regulations relating to the certification of constables and deputy constables.

Once certified to carry a firearm while performing the duties of a constable under §7148 of Act 49-2009, a constable or deputy constable must annually attend and successfully complete firearms training in order to remain certified to carry a firearm. An annual background check of each individual's criminal history record is also conducted. Constables and deputy constables who desire firearms certification under §7148 of Act 49 must initially attend and successfully complete the 40-Hour Basic Firearms Training.

Constables who have previously been certified to carry a firearm under Act 49 should schedule themselves to attend Annual Firearms or Advanced Firearms Training. Firearms classes are distinguished by the following letters in the class ID number. “BF” stands for Basic Firearms, “AF” for Annual Firearms, and “SF” for Advanced Firearms.

Necessary equipment for the constable participating in Firearms Training:

- 1.) Appropriate service handgun of one of the following calibers: 380, 38 Special, 357, 40, 45, 9mm. Refer to Title 37 Law, § 431.43 for regulations relating to firearms qualification.
- 2.) Appropriate reloading device (at least two speed loaders or two magazines)
- 3.) Minimum of 60 rounds of service-type, **factory** ammunition for qualification (50 rounds for five-shot revolvers). Constables are encouraged to bring enough extra ammunition for second attempts to qualify, if necessary. **Reloads are not permitted.**
- 4.) Duty belt, Level 2 or higher, security holster (per Pennsylvania Unified Judicial System's Constable Policies, Procedures and Standards of Conduct, Section IV. Security and Transportation), and flashlight suitable for reduced-light exercises
- 5.) Eye and ear protection, baseball cap, and clothing suitable for inclement weather

Please note: The training delivery contractor may reconfigure the sequence of individual classes to deal with environmental or physical facility issues. When scheduling your firearms training class, please keep in mind that range and weather conditions vary throughout Pennsylvania.

Important Notice: All constables and deputy constables will be required to supply the Program with their weapon information when enrolling into classes in CCETS. All weapon information will be available via drop down lists that have been populated with the exact makes, models, and calibers. We are requesting this information so that Program Staff can clean up the weapon information currently stored in CCETS. Thank you for your assistance in this matter!

The PCCD has made access to the Constables' Certification, Education and Training System (CCETS) available from the PCCD website. A constable's personal information can be accessed only after the constable has properly identified himself during the process of signing-in to the CCETS system.

Constables can enroll for training via the Internet:

A constable can search the training schedule by region and type of training, select a class, and enroll in it online. When a class is full, the system closes that class and only accepts enrollments to the waiting list. A constable is also able to cancel his or her enrollment for one class and enroll in a different class simultaneously. The system will not allow a constable to enroll in more than one class of a particular type at any given time. The system builds class rosters and automatically moves the first person from the waiting list to the class roster when another constable cancels his or her enrollment. It also tracks who has cancelled out of a class.

NAVIGATING THE PCCD WEBSITE

1. Go to: www.pccd.pa.gov
2. When the PCCD Home Page opens, click on the "TRAINING" link on the right side of the page.
3. You will see "Constables' Education and Training Board" in the left column of the page. At the bottom of the paragraph is a link "Constables Education and Training Board web page..." this will take you to the full Constables' Education and Training Board webpage.
4. Then, select the link for "Register/Login to CCETS" on the right side of the page.
5. Once logged into CCETS, you can access your personal information and enroll in a class.

Training Enrollment Form (to enroll by mail or fax)

Class enrollment with the appropriate regional training delivery contractor is required prior to attending any class. Training is on a first-come, first-served basis. Class space is limited due to the availability of training facilities, and to provide a proper training environment. **Class enrollments cannot be accepted over the telephone.**

To enroll by mail or fax, complete an Enrollment Form and mail or fax it directly to the appropriate regional training delivery contractor. **Do not send enrollment forms to PCCD.**

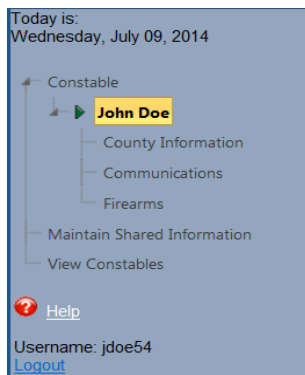

All training enrollment questions should be referred to the appropriate regional training delivery contractor. **Constables cannot enroll in classes by calling or mailing PCCD.**

****Please note that class dates and/or training locations are subject to change. You will be contacted by the appropriate regional training delivery contractor if changes occur. Always double check the class information in CCETS as well.**

Highlights of CCETS Website for the Constable User

Please Note: All of the following features are only accessible to constables who are registered in CCETS.

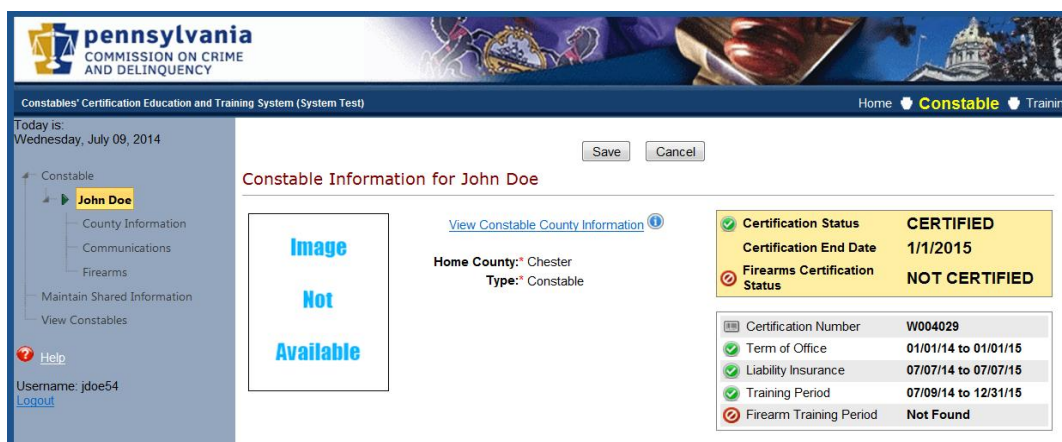

Navigation through CCETS is mainly by using the various categories and triangles on the left side. By clicking a triangle, it will expand and provide more links under that category. Also by clicking on the “Help” link on the screen, a word document will open and provide further information about that screen.

A user can also navigate by using the tabs on the upper right, shown below:

By clicking on the “Constable” a user will see all their basic information. On the upper right side of the screen is a quick snapshot of a constable or deputy’s status regarding certification.

The information on this dashboard will be updated as a constable renews insurance, completes training or has term dates updated by the Clerk of Courts. The Clerk of Courts will have direct access to CCETS to update the constables’ liability insurance and term dates.

By clicking on the “Maintain Shared Information” tab, a user can choose which information to share with other constables.
