

PENNSYLVANIA COMMISSION ON CRIME AND DELINQUENCY
School Safety and Security Committee
COVID-19 Disaster Emergency Targeted Health and Safety Grants (20/21)

Funding Announcement: COVID-19 Nonpublic School Health and Safety Grants FY20-21

Applications: 29 Applications

Project Period: July 1, 2020 to June 30, 2021

Project Description and Recommendation:

On June 16, 2020, the COVID-19 Nonpublic School Health and Safety Grants funding announcement was released. Per Act 30 of 2020, \$7.5 million was allocated to the School Safety and Security Fund administered by the School Safety and Security Committee (SSSC) at the Pennsylvania Commission on Crime and Delinquency (PCCD) to support COVID-19 Disaster Emergency Targeted School Health and Safety Grants for the 2020-2021 school year.

Intermediate units were able to apply on behalf of nonpublic schools for targeted health and safety grants to address COVID-19-related health and safety needs. As per Act 30, budget requests were limited to up-to-\$10,000 for each intermediate unit and each nonpublic school to support the following items and activities:

- (1) purchasing of cleaning and sanitizing products that meet the centers for disease control and prevention or department of health criteria.
- (2) training and professional development of staff on sanitation and minimizing the spread of infectious diseases.
- (3) purchasing of equipment, including personal protective equipment, thermometers, infrared cameras and other necessary items.
- (4) modification of existing areas to effectuate appropriate social distancing to ensure the health and safety of students and staff.
- (5) providing mental health services and supports, including trauma-informed approaches for students impacted by the covid-19 disaster emergency.
- (6) purchasing educational technology for distance learning to ensure the continuity of education.
- (7) other health and safety programs, items or services necessary to address the covid-19 disaster emergency.

The application period closed on July 8, 2020. 29 applications from the 29 intermediate units serving the Commonwealth were initially received, requesting a total of \$9.2 million. After PCCD staff review, the total amount of the request was reduced to \$8.8 million due to a budgeting error.

Staff are recommending approval of all 29 applications at an amount not to exceed \$7.5 million, pending resolution of any outstanding programmatic and fiscal concerns. All award amounts will be reduced through proration.

The following is a summary of each IU application and the nonpublic schools making application:
