## 1. Eligible Applicants

- a) *Are we able to apply (with different projects) for both funding streams, or can we submit only one application for either VIP or CCVI?*

**Answer:** As stated on page 7 of the funding announcement, under *4. Eligible Applicants*, eligible applicants for the CCVI solicitation who are also eligible under the [Building Opportunities for Out-of-School Time \(BOOST\) Grants funding announcement](#) and/or [Violence Intervention and Prevention \(VIP\) Grants funding announcement](#) may only submit one application to PCCD (e.g., you cannot submit an application under all three funding announcements). Please select the solicitation that best aligns with your proposed project.

- b) *Are we, the District Attorney's Office, considered one entity with the rest of the City, or can we apply separately as our own agency, if another City agency also submits an application (for a separate project)?*

**Answer:** District Attorney's may apply, but the County must act as the fiduciary agent and be the official applicant and direct recipient of funding if awarded since PA Statute requires all payments to any agency under the jurisdiction of a county be made payable to the county on behalf of the agency. Nothing precludes the District Attorney's Office or county/municipality from submitting separate and distinct applications under the CCVI solicitation. Given the competitive nature of this solicitation and the emphasis on supporting comprehensive strategies for an entire local jurisdiction/community, PCCD strongly encourages CCVI applicants to consider collaborative proposals/projects and, at a minimum, ensure that submitted applications are not duplicative.
