Project Summary and Analysis

Funding Announcement: 2021 Violence Intervention and Prevention Grant Program

Applications: 25 Applications

Project Period: February 1, 2022 to January 31, 2024

Description and Recommendation:

On September 3, 2021, PCCD announced the availability of \$24 million in state funding over a 24-month period to support FY 2021 Violence Intervention and Prevention (VIP) Grants.

The purpose of VIP funding is to provide grants and technical assistance to address community violence throughout the Commonwealth. For purposes of this funding announcement, ‘community violence’ is defined as intentional interpersonal violence (e.g., gun violence, group violence) in areas of Pennsylvania with high rates of violent crime based on Uniform Crime Report offense data or similar local crime statistics. Funding is intended to prioritize support for effective local intervening and preventive measures to stop gun and group violence that is occurring across the state.

Community-based organizations, institutions of higher education, municipalities, district attorneys, and counties were eligible to apply.

PCCD reviewed 340 initial funding requests received as of the October 15, 2021 deadline. On December 1, 2021, the School Safety and Security Committee approved an initial round of 40 VIP projects requesting approximately \$15.7 million in state VIP funds. This first round of awards was to be followed by a presentation of recommendations from PCCD staff and the VIP Workgroup for a second and final round of FY 2021 VIP grants at the conclusion of an outreach and coordination phase for a subset of additional recommended projects.

In January 2022, PCCD was notified that an additional \$15 million in federal funds would be appropriated to the agency to augment support for viable FY 2021 VIP projects, bringing the total available funding for a second round of VIP projects to \$23,742,602.

Staff and the VIP Workgroup are recommending approval of 25 applications requesting a total not to exceed the available amount of state and federal funds.<sup>1</sup>
