**School Safety and Security Committee**

**1. Overview:**

In response to the unprecedented needs wrought by the novel coronavirus known as COVID-19, Congress authorized \$150 billion in federal Coronavirus Relief Fund (CRF) dollars to go directly to state and local entities to support costs incurred as a result of the pandemic. Pennsylvania received nearly \$5 billion through CRF.

Per Act 30 of 2020, \$150 million of this federal funding was transferred to the Pennsylvania Commission on Crime and Delinquency (PCCD) to support COVID-19 Disaster Emergency School Health and Safety Grants for the 2020-2021 school year. School entities (i.e., school districts, area career and technical schools, intermediate units, charter schools, regional charter schools and cyber charter schools) are immediately eligible to apply for these funds to address COVID-19-related health and safety needs.

**2. Funding Availability:**

A total of \$150 million in School Safety and Security Fund funding supported with federal CARES Act funding is being announced for this initiative. Awards will be made to 779 eligible school entities with budgets not to exceed the formula distribution included in the solicitation for an 8-month project period contingent on the school entity making application to PCCD, pending approval of the School Safety and Security Committee.

Funding is being distributed as outlined in Act 30 of 2020. Act 30 provides that each intermediate unit, area career and technical school, charter school, regional charter school and cyber charter school shall receive \$90,000, and that each school district receives a base amount of \$120,000 and an additional amount determined by the 2018-2019 average daily membership for each school district out of the CARES Act funds remaining after all entities receive their base funding.

Award letters will be emailed as soon as possible after the applications are approved and will also be available in Egrants.

There is no cash or in-kind match requirement under this funding announcement.

**Applicant agencies may submit only one application under this funding announcement.**

PCCD is not liable for costs incurred prior to the official start date of the award.

**3. Project Dates:**

**ATTENTION:** Due to federal CARES Act funding reporting requirements, school entities must expend funding under this solicitation no later than October 30, 2020. Applications will be considered on a rolling basis by PCCD as they are received. The project period is for up to 8-months, with a start date of March 1, 2020 and an end date no later than October 30, 2020. Any eligible purchase made by the applicant or any recipient agencies must be made during the project period.

**4. Eligible Applicants:**

This funding announcement is open to eligible school entities only, which are school districts, area career and technical schools, intermediate units, charter schools, regional charter schools and cyber charter schools.

**NOTE:** Nonpublic schools are eligible for COVID-19 relief through their local intermediate unit through a separate solicitation (see the COVID-19 Nonpublic School Health and Safety Grants FY20-21).

## 5. Eligible Program Activities and Expenses:

Per 24 P.S. §13-1312-B(b), each school entity shall be eligible for a COVID-19 Disaster Emergency School Health and Safety Grant for the following purposes:

- (1) purchasing of cleaning and sanitizing products that meet the centers for disease control and prevention or department of health criteria.
- (2) training and professional development of staff on sanitation and minimizing the spread of infectious diseases.
- (3) purchasing of equipment, including personal protective equipment, thermometers, infrared cameras and other necessary items.
- (4) modification of existing areas to effectuate appropriate social distancing to ensure the health and safety of students and staff.
- (5) providing mental health services and supports, including trauma-informed approaches for students impacted by the covid-19 disaster emergency.
- (6) purchasing educational technology for distance learning to ensure the continuity of education.
- (7) other health and safety programs, items or services necessary to address the covid-19 disaster emergency.

All travel costs must adhere to Federal GSA guidelines:

<http://www.gsa.gov/portal/category/100120>

## 6. Ineligible Program Activities and Expenses:

Any items not related to addressing the COVID-19 disaster emergency as identified in section 5 - Eligible Program Activities and Expenses above are ineligible.

## 7. Required Egrants Sections/Documents:

- Required Egrants Sections – All sections identified in Egrants are required. Applicants will not be able to submit their grant application in Egrants until all sections are marked as complete.
- Required Signed Documents – A successful application must be accompanied by the following:
  - The completed Signature Page (page 2 of the application).

## 8. Application Procedure:

Applications must be submitted electronically through PCCD's Egrants system. Applicants must submit the requested information for each section specified below:

### a. Program Activities

This section is a checklist included in the Egrants application process. Applicants are required to select one or more of the seven items or activities included in 24 P.S. §13-1312-B(b) that directly relate to their application.<sup>1</sup> Applicants should determine which eligible program or expense best fits their project.

---

<sup>1</sup> **NOTE:** Activities and items under 24 P.S. §13-1306-B(j)(1-21) and (23) are not eligible expenses under this solicitation.

b. **Budget Detail**

All applicants should create one budget that matches the activities selected in the Program Activities section and includes all expenses not exceeding the formula distribution for your school included in the funding announcement as approved by the School Safety and Security Committee. This budget can be for up to 8 months, but budget periods can be for shorter lengths as determined by the applicant.

**NOTE:** Due to the short timeframe for the allocation of these awards, applicants will only be required to provide broad budget line items at the time of application. However, applicants may enter more detailed line items in the budget for the items/services that have been, or they know will be purchased with these grant funds to avoid the need to submit additional documentation at a later date. School entities will be required to provide additional budget and/or expenditure detail and program narrative to PCCD during the award period via project modification requests and/or quarterly fiscal and program reports to meet federal and state fiscal requirements.

**Technical assistance tutorials/guides for the Budget Detail section can be accessed [HERE](#). Additional technical assistance on the fiscal sections of PCCD's Egrants' application can be found in a series of tutorials [HERE](#).**

c. **Certification**

This section requires the applicant to certify in Egrants via a checkbox that the funds will be used for the stated purpose in the grant.

**9. Performance Measures:**

Under this funding announcement, successful applicants are required to comply with all reporting, data collection and evaluation requirements, as prescribed by PCCD, state, and federal guidelines.

Successful applicants are **required** to submit quarterly program reports via the PCCD Egrants System. These measures will be selected by PCCD Staff who will work with award recipients on the types of data collection required for each program. Award recipients will be required to accept and report on these selected measures on a quarterly basis.

Award recipients may want to develop additional performance measures that are specifically related to the activities outlined in their application and may track and report all measures on a quarterly basis through the PCCD Egrants System.

**10. Competitive Bidding/Sole Source Procurement:**

All procurement transactions shall be conducted in a manner that provides open and free competition. Grant recipients must follow the Procurement Standards section in PCCD's [Applicant's Manual](#).

Procurements by noncompetitive proposal are strongly discouraged and must demonstrate an economic benefit or lack of alternate resources to be justified. If a request is made, the prospective applicant must identify the request as a procurement by noncompetitive proposal and provide a substantial justification for the request within their funding request (See PCCD's [Applicant's Manual](#) for Procurement by Noncompetitive Proposal Approval Procedure).
