1. Overview:

The School Safety and Security Grant Program was established within the Pennsylvania Commission on Crime and Delinquency (PCCD) by Article XIII-B (relating to school safety and security) of the Public School Code of 1949. This Article contains multiple provisions for school safety and security preparedness, including:

- Mandating the appointment of School Safety and Security Coordinators by school entities.
- Expanding the PA State Police’s Risk and Vulnerability Assessment Team (RVAT) unit.
- Establishing mandatory school safety and trauma-informed approaches training for school entity employees.
- Establishing standards for school police, school resource officers, and school security guards.
- Establishing the Safe2Say Program within the PA Attorney General’s Office.
- Creating a School Safety and Security Committee (SSSC) within PCCD, which was tasked with:
  - Developing criteria to be used to assess school safety and security;
  - Establishing a registry for vendors who may conduct school safety assessments;
  - Issuing a survey to school entities to review school security preparedness at a minimum of every two years;
  - Developing a model trauma-informed approach plan to be used by schools applying under section 1306-B(j) 21; and
  - Administering $60 million in funding via grants.

This funding announcement is specifically for the competitive portion of the School Safety and Security Grant Program. Funding under this category is limited to eligible school entities (i.e., a school district, intermediate unit, area career and technical school, charter school, cyber charter school, regional charter school, approved private school, chartered school for the education of the deaf or the blind, or private residential rehabilitative institution) supporting the eligible activities listed under 24 P.S. §13-1306-B (j)(1-21; 23).

The goal of the School Safety and Security Grant Program solicitation is to make school entities within this Commonwealth safer places.

The anticipated impacts resulting from this solicitation include:

- An increase in the number of safety and security assessments of school buildings throughout Pennsylvania;
- An increase in training opportunities for administrators, teachers, staff and students;
- An increase in the use of school-wide positive behavioral supports and other evidence-based programs related to school safety and security;
- Improvements to districtwide school safety, violence prevention, emergency preparedness and all-hazards plans;
- An increase in security planning efforts and the purchase of security-related technology and equipment;
- An increase in the provision of counseling services for students;
- An increase in the use of school resource officers and school police officers; and
- An increase in the use of trauma-informed approaches to education.
NOTE: School districts are required to submit their “Meritorious Application” under a separate PCCD funding announcement entitled “2019/20 School Safety and Security – Meritorious,” which was also released on September 9, 2019. Nothing precludes a school district from applying for additional School Safety and Security Funding under this solicitation.

School Safety and Security grant funding for programs designed to reduce Community Violence under 24 P.S. §13-1306-B(j)(22) is being released under a separate funding announcement entitled “2020 Community Violence Prevention/Reduction.” Applications for projects under 24 P.S. §13-1306-B(j)(22) shall be administratively rejected under this solicitation.

To assist applicants in the Egrants application process, grant application and administrative guides can be accessed at PCCD’s School Safety and Security webpage at https://www.pccd.pa.gov/schoolsafety/Pages/default.aspx. Applicants are strongly encouraged to review the application and administrative guides BEFORE calling the Egrants Help Desk for assistance.

2. Funding Availability:

A total of $33.78 million in state School Safety and Security funds is being announced to support this initiative. PCCD anticipates that 843 applicants are eligible to apply for up to $450,000, with the exception of the School District of Philadelphia, which is eligible for up to $4.155 million, and Pittsburgh Public Schools, which is eligible for up to $1.755 million.

School entities are limited to one application under this announcement.

There is no cash or in-kind match requirement under the funding announcement.

The SSSC, in its discretion, may award in whole or in part a request made by a school entity in its grant application based upon the merit of a specific item requested. PCCD staff will work with approved grantees on modifying their budget, if necessary.

Award letters will be emailed as soon as possible after the applications are approved and will also be available in Egrants. PCCD is not liable for costs incurred prior to the official start date of the award.

3. Project Dates:

Applications approved at the February 2020 SSSC meeting will be up to 24-month projects with a projected start date of March 1, 2020. The end date for each project may vary, but budgets shall not exceed a two-year project period. The end date for each project may be extended with no additional funding through the submission of a Project Modification Request to PCCD.

4. Eligible Applicants:

Eligibility of these funds is open to a “school entity” as defined by 24 P.S. §13-1301-B. Any school district, intermediate unit, area career and technical school, charter school, cyber
charter school, regional charter school, approved private school, chartered school for the education of the deaf or the blind, or private residential rehabilitative institution is eligible to apply for funding. Classification is based on the PA Department of Education designation which can be found on the Educational Names and Addresses page.

To ensure geographic distribution of awards as required by 24 P.S. §13-1306-B(c), the SSSC has adopted a 12-region model of Pennsylvania. Regions have been organized based on population, contiguous intermediate units, and the total number of possible grant requests. Funding allocated to each region will be determined based on the average of both the total percentage of the population of the region and the total percentage of the funding requests of the applicants for that region. See "Appendix B" for the breakdown of the geographical regions.

Applicants must be in good standing with PCCD to be eligible for these funds. Applicants are not required to have a prior funding history with PCCD to be eligible.

NOTE: Applications submitted under PCCD’s previous 2018 School Safety and Security Grant Program funding announcement or/and the PA Department of Education’s Targeted School Safety grants are NOT automatically resubmitted under this solicitation. Applicants must submit a new application under this funding announcement. Nothing precludes an applicant from using similar content from their previous application.

(23) The implementation of Article XIII-E (relating to threat assessment).5

School entities are strongly encouraged to utilize funding to complete a physical or behavioral health assessment, if one has never been conducted; request expenses related to meeting statutory requirements (e.g., creation of SAP teams, completing an All-Hazards Plan, etc.); or support National Association of School Resource Officers (NASRO) training for School Police Officers, School Resource Officers, and School Security Guards.

Consideration for funding may be given to applicants who have not received an award under the FY18-19 or FY19-20 PA Department of Education Office for Safe School Targeted Grants or Part B of the FY18-19 School Safety and Security Grant Program.

Due to the competitive nature of this funding announcement, PCCD is unable to answer questions about specific proposals. Funding can be used to support activities listed under this section of the funding announcement. It is incumbent upon the applicant to submit an application that they believe complies with the statute. If an applicant believes their project/proposal fits within one or more of the eligible activities, they must provide support for that belief within their application.

6. **Ineligible Program Activities and Expenses:**

   Any item or activity not included in 24 P.S. §13-1306-B(j)(1-21; 23) may be deemed ineligible. All procurement transactions shall be conducted in a manner that provides open and free competition. Grant recipients must follow the Procurement Standards section in PCCD’s [Applicant’s Manual](#).

Procurements by noncompetitive proposal are strongly discouraged and must demonstrate an economic benefit or lack of alternate resources to be justified. If a request is made, the prospective applicant must identify the request as a procurement by noncompetitive proposal and provide a substantial justification for the request within their funding request (see PCCD’s [Applicant’s Manual](#) for Procurement by Noncompetitive Proposal Approval Procedure).

APPENDIX A
Supplantation

Per 24 P.S. §13-1306-B(d), grant funds allocated through the School Safety and Security Grant Program shall be used to supplement and not supplant existing school entity spending on school safety and security. Requested funds should be used to enhance and add to security within each school entity. The following provides examples to assist in determining whether the requested activities are considered supplantation.

Supplantation is NOT:

- Requesting school safety funding in a subsequent year for the same purpose and amount awarded in a previous PCCD school safety grant.
- Requesting items/personnel that are currently funded but not currently included/reoccurring in the school entities budget (e.g. other grant funds, temporary funds, etc.).
- Requesting additional funding to increase the hours of personnel currently part-time or increase program/activity capacity (e.g. adding additional cameras above and beyond what is currently budgeted).

Supplantation is:

- Requesting funding for activities/personnel/items currently included in the school entity’s yearly budget.
- Utilizing grant funds to retroactively support expenses already procured (e.g., using grant funds to pay ongoing expenses as part of a previously executed contract or purchase order).
APPENDIX B
Geographic Distribution

To ensure geographic distribution of awards as required by 24 P.S. §13-1306-B(c), the SSSC has adopted a 12-region model of Pennsylvania for this solicitation. Regions have been organized based on population, contiguous intermediate units, and the total number of possible grant requests. Funding allocated to each region will be determined based on the average of both the total percentage of the population of the region and the total percentage of the funding requests of the applicants for that region.
