

Non-Profit Security Grant Fund Initial Request - Fall 2024

Act 83 of 2019 established the Nonprofit Security Grant Fund Program at the Pennsylvania Commission on Crime and Delinquency (PCCD). Act 83 directs PCCD to administer grants to nonprofit organizations who primarily serve individuals, groups, or institutions that are included within a bias motivation category for single bias hate crime incidents as defined by the FBI's Hate Crime Statistics publication. Nonprofit organizations with a 501(c)(3) designation are eligible for funds to be used for security enhancements designed to protect the safety and security of the users of a facility located in the Commonwealth that is owned or operated by the nonprofit organization.

This survey/form serves as an applicant's initial request for Nonprofit Security Grant Funds. You are not required to complete this request in one sitting. However, to continue working on your request, you must utilize the same computer/system that the initial request was started on. Once you hit the "Submit" button, you will not be able to modify your request.

Please refer to PCCD's Non-Profit Security Grant Fund webpage for further information about the survey, the grant process, and FAQs. Questions regarding this initial request can be sent to RA-CD-NPSEC-GRANT@pa.gov. Due to the competitive nature of the Nonprofit Security Grant Program, PCCD staff are unable to answer questions about specific proposals.

If your initial request is approved, you will be contacted by PCCD staff to complete a final, more robust application via PCCD's EGrants system.

Questions marked with an asterisk are required.

** ONLY nonprofit organizations based in the Commonwealth of Pennsylvania designated as exempt under section 501(c)(3) of the Internal Revenue Code of 1986 are eligible to apply.* Are you a registered 501(c)(3) nonprofit organization, or an organization that meets the definition of a church as described in IRS Publication 1828 and claims an automatic exemption from applying for and obtaining recognition of 501(c)(3) status?

Please note that eligible applicants must principally serve individuals, groups, or institutions that are included within a bias motivation category for single bias hate crime incidents identified by the [Federal Bureau of Investigation in its Hate Crime Statistics Publication](#) under the Uniform Crime Reporting program. For more information on these categories and what constitutes a hate crime, please see the FAQ page of the FBI's UCR Hate Crime website at <https://www.fbi.gov/services/cjis/ucr/hate-crime>.

While we understand that organizations may serve a diverse group of people, applicants should select the target population of your organization. For example, if you are a synagogue, the principal population you serve would be people of the Jewish faith even though your membership may include people of various race/ethnicities and some of your members may have a physical and/or mental disability. Therefore, you would only select "Jewish" under the Religion category. However, if your organization's target population/membership focuses on Black members of the LGBTQ+ community, you would select both "Black and African American" under Race/Ethnicity/Ancestry and all applicable groups under Sexual Orientation.

Non-Profit Security Grant Fund Initial Request - Fall 2024

According to Act 83 guidelines, eligible applicants may request a minimum of \$5,000 up to a maximum of \$150,000 in state funding. Applicants requesting \$25,001 to \$150,000 will be required to provide non-state financial participation based on the size of the grant request.

“Non-state financial participation” is the applicant’s share of the total cost of the project. Funding for the non-state financial participation can come from any source (e.g., fundraising dollars, federal or local government funds, etc.) except state funding. The applicant must provide non-state financial participation (cash match) for the requested grant amount at the required percentage with non-state financial support. In-kind matches (i.e., donations of goods, services or time instead of cash) do not satisfy the non-state financial participation requirement. Previous expenditures for security enhancements are not eligible to satisfy the non-state financial participation requirement.

The following chart contains the non-state financial participation requirements, which are based on the amount of state grant funding requested:

State Funding Requested by Applicant	% Non-State Financial Participation Requirement	Range of Cost to Applicant
Equal to or less than \$25,000	0%	\$0
Between \$25,001 and up to \$75,000	33% of the requested grant amount	\$8,250 - \$24,750
Between \$75,001 and up to \$150,000	50% of the requested grant amount	\$37,500- \$75,000

NOTE: PCCD is not liable for any costs incurred prior to the start date of the award. Applicants are required to follow PCCD’s procurement guidelines (see page 16 of [PCCD’s Applicant Manual for more on this](#)).

Further, grant recipients will be required to submit financial reports in PCCD’s Egrants system and PCCD will reimburse grantees for reported, eligible expenditures. PCCD understands that all grantees may not have enough cash on hand to be able to purchase more expensive items or services on a reimbursement basis and PCCD will work with grantees in those situations to provide funding in a timely manner.

Grants awarded under PCCD’s Nonprofit Security Grant Program are one-year projects. However, awarded grantees will have the option of submitting a project modification request to extend their grant if needed.

* Please select your budget amount request (not including match) from the choices below:

- Equal to or less than \$25,000
