PENNSYLVANIA COMMISSION ON CRIME AND DELINQUENCY
School Safety and Security Committee (SSSC)

1. Overview:

The Pennsylvania Commission on Crime and Delinquency (PCCD) is now accepting applications for funding under the School Safety and Security Program Grant Fund. Per the passage of [Act 55 of 2022](#), the primary purpose of 2022-23 School Mental Health & Safety and Security solicitation is to provide grants to eligible school entities to support both mental health initiatives and physical school security enhancements.

The objective of the FY 2022-23 School Safety and Security Grant Program is to ensure that eligible school entities meet 'Tier 1' of the [Baseline Criteria Guidance for Physical Security, Behavioral Health and School Climate](#) developed by the School Safety and Security Committee (SSSC) and adopted in February 2021. These Baseline Criteria were developed to organize safety and security-related equipment, trainings, policies, programs and activities into a tiered structure (i.e., from Tier 1, which includes the most basic physical and behavioral health safety elements, to Tier 3, which includes the most comprehensive elements). These tiered guides serve as a resource a school entity should reference to determine their level of need and identify areas for further improvement. The overarching goal of the School Safety and Security Grant Program is to improve the safety and well-being of Pennsylvania's students through investments in physical security, behavioral and mental health, and school climate approaches.

School entities are strongly encouraged to review these [Baseline Criteria](#) in advance of submitting your grant application under this solicitation to determine what criteria your school entity currently meets and where additional investments may be needed. Tier 1 criteria must be satisfied prior to school entities utilizing these resources for other Eligible Program Activities and Expenses (see page 5).

2. Funding Availability:

A total of \$190 million in funds provided through [Act 55 of 2022](#) is being announced to support this initiative: \$95 million of which is dedicated to mental health initiatives and \$95 million dedicated to physical security enhancements. Funding is based on the formula included in Act 55, which stipulates school districts are to receive a \$100,000 base amount for mental health and a \$100,000 base amount for physical health initiatives (\$200,000 minimum total), and an additional amount based on their 2020-21 Average Daily Membership (ADM). All other eligible school entities (i.e., intermediate units, area career and technical centers, charter schools, regional charter schools and cyber charter schools) are to receive \$70,000 for mental health activities and \$70,000 for physical security enhancements (\$140,000 total).

PCCD expects to fund 784 grants with budgets not to exceed the funding allocations as detailed in Appendix A starting on page 19.

Award letters will be available in Egrants as soon as possible after the applications are approved.

PCCD is not liable for costs incurred prior to the official start date of the award.

3. Project Dates:

As these are noncompetitive funds, applications will be approved by PCCD staff as they meet the criteria of this solicitation for 24-month projects and will have a general start date of August 1, 2022 and an end date of July 31, 2024. Actual project dates may vary dependent upon timeliness of the application submitted, the length of PCCD staff review, and the responsiveness of the applicant to staff inquiries; however, all projects will be for a period of 24 months. **Please be cognizant that any expenditures made prior to the official award notice from PCCD may be deemed ineligible during the application review.**

4. Eligible Applicants:

Per Act 55, eligibility of these funds is open to School Districts, Intermediate Units, Area Career and Technical Schools, Charter Schools, Regional Charter Schools, and Cyber Charter Schools. All eligible applicants and the amount eligible to apply for can be found in Appendix A of this solicitation.

5. Eligible Program Activities and Expenses:

Funds can be used to support the following items or activities included in [24 P.S. §13-1306-B\(j\)\(1-30\) as amended by Act 55](#) and as required by Sections 1314-B and 1315-B of the Public School Code. Please see the information below for details on these eligible activities and expenses.

While school entities are not prohibited for applying for these types of training, PCCD and the SSSC strongly encourage school entities to take this upcoming training into consideration in determining which activities to make application for.

- Increased access to data to inform decision-making

12) What additional resources or support does your school entity need to meet all three tiers of the School Safety and Security Committee's Behavioral Health and School Climate Baseline criteria? [Text Box]

c. **Physical Security Baseline Criteria Checklist**

This section will require your school entity to provide information about what tiers your school entity meets for Physical Security Baseline Criteria standards (see **Appendix B** on page 42 for full checklist). **REMINDER:** School entities that do not meet all Tier 1 criteria standards for physical security must utilize grant funding under this solicitation to meet Tier 1 standards. Once Tier 1 criteria is met, funding can be used for any other eligible activity for physical security needs as noted in the Eligible Activities section on page 5.

d. **Program Activities**

This section is a checklist included in the Egrants application process. Applicants are required to select one or more of the items or activities included in 24 P.S. §13-1306-B(j)(1-30) that directly relate to their application for both physical school safety and mental health funding. Applicants should determine which eligible program or expense best fits their project. Once an application is submitted, PCCD will review each project

and activity section(s) selected for accuracy and work with each applicant to finalize the activity areas as needed.

e. **Budget Detail**

As part of this solicitation, **all school entities will be required to create TWO BUDGETS within Egrants** (see [Dual Budget Guide: Creating Two Separate Budgets Within a Single Application Walkthrough](#) to set this up, step-by-step):

- A **Physical Security Budget** that includes all expenses equaling the total allocation for physical security enhancements (NOTE: This budget will be labeled ***School Entity's name – PS*** in Egrants); and
 - A **Mental Health Budget** includes all expenses equaling the total allocation for mental health support enhancements (NOTE: This budget will be labeled ***School Entity's name – MH*** in Egrants).
- School entities are required to apply for the exact amount listed in Appendix A.
 - The **Physical Security Budget** may only include the following eligible activities under 24 P.S. §13-1306-B(j)(1-30): (1), (2), (3), (4), (5), (7), (8), (9), (11), (12), (13), (14), (16), (18), (22) and (23).
 - The **Mental Health Budget** may only include the following eligible activities under 24 P.S. §13-1306-B(j)(1-30): (6), (10), (15), (17), (19), (20), (21), (23), (24), (25), (26), (27), (28), (29) and (30).
 - Each line-item of the Budget requires an explanation in the Budget Detail justification section which is found under each budgetary category (e.g. Personnel, Employee Benefits, Travel (Including Training), etc.). The explanation should provide the reviewer with a clear understanding of each line item in that budgetary category, the purpose of the item, and what is included in the cost. See the [Budget Detail Walkthrough](#) for a full description of how to navigate and fill out this section.
 - For salary and benefits, the applicant shall provide a clear description of all costs for which grant funds will be utilized. Each benefit must be listed as a separate line item.
 - When small purchase procurement must be followed for an expenditure, price/rate quotes must be obtained from an adequate number of qualified sources, even when using a cooperative purchasing network. Documentation must be maintained and made available upon request. Remember to add a brief statement in the applicable budget category narrative explaining the process that will be used to procure each small purchase procurement line item.
 - As per Section 1306-B(d), grant money allocated through the School Safety and Security Grant Program shall be used to supplement and not supplant existing school entity spending on school safety and security.
 - Please note that PCCD has approval of all final budgets. Also, per Act 55, the SSSC shall randomly audit and monitor grant recipients to ensure the appropriate use of grant funds and compliance with provisions of the grant program, which includes satisfying Tier 1 criteria.

9. Performance Measures:

Under this funding announcement, successful applicants are required to comply with all reporting, data collection and evaluation requirements, as prescribed by PCCD and federal or state guidelines.

Applicants are encouraged, but not required, to include performance measures that are specifically related to the activities outlined in their application. Applicants not submitting performance measures as part of their application will need to change the performance indicator section status in Egrants to "Complete" in order to submit their application.

Please note that award recipients will be required to adopt and report on performance measures as defined by the SSSC. PCCD staff will communicate required performance measures to applicants.

Successful applicants will also be required to submit Quarterly Fiscal and Program Reports via the PCCD Egrants System while the awarded grant remains open.

10. Competitive Bidding/Sole Source Procurement:

All procurement transactions shall be conducted in a manner that provides open and free competition. Grant recipients must follow the Procurement Standards section in PCCD's [Applicant's Manual](#).

Procurements by noncompetitive proposal are strongly discouraged and must demonstrate an economic benefit or lack of alternate resources to be justified. If a request is made, the prospective applicant must identify the request as a procurement by noncompetitive proposal and provide a substantial justification for the request within their funding request (See PCCD's [Applicant's Manual](#) for Procurement by Noncompetitive Proposal Approval Procedure).
