Applicants are only required to answer Question #2. Question #1 and questions 3 through 6 are NOT required.

The implementation of the Federal Funding Accountability and Transparency Act of 2006 requires a single searchable website, accessible by the public without cost, for each federal award of $25,000 or more over the life of any subaward. In order to satisfy this requirement, applicants and subrecipients are required to have a DUNS number and to maintain a current registration in the System for Award management (SAM). Information on how to request a DUNS number and register with SAM is available in the Funding Announcement Guidelines or on the PCCD Website. Additionally, if subrecipients/contactors are applicable and receiving $25,000 or more through the life of this federal award DUNS and SAM information must be provided. The applicant must also provide the primary place of performance of the subaward and the names and annual salaries of the five most highly compensated officers in their agency if the agency meets certain criteria as described below. Additional information relating to the Act can be at https://www.fsrs.gov

1. The following questions pertain to the applicant agency’s DUNS number and SAM registration.

   1.1. Enter the applicant agency’s DUNS number.

   1.2. Enter the applicant agency’s SAM registration.

Applicants for Non-Profit Security grants need only to complete Question 2 of the Federal Transparency Act Certification section.

2. Primary Place of Performance: The Office of Management and Budget (OMB) defines the place of performance as ‘The location where a majority of the effort required to satisfactorily fulfill the intended purpose of the award will be completed.’ Provide the following information to identify the Place of Performance for this grant award.

2.1. City (i.e. Harrisburg). Max 35 characters -

   NOTE:
   City is required for Federal Grants.

   For State grants, the value "STATEWIDE" is possible in the ‘County’ field and if selected, the field ‘City’ can be left blank.

   If the money is expended in multiple locations with the majority spent in a single address, agencies can list that city location as the Primary Place of Performance.

2.2. State - Choose from the list of valid states

   A value for State is always required.

   PA

2.3. Zip + 4 (i.e. 171091244) Exlude hyphen

   NOTE: Zip+4 is required for Federal Grants. For State grants, the value "STATEWIDE" is possible in the ‘County’ field and if selected, the Zip+4 field should represent the Zip+4 of the Primary Place of Performance

   However, if the money is expended in multiple locations with the majority spent in a single address, agencies can list that location as the Primary Place of Performance

2.4. County - Choose the grant’s primary county of performance (where the highest value of the grant is to be applied). If the grant is Statewide, please select ‘STATEWIDE’

Question 2 consists of four parts.
