STRATEGIC PLAN OVERVIEW

This document can be used as a template for your CJAB or committee strategic plan. This section provides an opportunity to share a brief overview of your County, the CJAB's or committee's background, when and how it was formed, and accomplishments to date.

Overarching Principles and Practices

Networking & Collaboration	Provide recommendations to improve collaboration and information sharing to support priority areas.
System-Wide Integration	Coordinated planning, referrals, case management, and cross-collaborative programs maximize the efficient and effective utilization of resources.
Data Sharing	Interdepartmental data sharing is critical to strategic planning and program measurement.
Prevention, Diversion, & Reentry	Preventing, diverting, and establishing pathways to recovery are essential to ensuring that individuals with special needs are connected with resources to support them through recovery and reentry.
